Exhibit A

Fiscal Year 23 Goals

As the BEP program continues to adjust post-COVID the following description of goals for 2022-2023 include a plan to address the changing factors that are contributing to profitability by location for each Wisconsin Business Enterprise Program (WBEP) Operator.

SFY 2022-2023

- There will be a reassessment of the **replacement and scale of telemetry units** in BEP program assets. The available formats for monitoring product using telemetry are not easily accessible for BEP Operators using screen readers. There are limited programs available for this purpose and the customer service has historically been extremely challenging. Operators have been paying the monthly fee to be able to monitor the product remotely, the BEP program has paid the cost of renting the unit.
- The **Department of Revenue** has requested a site reconfiguration to a micro market from traditional vending. The BEP program has an operator willing and able to deliver the updated service. Randall Sheppard Vendors of Wisconsin (RSVW) and the BEP Specialist have worked with the site to identify specifications and implementation plan for the updated location.
- **Profitability by site location** details will be developed by RSVW for each operator using a detailed spreadsheet for each location and a summary face sheet. The purpose is for the State Licensing Agency (SLA), RSVW and the operator to determine if program assets (i.e., vending machines or equipment) can be redeployed to other more profitable locations based on sales data. During this review, each site location will also be reviewed for potential designation as an interim site that could be used in the future for training of a new BEP Operator.
- Research and potential development of a separate **procurement contract** for purchase, delivery, repair, and replacement of program equipment assets. RSVW currently identifies replacement or new equipment assets for use by the BEP program via a budget allocation. The SLA will work with DWD procurement to determine how the program may put out for bid a separate contract for acquiring equipment and other related support services. Until that process is determined, and timing is identified, RSVW will continue to act for the program to locate and arrange for the movement and repair of equipment.
- DOA has identified a potential micro market at the DOR but has not shared plans for additional micro market conversions in the next year.
- The BEP expects to maintain the same amount of state rest area locations this SFY.
- Track With assistance from the Division of Operations, a five (5) year strategic plan has been drafted and will be finalized to project and plan for activities in BEP effective July 1.
- There are planned machine replacements as part of the typical 12-year cycle there may be some delays in the process due to supply chain and material shortages.

Activities completed in SFY 2021-2022

- BEP sites continued to reopen as public spaces at state and federal facilities resumed post-COVID operations. No new locations were created in the past SFY. The primary activity was to reopen locations, assist Operators with their site location needs and repair and replace equipment as needed.
- In the past SFY 2 Operators have retired, 1 potential Operator has been identified.
- BEP equipment has been sold to reduce storage costs, but the program has retained some equipment because replacement lead time is over 1 year at this time.

- Some machines were disabled and shut down at various sites when COVID shutdowns occurred. While the program maintains insurance coverage for all program owned vending machines, insurance only covers vandalism and general liability if the machine or products in the machine would cause bodily harm.
- The following sites were put out for bid through June 30, 2022:
 - Rest Area 81 Southbound
 - Rest Area 82 Northbound
 - Madison USPS on Milwaukee Street
 - DOC Admin on E. Wash Ave-Madison
 - Dodge Correctional Institution
 - Waupun Correctional Institution
 - John Burke Correctional Center
 - (Taycheedah Correctional Institution) (not needing vending at this time)
 - Wisconsin Resource Center
 - Oshkosh Correctional Institution
 - 2x US Postal Service-Oshkosh locations
 - Fox Lake Correctional Institution (identified as an interim site)
 - Red Granite Correctional Facility
 - The SLA developed a third-party contract with Canteen corporation for four sites in northern Wisconsin following a retirement in early 2021. The sites include, the Rothschild Post Office, Wausau Post Office, UW Marathon County, and Lincoln Hills.

(Canteen operates several sites in the Eau Claire area under contract with unassigned vending paid into the program).

Total:	\$288,080.39	Total:	\$291,345.77

Differences between the years are as follows:

Travel budget projected higher based on the transitions location to new operators and providing ongoing training and support. Anticipated mileage rate increases due to the current gas prices.

Training/Site Development higher based on the three (3) month pilot program with Department of Revenue (DOR) and our restructuring of some vending to micro market locations.

Covid is still affecting the supply chain and the labor market. RSVW will work to overcome these challenges and continue to rebuild the Wisconsin Business Enterprise Program.
