Re: Revision of January 14, 2016 Notice of Plant Closing Letter

Dear Mr. Zillmer:

We are writing to advise you of several changes to separation dates and listing of job positions and number of individuals affected previously provided to you in the January 14, 2016 Notice of Plant Closing Letter. These changes have occurred due to company business requirements to support several major projects which have been delayed and to allow sufficient time for employee knowledge transfer and completion of year-end activities within their respective departments.

The employees impacted by these delays are now either working in the Racine Satellite Office facility located at 1400 N. Newman Road in Mt. Pleasant, Wisconsin, or are working remotely. Please note that the former temporary office space located at 1300 90th Street in Sturtevant (the "Extension Office") was closed at the end of March and all remaining employees were moved over to the Satellite Office. All employees with extended dates have been notified of the changes and have been provided with a revised WARN notice.

Attached is the list of the job positions and number of individuals who are affected by the mass layoff, along with the updated anticipated schedule for the job losses.

If you have any questions concerning this matter, please contact me at 262-631-2114.

Sincerely,

Tammy Hutchison
