Network Drivers (AB 487 / SB 485)

Mr. Rubsam stated that these bills were recently introduced and provide that, under specific circumstances, delivery network couriers and drivers for transportation network companies are not employees of the delivery network companies and transportation network companies for the purposes of worker's compensation insurance, minimum wage laws, and unemployment insurance. In the bill, "application-based driver" is defined as a delivery network courier or participating driver who provides services through the online-enabled application, software, or system of a network company.

10. Management Proposals for the Unemployment Insurance Law

There were no questions or comments by Council members

11. Research Requests

Ms. Knutson stated that the Department prepared responses to the Council members' research requests. The responses can be found in members' packets.

Ms. Knutson stated that the first is Management's research request concerning Labor's proposal to gradually transition UI Trust Fund schedules from being based on the cash balance in the Trust Fund to being based on the average high-cost multiple (AHCM). Management requested that Department staff determine the dollar amounts for the AHCM triggers and what would the proposal do to Trust Fund revenue in the future.

Ms. Knutson stated that Rob Usarek prepared the Department's response, and his research, including one table, can be found on page 210 of member's packets

Ms. Knutson stated that the second is Labor's research request concerning Management's proposal to link eligibility weeks to the unemployment rate. Labor requested that Department staff estimate changes in UI benefits and the UI Trust Fund under this proposal.

Ms. Knutson stated that Rob Usarek prepared the Department's response, and his research, including two tables, can be found on pages 211 and 212 of members' packets.

Ms. Knutson stated that the third is Management's request concerning Labor's proposal to gradually increase the maximum weekly UI benefit rate to $450 per week. Management requested that Department staff provide projections for 2023-2026 and beyond for cost of the proposal with a range for each benefit year 2023-2026: low unemployment, moderate unemployment, high unemployment.

Ms. Knutson stated that Rob Usarek prepared the Department's response, and his research, including one table, can be found on pages 213 of members' packets.

Mr. Manley asked how many claimants what UI unemployment rates were assumed in the Department's calculations.

Mr. Usarek stated that the Department used the duration of benefits (benefit weeks) more than using the unemployment rate in making its calculations. Mr. Usarek stated that 15 benefit weeks per claimant would be equivalent to 5.0 % unemployment; 12 benefit weeks would be equivalent to 3.7% unemployment; and 10 benefit weeks would be equivalent to below 3.25 % unemployment.

Mr. Manley requested that the Department rework its calculations on the maximum weekly benefit rate to reflect the number of UI claimants, rather than just the weeks claimed. Mr. Manley expressed concern that the table on page 213 underestimates the actual cost.

Mr. Gotzler stated that recalculating the research request to reflect the number of UI claimants will be helpful for the caucuses.

Ms. Knutson stated that the fourth is Management's request concerning Labor's proposal to eliminate the one week waiting period. Management requested the cost of eliminating the one week waiting period under low, moderate, or high rates of unemployment.

Ms. Knutson stated that Rob Usarek prepared the Department's response, which includes one table, and is found on page 214 of the Council members' packets.

Mr. Rubsam stated that the fifth is Labor's request concerning Management's proposal to repeal the quit good cause exception under s. 108.04(7)(e). Labor requested the number of claimants affected and Trust Fund savings if this exception is repealed.

Mr. Rubsam stated that Rob Usarek prepared the Department's response that is found on page 215 of the Council members' packets. Mr. Rubsam stated that there are two caveats, the second being that claimants may not take a non-suitable job if they realize they may lose out on future benefits. This could increase the amount of UI benefits paid to those claimants. Mr. Rubsam stated that the UI Trust Fund could save between $2.8 and $4.5 million per year.

Mr. Rubsam stated that the sixth is the independent contractor test for Unemployment Insurance, which is found on page 216 of the Council members' packets. Mr. Rubsam stated that different agencies use different independent contractor tests. Mr. Rubsam stated that the UI Program uses four tests: one for private, for-profit businesses, one for non-profit businesses and government units, one for loggers and another for truckers.

Mr. Rubsam stated that the Worker's Compensation independent contractor test, is found on page 217 of the Council members' packets. Mr. Rubsam explained that Worker's Compensation has a nine-part independent contractor test, and a worker must meet all nine of nine elements to be considered an independent contractor.

Mr. Rubsam stated that the Labor Standards and Wisconsin Department of Revenue independent contractor tests are found on page 218 of the Council members' packets. Mr. Rubsam stated that the Department of Revenue follows the IRS Model.

Mr. Rubsam stated that the seventh request is Labor's request for the analysis of management's rewrite of the misconduct statute. The rewritten misconduct statute is found on pages 220 and 221 of the Council members' packets. The rewrite includes unauthorized possession of an employer's property or services; unauthorized use of an employer's credit card; and intentional or negligent conduct which causes substantial damage to the employer's records. The rewrite also included a violation of an employer's reasonable written policy concerning the use of social media. The rewrite also included sections on absences and tardiness. The analysis/re-write is not a new proposal by Labor or the Department.

Ms. Knutson stated that the final research request is Labor's request for the analysis of Management's proposal for the addition of components to the UI computer upgrade regarding work searches and an employer's ability to notify the Department of an applicant's refusal of a job offer.

Ms. Knutson stated that the Department is unable to provide a cost estimate for this proposal as part of the modernization project at this time as the first phase of modernization is not anticipated to include those types of system changes.

Mr. Manley asked if the Department is conducting work search audits as part of its program integrity efforts. Ms. Knutson responded that it does.

Ms. James explained that the Department is in the first phase of modernization and Management's requests regarding modernization are not planned to be included in the first phase. Ms. James stated that the first phase is centered on core benefit calculations.

Ms. James stated that e-communications between employers and the Department will be part of a future phase of the modernization project.

The Council indicated its interest in receiving a briefing at a future meeting about the modernization process and its cost.

12. Future Meeting Dates

Ms. Knutson stated that the Council is scheduled to meet on the following dates:

September 16, 2021

October 21, 2021

November 18, 2021

Ms. Knutson stated that due to the COVID-19 Delta variant, the September meeting will be virtual.

Mr. Manley moved, second by Mr. Hayden, that the Council convene in closed caucus to deliberate the items on the agenda. The vote was taken by roll call and passed unanimously.

The Council went convened in closed caucus session at 11:25 am and reconvened in open session at 1:31 pm.

Mr. Hayden reported that Management and Labor deliberated on the proposals of the Department, Labor and Management and came to an agreement on D21-01 through D21-08, D21-11 and D21-15.

Mr. Hayden moved to approve D21-01 through D21-08, D21-11 and D21-15 and to return to closed caucus and adjourn from caucus. The motion was seconded by Mr. Manley. The vote was taken by roll call and passed unanimously.

STATE OF WISCONSIN

Department of Workforce Development

Tony Evers, Governor
Amy Pechacek, Secretary-designee

September 16, 2021

Dear Members of the Unemployment Insurance Advisory Council:

In 2016, the Council and Legislature approved a law authorizing a 0.01% assessment of employers for program integrity efforts, which is offset by a corresponding reduction in the solvency tax. This assessment maintains funding for anti-fraud and other program integrity efforts.

The law requires me to consult with the Council and to consider the balance of the Unemployment Insurance Trust Fund before approving the assessment. The assessment notice must be published by November 30.

In weighing the need for continued funding of program integrity efforts with Trust Fund balance, **I recommend that the Department invest the 0.01% assessment into the Program Integrity Fund,** which will allow the Department to continue all current program integrity operations with no corresponding tax increase on employers.

In making this recommendation, I considered the following:

- The amount that would be generated for the Program Integrity Fund from this assessment is projected to be $3.3 million for the year. This represents about 5.7% of the annual base federal UI administrative grant.
- While US-DOL may provide above-base UI operating funding, we are still experiencing significant operating expenses due to pandemic-related staffing increases.
- The Trust Fund balance on September 1, 2021 was about $952 million. The projected assessment amount represents about 0.35% of this balance.
- There has been an unprecedented number of sophisticated, coordinated attempts of criminals to target Wisconsin's UI system and file fraudulent claims. Most states faced an onslaught of scams, often perpetrated by international crime rings. Much of DWD's fraud prevention work in 2020 was focused on preventing criminals from using stolen information to access our claims system and on protecting the identities of people who have filed legitimate claims. Investing funds in program integrity is especially important now.

The Department intends to continue placing a priority on program integrity and anti-fraud efforts. To this end, I believe the use of the 0.01% assessment to fund integrity efforts continues to be warranted.

The Department will use these funds to continue its program integrity efforts like fraud investigations, worker classification enforcement, worker classification public outreach efforts, identity verification and cross-matching efforts, and investigation and prosecution of criminal UI fraud.

I would appreciate your continued support for this proposal, which you have given each year since 2017. I value your consideration and service to the Department and the citizens of Wisconsin.

Sincerely,

Amy Pechacek

chapter 961 [precedes 961.70] and 973.016 of the statutes; **relating to:** legalizing recreational marijuana, granting rule–making authority, making an appropriation, and providing a penalty.

Analysis by the Legislative Reference Bureau

Legalizing recreational marijuana

Current law prohibits a person from manufacturing, distributing, or delivering marijuana; possessing marijuana with the intent to manufacture, distribute, or deliver it; possessing or attempting to possess marijuana; using drug paraphernalia; or possessing drug paraphernalia with the intent to produce, distribute, or use a controlled substance. The bill changes state law so that it allows recreational use of marijuana. The bill does not affect federal law, which generally prohibits persons from manufacturing, delivering, or possessing marijuana and applies to both intrastate and interstate violations.

The bill changes state law to allow a Wisconsin resident who is at least 21 years old, or a qualifying patient, to possess no more than two ounces of marijuana and to allow a nonresident of Wisconsin who is at least 21 years old to possess no more than one–quarter ounce of marijuana. Under the bill, generally, a qualifying patient is an individual who has been diagnosed by a physician as having or undergoing a debilitating medical condition or treatment and who is at least 18 years old.

Generally, under the bill, a person who possesses more than the maximum amount he or she is allowed to possess, but not more than 28 grams of marijuana, is subject to a civil forfeiture not to exceed $1,000 or imprisonment not to exceed 90 days or both. A person who possesses more than 28 grams of marijuana is guilty of a Class B misdemeanor, except that, if the person takes action to hide the amount of marijuana he or she has and the person has in place a security system to alert him or her to the presence of law enforcement, a method of intimidation, or a trap that could injure or kill a person approaching the area containing the marijuana, the person is guilty of a Class I felony.

The bill also eliminates the prohibition on possessing or using drug paraphernalia that relates to marijuana consumption.

Special disposition for marijuana-related crimes

The bill also creates a process for persons who have been convicted of an act that has been decriminalized under the bill. If the person is currently serving a sentence or on probation for such a conviction, the person may petition a court to dismiss the conviction and expunge the record. If the person has completed a sentence or period of probation for such a conviction, the person may petition a court to expunge the record or, if applicable, redesignate it to a lower crime. Any conviction that is expunged under the bill is not considered a conviction for any purpose under state or federal law.

Permits to produce, process, and sell recreational marijuana

The bill creates a process by which a person may obtain a permit to produce, process, or sell marijuana for recreational use and pay an excise tax for the privilege of doing business in this state. Sixty percent of the revenue collected from the tax is deposited into a segregated fund called the "community reinvestment fund".

The bill requires a person to obtain separate permits from DOR to produce, process, distribute, or sell marijuana, and requires marijuana producers and processors to obtain additional permits from DATCP. The requirements for obtaining these permits differ based on whether the permit is issued by DOR or DATCP but, in general, a person may not obtain such a permit if he or she is not a state resident, is under the age of 21, or has been convicted of certain crimes. In addition, a person may not operate under a DOR permit within 500 feet of a school, playground, recreation facility, child care facility, public park, public transit facility, or library and may not operate as a marijuana producer under a DATCP permit within 500 feet of a school. A person who holds a permit from DOR must also comply with certain operational requirements.

Under the bill, a permit applicant with 20 or more employees may not receive a permit from DATCP or DOR unless the the applicant certifies that the applicant has entered into a labor peace agreement with a labor organization. The labor peace agreement prohibits the labor organization and its members from engaging in any economic interference with persons doing business in this state, prohibits the applicant from disrupting the efforts of the labor organization to communicate with and to organize and represent the applicant's employees, and provides the labor organization access to areas in which the employees work to discuss employment rights and the terms and conditions of employment. Current law prohibits the state and any local unit of government from requiring a labor peace agreement as a condition for any regulatory approval. The permit requirements under the bill are not subject to that prohibition.

The bill also requires DATCP and DOR to use a competitive scoring system to determine which applicants are eligible to receive permits. Each department must issue permits to the highest scoring applicants that it determines will best protect the environment; provide stable, family–supporting jobs to local residents; ensure worker and consumer safety; operate secure facilities; and uphold the laws of the jurisdictions in which they operate. Each department may deny a permit to an applicant with a low score.

Under the bill, a person who does not have a permit from DOR to sell marijuana may not sell, distribute, or transfer marijuana or possess marijuana with the intent to sell or distribute it. A person who violates this prohibition is guilty of a Class I felony.

Also under the bill, a person who does not have a permit from DATCP may not produce or process marijuana. A person who violates this prohibition, who fails to pay the fee for a permit, or who violates any rules promulgated by DATCP relating to producing or processing marijuana is subject to a criminal penalty of a fine of between $100 and $500, imprisonment of up to six months, or both. In addition, a person who is cultivating marijuana plants without a permit who possesses more

than six but not more than 12 marijuana plants that have reached the flowering stage is subject to a civil forfeiture not to exceed $1,000 or imprisonment not to exceed 90 days or both. If the person possesses more than 12 plants that have reached the flowering stage at one time, the person is guilty of a Class B misdemeanor, except that, if the person takes action to hide the number of plants he or she has and the person has in place a security system to alert him or her to the presence of law enforcement, a method of intimidation, or a trap that could injure or kill a person approaching the area containing the plants, the person is guilty of a Class I felony.

Penalties for sales to minors

The bill prohibits a DOR permittee from selling, distributing, or transferring marijuana to a person who is under the age of 21 (minor) and from allowing a minor to be on premises for which a permit is issued. If a permittee violates one of those prohibitions, the permittee may be subject to a civil forfeiture of not more than $500 and the permit may be suspended for up to 30 days. If a person who does not have a permit from DOR to sell marijuana sells, distributes, or transfers marijuana to a minor, and the person is at least three years older than the minor, the person is guilty of a Class H felony.

Under the bill, a minor who does any of the following is subject to a forfeiture of not less than $250 nor more than $500: procures or attempts to procure marijuana from a permittee; falsely represents his or her age to receive marijuana from a permittee; knowingly possesses marijuana; or knowingly enters any premises for which a permit has been issued without being accompanied by his or her parent, guardian, or spouse who is at least 21 years of age or at least 18 years of age if a qualifying patient.

Medical marijuana registry

The bill requires DOR to create and maintain a medical marijuana registry program whereby a person who is a qualifying patient may obtain a registry identification card and purchase marijuana from a licensed retail establishment without having to pay the sales or excise taxes imposed on that sale.

Registration for testing labs

The bill also requires DATCP to register entities as tetrahydrocannabinols (THC)–testing laboratories. The laboratories must test marijuana for contaminants; research findings on the use of medical marijuana; and provide training on safe and efficient cultivation, harvesting, packaging, labeling, and distribution of marijuana, security and inventory accountability, and research on medical marijuana.

Employment discrimination

Under the fair employment law, no employer or other person may engage in any act of employment discrimination against any individual on the basis of the individual's use or nonuse of lawful products off the employer's premises during nonworking hours, subject to certain exceptions, one of which is if the use impairs the individual's ability to undertake adequately the job–related responsibilities of that individual's employment. The bill specifically defines marijuana as a lawful product for purposes of the fair employment law, such that no person may engage in any act of employment discrimination against an individual because of the

individual's use of marijuana off the employer's premises during nonworking hours, subject to those exceptions.

Unemployment benefits

Under current law, an individual may be disqualified from receiving unemployment insurance benefits if he or she is terminated because of misconduct or substantial fault. The bill specifically provides that an employee's use of marijuana off the employer's premises during nonworking hours does not constitute misconduct or substantial fault unless termination for that use is permitted under one of the exceptions under the fair employment law. Also under current law, DWD must establish a program to test claimants who apply for UI benefits for the presence of controlled substances, as defined under federal law. If a claimant tests positive for a controlled substance, the claimant may be denied UI benefits, subject to certain exceptions and limitations. The bill excludes THC for purposes of this testing requirement. As such, under the bill, an individual who tests positive for THC may not be denied UI benefits.

Drug testing for public assistance programs

The bill exempts THC, including marijuana, from drug testing for certain public assistance programs. Currently, a participant in a community service job or transitional placement under the Wisconsin Works program (W2) or a recipient of the FoodShare program, also known as the food stamp program, who is convicted of possession, use, or distribution of a controlled substance must submit to a test for controlled substances as a condition of continued eligibility. DHS is currently required to request a waiver of federal Medicaid law to require drug screening and testing as a condition of eligibility for the childless adult demonstration project in the Medical Assistance program. Current law also requires DHS to promulgate rules to develop and implement a drug screening, testing, and treatment policy for able–bodied adults without dependents in the FoodShare employment and training program. The bill exempts THC from all of those drug–testing requirements and programs. In addition, because THC is not a controlled substance under state law under the bill, the requirement under current law that DCF promulgate rules to create a controlled substance abuse screening and testing requirement for applicants for the work experience program for noncustodial parents under W2 and the Transform Milwaukee Jobs and Transitional Jobs programs does not include THC.

Equity grants

The bill provides for a number of grants to be paid from the revenue generated from the excise tax on marijuana that is deposited into the community reinvestment fund. For example, the bill requires DOA to provide grants to public, private, and nonprofit entities in this state that promote diversity and advance equity and inclusion, including promoting the inclusion of women and racial and ethnic minorities in the production and sale of marijuana. In addition, the bill directs DHS to award grants to community organizations to implement community health worker care models. The bill also directs DHS to award grants to community organizations and local or tribal health departments to hire health equity strategists and to implement health equity action plans in small geographic areas.

Anatomical gifts

Unless federal law requires otherwise, the bill prohibits a hospital, physician, organ procurement organization, or other person from determining the ultimate recipient of an anatomical gift on the sole basis of a positive test for the use of marijuana by a potential recipient.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report.

Because this bill relates to an exemption from state or local taxes, it may be referred to the Joint Survey Committee on Tax Exemptions for a report to be printed as an appendix to the bill.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

The department shall issue permits to the highest scoring applicants that it determines will best protect the environment; provide stable, family–supporting jobs to local residents; ensure worker and consumer safety; operate secure facilities; and uphold the laws of the jurisdictions in which they operate. The department shall, using criteria established by rule, score an applicant for a permit to operate as a marijuana retailer on the applicant's ability to articulate a social equity plan related to the operation of a marijuana retail establishment. The department may deny a permit to an applicant with a low score as determined under this paragraph. The department may request that the applicant provide any information or documentation that the department deems necessary for purposes of making a determination under this paragraph.

(d) 1. Before the department issues a new or renewed permit under this section, the department shall give notice of the permit application to the governing body of the municipality where the permit applicant intends to operate the premises of a

No person who has been issued a permit to operate as a marijuana retailer, or who has any direct or indirect financial interest in the

operation of a marijuana retailer, shall be issued a permit to operate as a marijuana producer, marijuana processor, or marijuana distributor. A person who has been issued a permit to operate as a microbusiness is not required to hold separate permits to operate as a marijuana processor, marijuana distributor, or marijuana retailer, but shall specify on the person's application for a microbusiness permit the activities that the person will be engaged in as a microbusiness.

Assumptions Used in Arriving at Fiscal Estimate

The bill defines marijuana as a lawful product for purposes of the fair employment law such that, subject to certain exceptions, no person may engage in any act of employment discrimination against an individual because of the individual's use of marijuana off the employer's premises during nonworking hours. Under the bill, this offsite use does not constitute misconduct or substantial fault related to eligibility for Unemployment Insurance (UI) benefits, unless termination of the employee is permitted under s. 111.35. Additionally, the bill excludes tetrahydrocannabinols (THC) for purposes of the UI drug testing requirement under s. 108.133, and, as such, under the bill, an individual who tests positive for THC may not be denied UI benefits.

It is estimated that this bill will increase annual costs to the UI Trust Fund by $454,200. In 2018, there were 9,548 effective UI benefit denial determinations due to misconduct. Of those, approximately 2 percent or about 191 misconduct denial determinations were due to testing positive for THC. Those previously denied benefit claims would likely be allowed under the provisions of the proposed bill, and if paid, the cost of these benefits would be $454,200. Accordingly, the bill is estimated to increase future benefit payments, and annual costs to the UI Trust Fund, by $454,200.

Under this bill state and local government employers, that are reimbursable employers under s. 108.02 (13) (a), could have increased UI benefit costs, but it is estimated that the fiscal effect to any one employer would be very small, and state appropriations would be affected by a negligible amount.

A one-time administrative cost to the UI program is estimated at $540 which includes updates to forms, publications, websites, handbooks, manuals, and training material. This cost would increase expenditures from the department's 20.445(1)(n) federal appropriation.

2021 SENATE BILL 547

September 2, 2021 - Introduced by Senators STROEBEL, FELZKOWSKI and NASS, cosponsored by Representatives BROOKS, GUNDRUM, KNODL, ALLEN, ARMSTRONG, CALLAHAN, EDMING, HORLACHER, MAGNAFICI, MOSES, PLUMER, ROZAR, SCHRAA, SORTWELL and WICHGERS. Referred to Committee on Labor and Regulatory Reform.

AUTHORS SUBJECT TO CHANGE

AN ACT ***to amend*** 108.04 (7) (h), 108.14 (8n) (e) and 108.141 (7) (a); and ***to create*** 108.04 (5m) and 108.04 (7) (f) of the statutes; **relating to:** eligibility for unemployment insurance benefits in the case of an unwillingness to receive a vaccine.

Analysis by the Legislative Reference Bureau

Under current law, unless an exemption applies, if an individual quits his or her job, the individual is generally ineligible to receive unemployment insurance (UI) benefits until the individual earns wages or certain other amounts after the week in which the individual quits equal to at least six times the individual's weekly UI benefit rate. This bill creates an exemption for an individual who terminates his or her work due to the employee's unwillingness, as a condition of continued employment, to receive a vaccine against the SARS-CoV-2 coronavirus or furnish proof of having done so.

Also under current law, an individual may be disqualified from receiving UI benefits if he or she is terminated because of misconduct or substantial fault. The bill specifically provides that an employee's unwillingness, as a condition of continued employment, to receive a vaccine against the SARS-CoV-2 coronavirus or furnish proof of having done so, does not constitute misconduct or substantial fault.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 108.04 (5m) of the statutes is created to read:

108.04 **(5m)** DISCHARGE CASES OF UNWILLINGNESS TO RECEIVE VACCINE. (a) Notwithstanding sub. (5), "misconduct," for purposes of sub. (5), does not include the employee's unwillingness, as a condition of continued employment, to receive a vaccine against the SARS–CoV–2 coronavirus, which causes COVID–19, or furnish proof of having done so.

(b) Notwithstanding sub. (5g), "substantial fault," for purposes of sub. (5g), does not include the employee's unwillingness, as a condition of continued employment, to receive a vaccine against the SARS–CoV–2 coronavirus, which causes COVID–19, or furnish proof of having done so.

SECTION 2. 108.04 (7) (f) of the statutes is created to read:

108.04 **(7)** (f) Paragraph (a) does not apply if the department determines that the employee terminated his or her work due to the employee's unwillingness, as a condition of continued employment, to receive a vaccine against the SARS–CoV–2 coronavirus, which causes COVID–19, or furnish proof of having done so.

SECTION 3. 108.04 (7) (h) of the statutes is amended to read:

108.04 **(7)** (h) The department shall charge to the fund's balancing account benefits paid to an employee that are otherwise chargeable to the account of an employer that is subject to the contribution requirements of ss. 108.17 and 108.18 if the employee voluntarily terminates employment with that employer and par. (a), (c), (cg), (e), <u>(f),</u> (L), (q), (s), or (t) applies.

SECTION 4. 108.14 (8n) (e) of the statutes is amended to read:

108.14 **(8n)** (e) The department shall charge this state's share of any benefits paid under this subsection to the account of each employer by which the employee claiming benefits was employed in the applicable base period, in proportion to the total amount of wages he or she earned from each employer in the base period, except that if s. 108.04 (1) (f), (5), (7) (a), (c), (cg), (e), (f), (L), (q), (s), or (t), (7m) or (8) (a) or (b), 108.07 (3), (3r), or (5) (am) 2., or 108.133 (3) (f) would have applied to employment by such an employer who is subject to the contribution requirements of ss. 108.17 and 108.18, the department shall charge the share of benefits based on employment with that employer to the fund's balancing account, or, if s. 108.04 (1) (f) or (5) or 108.07 (3) would have applied to an employer that is not subject to the contribution requirements of ss. 108.17 and 108.18, the department shall charge the share of benefits based on that employment in accordance with s. 108.07 (5) (am) 1. and 2. The department shall also charge the fund's balancing account with any other state's share of such benefits pending reimbursement by that state.

SECTION 5. 108.141 (7) (a) of the statutes is amended to read:

ORDER OF THE WISCONSIN DEPARTMENT OF WORKFORCE DEVELOPMENT EMERGENCY RULE

The Wisconsin Department of Workforce Development (the "Department") adopts the following emergency rule ***to amend*** DWD 102.01 and 123.01 and ***to create*** DWD 102.04, 113.027, and 123.04, relating to protecting Wisconsin employers from the adverse financial effects of COVID-19.

The Governor approved the scope statement for this rule, SS 075-21, on August 26, 2021. The scope statement was published in register No. 788B, on August 30, 2021. The notice of preliminary hearing and comment period on the scope statement was published on August 30, 2021, in register No. 788B. The preliminary hearing on the scope statement was held on September 8, 2021. The Department approved the scope statement on September 9, 2021. This rule was approved by the Governor on September ___, 2021.

Analysis Prepared by the Department of Workforce Development

Finding of Emergency

On March 12, 2020, by Executive Order 72, the Governor declared a public health emergency to protect the health and well-being of the state's residents and directed state agencies to assist as appropriate in the State's ongoing response to the public health emergency. On March 13, 2020, the President declared a national emergency concerning the COVID-19 pandemic. On April 4, 2020, the President declared a major disaster under the federal Stafford Act in Wisconsin due to the COVID-19 pandemic. Due to the pandemic, many businesses have temporarily or permanently closed, resulting in significant business income reduction and layoffs.

Under 2019 Wisconsin Act 185 and 2021 Wisconsin Act 4 ("Acts 185 and 4"), the Department of Workforce Development must charge unemployment benefits for initial claims that relate to the public health emergency first declared on March 12, 2020, by Executive Order 72 (the "public health emergency") to the balancing account of the Trust Fund for contribution employers. For reimbursable employers, the Department must charge such benefits to the interest and penalty appropriation unless federal funding is available to relieve employers of benefit charges. This treatment of claims charging applies to weeks of benefits payable for the period of March 15, 2020 through March 13, 2021.

2019 Wisconsin Act 185 also created s. 108.04 (2) (d), Stats., which requires employees and employers to "indicate whether a claim for regular benefits is related to the public health emergency declared on March 12, 2020, by executive order 72" when the Department requests. The statute does not provide a deadline for employees or employers to submit the information. That paragraph further provides that the Department "may specify the information required to be provided." 2021 Wisconsin Act 4 provides that only some employers must provide this information to the Department.

The federal Coronavirus Aid, Relief, and Economic Security ("CARES") Act and Continued Assistance for Unemployed Workers Act provide for 50% federal payment of unemployment

insurance benefits chargeable to reimbursable employers for weeks of unemployment for March 15, 2020 through April 3, 2021. The federal American Rescue Plan Act provides for 75% federal payment of unemployment benefits chargeable to reimbursable employers for weeks of unemployment for April 4 through September 4, 2021. Federal law also provides for 100% federal funding for the first week of unemployment and for work share benefits for certain periods.

The Department's antiquated computer systems are ill-equipped to automatically transfer the charges from the employers' accounts to the balancing account, interest and penalty appropriation, or the federal funding sources. Each weekly claim to be recharged under section 108.08 (5) (bm), Stats., which was created and amended by Acts 185 and 4, requires the Department to change the benefit charges from the employer's account, after any federal funds have been appropriately applied, to the balancing account or interest and penalty appropriation. While the Department is working to automate as much of this process as possible, some manual processing of claims by Department personnel will be necessary due to the complexity of the claims charging system. Due to the high volume of claims filed during the pandemic, the Department anticipates that this project may not be completed until early 2022.

Under ss. 108.02 (8), 108.02 (22), and 108.18 (4), Stats., "an employer's contribution rate on the employer's payroll for a given calendar year shall be based on the reserve percentage of the employer's account as of the applicable computation date," s. 108.18(4), Stats., which is June 30 of each year. Section 108.02 (22), Stats., requires the Department to determine the status of an employer's account when setting the reserve percentage for contribution purposes as of the computation date.

The Department set up several new federal benefit programs during the pandemic, which delayed the programming for relieving employers of benefit charges. Because the Department was unable to complete the benefit charging changes required by Acts 185 and 4 by June 30, 2021, and Emergency Rule 2118 will expire before some employers' contribution rates for 2022 are assigned, some employers' rates will be based on benefit charges that should have been charged to the balancing account instead of the employers' accounts. This would result, for some employers subject to contribution financing, in contribution rates for 2022 that are higher than they should be unless the Department promulgates this emergency rule.

If the recharging of benefits from employer accounts to the balancing account is not completed by June 30, 2022 for contribution employers, those employers' contribution rates for 2023 could be set higher than they should be under the charging relief enacted by Acts 185 and 4. Contribution rates that are incorrect could adversely affect employers' abilities to recover financially from the economic downturn caused by the pandemic.

If the recharging of benefits from reimbursable employer accounts to the interest and penalty appropriation is not completed before the expiration of a blanket interest waiver for those employers, they will receive incorrect monthly bills for reimbursements with assessed interest charges that they should not be required to pay under Acts 185 and 4.

Because of the pandemic-related economic devastation, employers subject to reimbursement financing may be unable to pay their reimbursements for unemployment claims in full. The requirement to immediately pay their reimbursements could further jeopardize the viability of employers subject to reimbursement financing. Relieving reimbursable employers of interest charges is therefore necessary.

Statutes Interpreted

Sections 108.02 (8), 108.02 (22), 108.04 (2) (d), 108.07 (5) (bm), 108.18(4), and 108.22 (1) (cm), Stats.

Statutory Authority

Sections 108.14 (2) and 108.22 (1) (cm), Stats.

Explanation of Statutory Authority

The Department has specific and general authority to establish rules interpreting and clarifying provisions of ch. 108, Stats., unemployment insurance and reserves, and general authority for promulgating rules with respect to ch. 108, Stats., under s. 108.14 (2), Stats.

Interest is assessed monthly on delinquent employer contributions and reimbursements in lieu of contributions. Section 108.22 (1) (a), Stats. The Department may promulgate rules to, in limited circumstances, "waive or decrease the interest charged." Section 108.22 (1) (cm), Stats.

Related Statutes or Rules

To implement the charging relief required under Acts 185 and 4, the Department promulgated EmR2044, which expired, and EmR2112, which expires October 2, 2021.

Current s. DWD 113.025 permits the Department to waive or decrease interest in limited circumstances. Emergency rule EmR2011, which expired, and EmR2108, which expires September 26, 2021, waive interest for reimbursable employers in certain circumstances due to the COVID-19 pandemic.

The Department previously promulgated emergency rule EmR2018, relating to employer contribution rates for 2021, which expired, and emergency rule EmR2118, which expires November 25, 2021, relating to employer contribution rates for 2022.

Plain Language Analysis

The emergency rule determines the information that employers must submit, if any, to request charging relief for initial claims that relate to the public health emergency between March 15, 2020 and March 13, 2021, to comply with s. 108.07 (5) (bm), Stats.

If a claimant's most recent employment separation is not due to a labor dispute, voluntary termination of work, discharge for misconduct, or discharge for substantial fault, and the claimant's initial claim is for a benefit year beginning on or after March 15, 2020 through March 13, 2021, the Department will presume that the claim relates to the public health emergency. All employers who paid base period wages to the claimant will be relieved of the benefit charges for that claim and employers will not be required to request the relief.

An employer that paid base period wages may request charging relief if the most recent employment separation is due to a voluntary termination of work that would otherwise be charged to the employer and the claimant's initial claim is for a benefit year beginning on or after March 15, 2020 through March 13, 2021 and if the employer certifies that certain circumstances apply to the initial claim. If the most recent separation is due to a labor dispute, misconduct, substantial fault, or a voluntary termination of work, the unemployment benefits are already not charged to the employer under pre-pandemic law. An employer may meet the requirement by certifying that any of the following conditions exist:

- The employer's business/operations reduced, suspended, or ceased after experiencing a significant reduction in business due to a Safer at Home order or a government-issued health order that restricts business operations.

- The employer's business/operations reduced, suspended, or ceased due to other businesses (including suppliers) having reduced, suspended, or ceased operations.

- The federal Paycheck Protection Program loan amount was used to pay employees, but the business did not yet reopen.

- The employer provides other information showing that the initial claim relates to the public health emergency.

For those employers who do not meet the presumption that the claim is related to the public health emergency, this emergency rule sets a deadline by which employers must submit the information required by section 108.04 (2) (d), Stats. The deadline is the thirtieth day after the Department sends a notification to the employer of an initial claim for benefit years beginning on or after March 15, 2020 through March 13, 2021. The deadline is necessary to ensure that all information regarding the initial claims is submitted in time for processing the recharging of benefits by the time the Department completes the work to relieve employers of charges.

This rule also determines the treatment of employers in a claimant's base period who are not the most recent employer of a claimant whose initial claim is related to the public health emergency. The Department will apply the employer charging provisions of Acts 185 and 4 to all base period employers for the claim.

This rule requires the Department to interpret the provisions of s. 108.07 (5) (bm), Stats., by applying the provisions of s. 108.07(5) (bm), Stats., to additional initial claims filed on or after March 15, 2020 for a benefit year that began before March 15, 2020 so that the legislative intent of 2021 Wis. Act 4 is properly applied.

This rule also provides that the Department, in calculating an employer's net reserve as of the June 30, 2021 computation date, shall disregard all benefit charges and benefit adjustments for the period of March 15, 2020 through March 13, 2021.

The Department will, in effect, assume that all benefit charges and adjustments were related to the public health emergency. This assumption applies only for the purposes of setting the contribution rates for 2022. This rule will ensure that employers' contribution rates for 2022 are calculated based on reserve fund balances as of June 30, 2021 without taking charges related to the public health emergency into account so that the policy goals of Acts 185 and 4 are met. This rule will only affect calculation of contribution rates for 2022. Contribution rates for 2023 will be calculated in 2022 after all charging relief is complete.

Finally, this rule provides a waiver of interest for employers subject to unemployment reimbursement financing for each month during which this rule is in effect. Under this rule, interest is waived starting October 1, 2021 for reimbursable employers. This will give reimbursable employers an opportunity to pay their reimbursements over time if any amounts are still due after the Department completes the work to relieve employer accounts of benefit charges.

Summary of, and comparison with, existing or proposed federal statutes and regulations

Federal law requires that state unemployment compensation laws conform to and comply with federal requirements. 20 C.F.R. § 601.5.

Under the federal Families First Coronavirus Response Act, Public Law 116-127, specifically Division D, the Emergency Unemployment Insurance Stabilization and Access Act of 2020 (EUISAA), a state may receive a share of $500 million of federal funding for administering the state's unemployment insurance program if the "State has demonstrated steps it has taken or will take to … non-charg[e] employers directly impacted by COVID–19 due to an illness in the workplace or direction from a public health official to isolate or quarantine workers." 42 U.S.C. § 1103 (h) (3) (B). Wisconsin's share of the $500 million is about $9.457 million.

The federal CARES Act provides that states have "flexibility to reimbursing employers as it relates to timely payment and assessment of penalties and interest…." CARES Act s. 2103(a). US-DOL encourages states to "interpret or amend their state unemployment compensation laws in a manner that provides maximum flexibility to reimbursing employers as it relates to timely payments in lieu of contributions and assessment of penalties and interest." UIPL 18-20, p. 2.

Comparison with rules in adjacent states

Illinois does not charge employers for unemployment benefits "for a week of unemployment that begins on or after March 15, 2020, and before December 31, 2020, and is directly or indirectly attributable to COVID-19…." 820 ILCS 405/1502.4(A).

By Executive Order 2020-76, Michigan charged benefits to the unemployment insurance non-chargeable account, unless the employer was determined to have misclassified workers.

Iowa did not charge unemployment benefits related to COVID-19 to employer accounts until June 12, 2021.

By Emergency Executive Order 20-05, Minnesota will "not use unemployment benefits paid as a result of the COVID-19 pandemic in computing the future unemployment tax rate of a taxpaying employer."

Michigan, Illinois, and Iowa do not appear to waive interest for employers subject to reimbursement financing. Minnesota law permits the compromise of reimbursements due by employers under Minnesota Statutes 2019, s. 268.067(b).

Summary of factual data and analytical methodologies

The Department reviewed Wisconsin statutes, administrative rules, and changes to federal law to determine the information that employers must submit to receive charging relief, the options available to ensure that employer contribution rates are appropriately determined for 2022, and the options available to provide maximum flexibility to employers subject to reimbursement financing regarding assessment of interest. The recharging of claims under s. 108.07 (5) (bm), Stats., may not be complete until early 2022. Because the Department had to set up several new federal benefit programs, the Department was unable to complete the recharging of claims by June 30, 2021 so that employer contribution rates would have been correctly set for 2022. The Department determined that 30 days after the Department sent a notification to the employer of an initial claim for benefit years is an appropriate deadline for employers not subject to the presumption to submit the documentation in order to give employers sufficient time to request relief and to ensure that all requests for relief are received before the Department completes the recharging work.

In particular, the Department reviewed 2021 Wisconsin Act 4 to determine the treatment of employers in a claimant's base period who are not the most recent employer of a claimant whose initial claim is related to the public health emergency. The Department interpreted the new legislation to apply the employer non-charging provisions Acts 185 and 4 to all employers in a claimant's base period to be consistent with the administration of other charging provisions under ss. 108.02 (8), 108.02 (22), and 108.18 (4), Stats.

Analysis and supporting documents used to determine effect on small business or in preparation of an economic impact analysis

Acts 185 and 4 provide 100% of the unemployment insurance benefits for initial claims for benefit years beginning on or after March 15, 2020 through March 13, 2021 related to the public health emergency will be charged to the balancing account of the Trust Fund for employers subject to contribution financing. Fifty or twenty-five percent of the unemployment insurance benefits for initial claims related to the public health emergency will be charged to the interest and penalty appropriation for employers subject to reimbursement financing; the remainder will be paid by the federal government. The charging relief for employers under state law is effective for state unemployment insurance benefits paid for the period of March 15, 2020 through March

13, 2021. However, charges for the first week of unemployment and for benefits paid under work share plans will be charged to the federal government during that period.

Section 108.04 (2) (d), created by 2019 Wis. Act 185, requires claimants and employers to indicate whether a claim for regular benefits is related to the public health emergency. 2021 Wis. Act 4 extends the relief from benefit charging for employers from December 31, 2020 to March 13, 2021, and specifies that the Department must presume that all initial claims through March 13, 2021 are related to the public health emergency and are, thus, entitled to recharging relief unless the separation is due to a labor dispute, misconduct, substantial fault, and, in most cases, a voluntary termination of work. In those cases where the presumption does not apply, this rule is necessary for the Department to properly and timely apply s. 108.07 (5) (bm), Stats., which, as described above, provides for the charging of certain benefits to the balancing account or interest and penalty appropriation. Further, under s. 108.07 (5) (bm) 2. b., Stats., employers will not receive relief from benefit charges unless they timely and adequately provide the information necessary for the Department to determine how to charge the claim.

An employer's contribution rate on the employer's payroll for a given calendar year is based on the reserve percentage of the employer's account as of the applicable computation date, June 30 of each year. Ultimately, however, the employer's reserve fund balance takes into account all charges and credits on a rolling basis so that the employer's unemployment experience determines the contribution rate.

Because the Department had to implement a variety of new federal benefit programs, it was unable to complete the charging changes required by Acts 185 and 4 by June 30, 2021. Without an emergency rule, most employers' contribution rates for 2022 would have been based on benefit charges that should have been charged to the balancing account instead of the employers' accounts. This would have resulted, for most employers subject to contribution financing, in contribution rates for 2022 that were higher than they should be.

This rule, in effect, directs the Department to assume that all benefit charges and benefit adjustments for the period of March 15, 2020 through March 13, 2021 relate to the public health emergency. This will have the effect of aligning employer contribution rates for 2022 with the policy goals of Acts 185 and 4.

Finally, reimbursable employer businesses that do not receive full charging relief under state and federal law (because, for example, the claims were for weeks of unemployment after the state law relief period ended) may find it difficult to pay their reimbursements timely during the COVID-19 pandemic due to a reduction in business income. Under this rule, businesses subject to reimbursement financing will not be assessed interest for tardy reimbursements and would therefore be given extra time to pay their bills.

Fiscal Estimate and Economic Impact Analysis

The Fiscal Estimate and Economic Impact Analysis is attached.

Effect on small business

This emergency rule is expected to have a positive economic impact on employers subject to the Wisconsin unemployment insurance law, which may include small businesses, if those employers are required to submit information to the Department to request charging relief, do so by the deadline set by this emergency rule, and receive charging relief as a result. The emergency rule is expected to have a positive economic impact on employers subject to unemployment insurance contribution financing by providing those employers with contribution rates that align with the policy goals of Acts 185 and 4. Businesses subject to unemployment insurance reimbursement financing would receive the benefit of a waiver of interest and potentially additional time to pay their reimbursements under this emergency rule.

Summary of comments on the statement of scope and description of how the comments were taken into account in drafting the rule

A preliminary public hearing on the statement of scope was held on September 8, 2021; comments were received at the hearing and by email. Commenters generally supported promulgating a rule creating policies like those established by the Department in prior unemployment insurance emergency rules related to COVID-19. One commenter indicated support for the charging relief and emergency rules the Department had promulgated in the past and indicated that the Department should continue to not require employers to submit a form to request charging relief for claims related to laid off workers. Another commenter supported the waiver of interest for reimbursable employers and asked to have the interest waived until after Department has relieved all employers of benefit charges related to the public health emergency as well as for some time afterward so that employers may review the revised bill and set up a payment plan.

> ***Agency Response:*** The Department considered all relevant comments received. The Department agrees that the intent of the new rule will be to continue to not require employers to submit a form to request charging relief for claims related to laid off workers but that there would continue to be some circumstances that require the form to be submitted to request benefit charging relief, such as for quits that would otherwise remain charged to employers. The Department has drafted the emergency rule to provide for an interest waiver for each month during which the rule is in effect for any part of the month. This is expected to provide an interest waiver for reimbursable employers after the Department completes the charging relief for reimbursable employer accounts, assuming that the emergency rule is in effect for at least 150 days.

SECTION 1. DWD 102.01 is amended to read:

DWD 102.01 Purpose. This chapter specifies the initial contribution rates for certain categories of employers. This chapter also provides the treatment of benefit claims and adjustments for determining employer contribution rates for 2022.

SECTION 2. DWD 102.04 is created to read:

DWD 102.04 2022 Employer Contribution Rates. When calculating 2022 employer contribution rates, all benefit charges for weeks of unemployment for the period of March 15, 2020 through March 13, 2021 and all benefit adjustments processed during the period of March 15, 2020 through March 13, 2021 shall be disregarded.

SECTION 3. DWD 113.027 is created to read:

DWD 113.027 Waiver of Interest for Employers Subject to Reimbursement Financing. The department shall waive interest for amounts owed by reimbursable employers, as defined in s. 108.155 (1) (b), Stats., to ensure correct employer billing and to provide reimbursable employers the opportunity to pay their reimbursements over time. This waiver shall apply to each month during which this rule is in effect for any part of the month.

SECTION 4. DWD 123.01 is amended to read:

DWD 123.01 Purpose. Pursuant to ss. 108.04 (13), 108.09 (1), and 108.14 (2), Stats., in order to determine benefit claims, the department requires employers to provide information about claimants' employment separations, dates of work, wages and other payments, and other issues that may be disqualifying. This chapter specifies the benefit reports that must be filed by employers and the filing requirements for those reports. This chapter also determines the information that employers must submit under ss. 108.04 (2) (d) and 108.07 (5) (bm), Stats., if any, to request relief of unemployment benefit charges for initial claims filed for benefit years beginning on or after March 15, 2020 through March 13, 2021, the deadline by which employers must submit the information, if any, to the department, and the treatment of payors of base period wages.

SECTION 5. DWD 123.04 is created to read:

DWD 123.04 Requests for Charging Relief. (1) Under s. 108.07 (5) (bm) 1m., Stats., for separations from employment that are not due to a labor dispute, voluntary termination of work, discharge for misconduct, or discharge for substantial fault, an employer does not need to submit information to the department to receive relief of benefit charges under s. 108.07 (5) (bm), Stats.

(2) An employer that paid base period wages to a claimant whose most recent separation from employment is due to a voluntary termination of work for which s. 108.04 (7) (h), Stats., does not apply and whose initial claim is for benefit years beginning on or after March 15, 2020 through March 13, 2021 may receive relief of benefit charges under s. 108.07 (5) (bm), Stats., by submitting a request for relief under this section.

(3) An employer may be relieved of unemployment benefit charges under s. 108.07 (5) (bm), Stats., for benefits for initial claims described in sub. (2) if it provides the information specified by the department in the form required by the department.

Note: The required department form for requesting charging relief is UCB-18823-E, available online at https://dwd.wisconsin.gov/uitax/relief-of-charging.htm.

(4) An employer described in sub. (2) may receive benefit charging relief if it certifies that any of the following circumstances apply to the initial claim:

(a) The employer's business/operations reduced, suspended, or ceased after experiencing a significant reduction of income due to a Safer at Home order or a government-issued health order that restricts business operations.

(b) The employer's business/operations reduced, suspended, or ceased due to other businesses (including suppliers) having reduced, suspended, or ceased operations.

(c) The federal Paycheck Protection Program loan amount was used to pay employees, but the business did not yet reopen.

(d) The employer provides other information showing that the initial claim relates to the public health emergency declared on March 12, 2020 by Executive Order 72.

(5) An employer that must submit a request for relief under this section to receive relief under s. 108.07 (5) (bm), Stats., must submit the request to the department by the thirtieth day after the department sent a notification to the employer of an initial claim for benefit years beginning on or after March 15, 2020 through March 13, 2021.

(6) If an initial claim relates to the public health emergency declared on March 12, 2020, by Executive Order 72 and s. 108.07 (5) (bm) 1., Stats., applies to the claim, the provisions of s. 108.07 (5) (bm) 3., Stats., apply to all the employers that paid base period wages for the claim.

(7) The department shall apply s. 108.07 (5) (bm), Stats., to additional initial claims filed on or after March 15, 2020 through March 13, 2021 for any benefit years that began before March 15, 2020.

Section 6. EFFECTIVE DATES. This rule shall take effect on October 3, 2021, or upon publication in the official state newspaper, as provided in s. 227.24 (1) (c), Stats., whichever is later, except that Sections 1 and 2 of this rule shall take effect on November 26, 2021.

11. Policy Problem Addressed by the Rule
Currently, an employer's contribution rate on the employer's payroll for a given calendar year is based on the reserve percentage of the employer's account as of the applicable computation date, which is June 30 of each year. Ultimately, however, the employer's reserve fund balance takes into account all charges and credits on a rolling basis so that the employer's unemployment experience determines the contribution rate.

To correctly set contribution rates, recharging work must consider applicability of federal programs that reduce the benefit charges to employers in addition to the recharging relief provided by 2019 Wisconsin Act 185 and 2021 Wisconsin Act 4. Federal law changes provide federal funding (in whole or in part) that affect recharging in the following programs: waiver of waiting week; work share; and regular unemployment for reimbursable employers.

The new policy to be included in this rule will ensure that employers' contribution rates for 2022 are calculated based on reserve fund balances as of June 30, 2021 without taking into account charges related to the public health emergency declared on March 12, 2020 by Executive Order 72 (the "public health emergency'), so that the policy goals of 2019 Wisconsin Act 185 and 2021 Wisconsin Act 4 are met. This rule will only affect calculation of contribution rates for 2022.

The policy alternative is to do nothing, which would negatively impact some employers subject to contribution financing because their contribution rates will be higher for 2022 than they should be. This would result in higher contribution rates for 2022, which would not be in accordance with the legislative intent of 2019 Wisconsin Act 185 and 2021 Wisconsin Act 4.

Under 2019 Wisconsin Act 185, 50% of the unemployment insurance benefit claims related to the public health emergency will be charged to the appropriation in s. 20.445 (1) (gd), Stats., for employers subject to reimbursement

financing. The federal Coronavirus Aid, Relief, and Economic Security ("CARES") Act and Continued Assistance for Unemployed Workers Act provide for 50% federal payment of unemployment insurance benefits chargeable to reimbursable employers for weeks of unemployment for March 15, 2020 through April 3, 2021. The federal American Rescue Plan Act provides for 75% federal payment of unemployment benefits chargeable to reimbursable employers for weeks of unemployment for April 4 through September 4, 2021. Federal law also provides for 100% federal funding for the first week of unemployment and for work share benefits for certain periods.

This emergency rule provides a temporary interest waiver for employers subject to reimbursement financing so that employers are not charged interest until the Department completes the charging relief project and for a limited time thereafter so that employers may review their bills and pay their bills over time. Under this rule, interest is waived starting October 1, 2021 for reimbursable employers until the emergency rule expires.

Currently, unemployment benefits are charged to employer accounts unless a statutory exception applies. 2019 Wisconsin Act 185 directed the Department to provide employers charging relief for unemployment benefits for initial claims that are related to the public health emergency, for benefits payable from March 15, 2020 to December 31, 2020. 2021 Wisconsin Act 4 extended the charging relief until March 13, 2021, and requires the Department to presume that all initial claims for benefits through that date relate to the public health emergency unless the most recent separation from unemployment is due to a labor dispute, voluntary termination of work, discharge for misconduct, or discharge for substantial fault.

For those employers who do not meet the presumption that the claim is related to the public health emergency, this emergency rule sets a deadline by which employers must submit the information required by section 108.04 (2) (d), Stats. The deadline is the 30th day after the Department sent a notification to the employer of an initial claim for benefit years beginning on or after March 15, 2020 through March 13, 2021. The deadline is necessary to ensure that all information regarding the initial claims is submitted in time for processing before the Department concludes the automated processes for relieving employer accounts of benefit charges.

This rule also determines the treatment of employers in a claimant's base period who are not the most recent employer of a claimant whose initial claim is related to the public health emergency. The Department will apply the employer charging provisions of 2019 Wisconsin Act 185 and 2021 Wisconsin Act 4 to all base period employers for the claim.

Finally, this rule requires the Department to interpret the provisions of s. 108.07 (5) (bm), Stats., by applying the provisions of s. 108.07(5) (bm), Stats., to additional initial claims filed on or after March 15, 2020 for a benefit year that began before March 15, 2020 so that the legislative intent of 2021 Wisconsin Act 4 is properly applied.

12. Summary of the Businesses, Business Sectors, Associations Representing Business, Local Governmental Units, and Individuals that may be Affected by the Proposed Rule that were Contacted for Comments.

Employers subject to the Wisconsin unemployment insurance law may be impacted by the proposed rule. The Department held a preliminary public hearing and comment period on the scope statement. Two comments were submitted.

13. Identify the Local Governmental Units that Participated in the Development of this EIA.

None.

14. Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred)

The proposed rule may affect small businesses, as defined in s. 227.114 (1), Stats., if the small business is subject to contribution financing. Those businesses may receive a benefit under this rule if their employees filed claims for unemployment insurance benefits during the period of March 15, 2020 through March 13, 2021 because charges

associated with those claims will not be included in the employers' contribution rate calculations for 2022.

The proposed rule may have a positve impact on small businesses, as defined in s. 227.114 (1), Stats., if the small business is subject to reimbursement financing. This includes local governmental units. Those businesses and local governmental units would receive the benefit of a waiver of interest under this rule if they do not pay their reimbursements timely.

The proposed rule may affect small businesses, as defined in s. 227.114 (1), Stats., if the small business is subject to the Wisconsin unemployment insurance law. Those businesses may receive a benefit under this rule if their employees filed claims for unemployment insurance benefits during the period of March 15, 2020 through March 13, 2021 for those claims that do not meet the presumption for charging relief because they can timely request such relief as instructed by the rule.

The effect on the State's economy as a whole is that employers subject to contribution financing may have lower tax rates for 2022, which may make funds that would be used to pay contributions available for other uses in the economy. Employers subject to reimbursement financing will not be assessed interest, which may make funds that would be used to pay interest available for other uses in the economy.

15. Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule

The benefits of implementing this rule are that employers subject to contribution financing will have contribution rates for 2022 that will more accurately reflect the policy goals of 2019 Wisconsin Act 185 and 2021 Wisconsin Act 4, resulting in lower contribution rates. Employers subject to reimbursement financing will not be assessed interest on a temporary basis, which will save them money. This emergency rule is expected to have a positive economic impact on all employers, if those employers must submit information to the Department to request charging relief, do so by the deadline set by this emergency rule, and receive charging relief as a result.

The alternative to implementing the rule is to do nothing, which would result in contribution rates for 2022 that would be incorrectly high for most employers subject to contribution financing and which would not result in a waiver of interest for employers subject to reimbursement financing. This could also negatively impact employers not subject to the presumption of benefit charging relief but who can demonstrate that they are entitled to charging relief. For those employers, their contribution rates might be higher for 2022 than they should be without the rule.

16. Long Range Implications of Implementing the Rule

The long range implications of this rule are that the State's economy may be improved by permitting employers subject to reimbursement financing to retain and spend their funds other than on interest assessments. For employers subject to contribution financing, they may receive emergency relief during the pandemic and economic recovery.

17. Compare With Approaches Being Used by Federal Government

Under the federal Families First Coronavirus Response Act, Public Law 116-127, specifically Division D, the Emergency Unemployment Insurance Stabilization and Access Act of 2020 (EUISAA), a state may receive a share of $500 million of federal funding for administering the state’s unemployment insurance program if the “State has demonstrated steps it has taken or will take to…non-charg[e] employers directly impacted by COVID–19 due to an illness in the workplace or direction from a public health official to isolate or quarantine workers.” 42 U.S.C. § 1103(h)(3)(B). Wisconsin’s share of the $500 million is about $9.457 million.

The federal CARES Act provides that states have “flexibility to reimbursing employers as it relates to timely payment and assessment of penalties and interest….” CARES Act § 2103(a). U.S. Department of Labor encourages states to “interpret or amend their state unemployment compensation (UC) laws in a manner that provides maximum flexibility to reimbursing employers as it relates to timely payments in lieu of contributions and assessment of penalties and interest.”

18. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)

Illinois does not charge employers for unemployment benefits "for a week of unemployment that begins on or after March 15, 2020, and before December 31, 2020, and is directly or indirectly attributable to COVID-19…." 820 ILCS 405/1502.4(A).

By Executive Order 2020-76, Michigan charged benefits to the unemployment insurance non-chargeable account, unless the employer was determined to have misclassified workers.

Iowa did not charge unemployment benefits related to COVID-19 to employer accounts until June 12, 2021.

By Emergency Executive Order 20-05, Minnesota will "not use unemployment benefits paid as a result of the COVID-19 pandemic in computing the future unemployment tax rate of a taxpaying employer."

Michigan, Illinois, and Iowa do not appear to waive interest for employers subject to reimbursement financing. Minnesota law permits the compromise of reimbursements due by employers under Minnesota Statutes 2019, s. 268.067(b).

ADMINISTRATIVE RULES
Fiscal Estimate & Economic Impact Analysis

ATTACHMENT A

1. Summary of Rule's Economic and Fiscal Impact on Small Businesses (Separately for each Small Business Sector, Include Implementation and Compliance Costs Expected to be Incurred)

This emergency rule is expected to have a positive economic impact on employers subject to the Wisconsin unemployment insurance law, which may include small businesses, if those employers are required to submit information to the Department to request charging relief, do so by the deadline set by this emergency rule, and receive charging relief as a result. The emergency rule is expected to have a positive economic impact on employers subject to unemployment insurance contribution financing by providing those employers with contribution rates that align with the policy goals of 2019 Wisconsin Act 185 and 2021 Wisconsin Act 4. Businesses subject to unemployment insurance reimbursement financing would receive the benefit of a waiver of interest and potentially additional time to pay their reimbursements under this emergency rule.

2. Summary of the data sources used to measure the Rule's impact on Small Businesses

2019 Wisconsin Act 185 and 2021 Wisconsin Act 4 provide 100% of the unemployment insurance benefits for initial claims for benefit years beginning on or after March 15, 2020 through March 13, 2021 related to the public health emergency will be charged to the balancing account of the Trust Fund for employers subject to contribution financing. Fifty or twenty-five percent of the unemployment insurance benefits for initial claims related to the public health emergency will be charged to the interest and penalty appropriation for employers subject to reimbursement financing; the remainder will be paid by the federal government. The charging relief for employers under state law is effective for state unemployment insurance benefits paid for the period of March 15, 2020 through March 13, 2021. However, charges for the first week of unemployment and for benefits paid under work share plans will be charged to the federal government during that period.

Section 108.04 (2) (d), created by 2019 Wisconsin Act 185, requires claimants and employers to indicate whether a claim for regular benefits is related to the public health emergency. 2021 Wisconsin Act 4 extends the relief from benefit charging for employers from December 31, 2020 to March 13, 2021, and specifies that the Department must presume that all initial claims through March 13, 2021 are related to the public health emergency and are, thus, entitled to recharging relief unless the separation is due to a labor dispute, misconduct, substantial fault, and, in most cases, a voluntary termination of work. In those cases where the presumption does not apply, this rule is necessary for the Department to properly and timely apply s. 108.07 (5) (bm), Stats., which provides for the charging of certain benefits to the balancing account or interest and penalty appropriation. Further, under s. 108.07 (5) (bm) 2. b., Stats., employers will not receive relief from benefit charges unless they timely and adequately provide the information necessary for the Department to determine how to charge the claim.

An employer's contribution rate on the employer's payroll for a given calendar year is based on the reserve percentage of the employer's account as of the applicable computation date, June 30 of each year. Ultimately, however, the employer's reserve fund balance takes into account all charges and credits on a rolling basis so that the employer's unemployment experience determines the contribution rate.

Because the Department had to implement a variety of new federal benefit programs, it was unable to complete the charging changes required by 2019 Wisconsin Act 185 and 2021 Wisconsin Act 4 by June 30, 2021. Without an emergency rule, most employers' contribution rates for 2022 would be based on benefit charges that should have been charged to the balancing account instead of the employers' accounts. This would have result, for most employers subject to contribution financing, in contribution rates for 2022 that are higher than they should be.

ADMINISTRATIVE RULES
Fiscal Estimate & Economic Impact Analysis

This rule, in effect, directs the Department to assume that all benefit charges and benefit adjustments for the period of March 15, 2020 through March 13, 2021 relate to the public health emergency. This will have the effect of aligning employer contribution rates for 2022 with the policy goals of 2019 Wisconsin Act 185 and 2021 Wisconsin Act 4.

Finally, reimbursable employer businesses that do not receive full charging relief under state and federal law (because, for example, the claims were for weeks of unemployment after the state law relief period ended) may find it difficult to pay their reimbursements timely during the COVID-19 pandemic due to a reduction in business income. Under this rule, businesses subject to reimbursement financing will not be assessed interest for tardy reimbursements and would therefore be given extra time to pay their bills.

3. Did the agency consider the following methods to reduce the impact of the Rule on Small Businesses?

☐ Less Stringent Compliance or Reporting Requirements
☐ Less Stringent Schedules or Deadlines for Compliance or Reporting
☐ Consolidation or Simplification of Reporting Requirements
☐ Establishment of performance standards in lieu of Design or Operational Standards
☐ Exemption of Small Businesses from some or all requirements
☐ Other, describe:

None.

4. Describe the methods incorporated into the Rule that will reduce its impact on Small Businesses

The rule is an emergency rule, so it is only effective for a limited time.

5. Describe the Rule's Enforcement Provisions

The Department administers the unemployment insurance program by, among other things, determining contribution rates for employers, determining the amount of reimbursements payable by employers subject to reimbursement financing, and assessing interest when employers do not pay their reimbursements in lieu of contributions.

6. Did the Agency prepare a Cost Benefit Analysis (if Yes, attach to form)

Analysis by the Legislative Reference Bureau

This bill makes various changes in the unemployment insurance (UI) law, which is administered by the Department of Workforce Development. Significant changes include all of the following:

Unemployment insurance financial outlook statement; council report; special committee

Under current law, DWD must submit a statement regarding the unemployment insurance financial outlook to the governor and legislative leadership by April 15 of every odd–numbered year. The report must contain all of the following: 1) financial projections of unemployment insurance operations, including benefit payments, tax collections, borrowing or debt repayments, and any amounts of interest charges and the economic and public policy assumptions upon

which the projections are based, and the impact upon the projections of variations from those assumptions; 2) proposed changes to the laws relating to unemployment insurance financing, benefits, and administration and financial projections under the proposed changes; 3) if there are significant cash reserves in the unemployment fund, the justifications for maintaining them; and 4) if program debt is projected at the end of the forecast period, the reasons DWD is not proposing to liquidate the debt.

This bill changes the submittal deadline of the statement to May 31 of every even–numbered year. The bill also requires the statement to contain proposed methods for liquidating any debt, instead of the reasons DWD is not proposing to liquidate any debt.

Under current law, DWD must submit a report of the activities of the Council on Unemployment Insurance to the governor and legislative leadership by May 15 of each odd–numbered year. Current law also requires DWD to submit to each member of the legislature by June 15 of each odd–numbered year an updated statement of unemployment insurance financial outlook.

The bill replaces the two aforementioned requirements with a single requirement for DWD to submit, by January 31 of each even–numbered year, a report of the activities of the Council on Unemployment Insurance and the most recent statement regarding the unemployment insurance financial outlook to the governor and legislative leadership, rather than to every member of the legislature. The bill also requires DWD to post the most recent version of the report and statement on its Internet site.

Finally, under current law, after the report and statement are submitted to the governor and leadership by May 15 of each odd–numbered year, the governor may convene a special committee to review the financial outlook statement and the activities report. This bill repeals that provision. However, the bill does not affect the governor's authority under current law to convene advisory committees by executive order.

Effect of criminal convictions

Current law provides that no finding of fact or law, determination, decision, or judgment in any action or administrative or judicial proceeding in law or equity not arising under the UI law made with respect to the rights or liabilities of a party to an action or proceeding under the UI law is binding in an action or proceeding under the UI law.

The bill provides that notwithstanding this provision, a final order or judgment of conviction for a crime entered by a court is binding on the convicted person in an action or proceeding under the UI law that relates to the criminal conviction, and that a person convicted of a crime is precluded from denying the essential allegations of the criminal offense that is the basis for the conviction in an action or proceeding under the UI law.

Reimbursable employer debt assessment

Under current law, DWD must annually determine the total amount due and uncollectible from nonprofit employers that have elected what is known as reimbursement financing (reimbursable employers), and DWD must then charge that amount to an uncollectible reimbursable benefits account in the unemployment

reserve fund. Whenever, as of a given year, that account has a negative balance of $5,000 or more, DWD must assess all such nonprofit reimbursable employers to reimburse for the uncollectible amount, except that employers that would otherwise be assessed less than $10 are not assessed, and their portion is instead applied to the amount owed by other employers on a pro rata basis.

Also under current law, pursuant to 2015 Wisconsin Act 334, $2,000,000 was set aside in the unemployment reserve fund to repay reimbursable employers for erroneous payments charged to them that resulted from a false statement or representation (e.g., identity theft).

The bill does the following:

1. Raises the threshold for charging a reimbursable nonprofit employer the assessment to $20 instead of $10.

2. Allows DWD, in lieu of or in addition to assessing nonprofit reimbursable employers as described above, to apply moneys from the $2,000,000 set aside to the uncollectible reimbursable benefits account described above, subject to certain limitations.

Waiver of overpayments

Current law requires the recovery of benefits that were erroneously paid to an individual to be waived if certain conditions apply, including that the erroneous payment was the result of a departmental error. Current law specifies what does and does not constitute a "departmental error" and also provides that if a determination or decision is amended, modified, or reversed by an appeal tribunal (administrative law judge), the Labor and Industry Review Commission, or any court, that action is not to be treated as establishing a departmental error.

This bill specifically provides that, for the purposes of the waiver of recovery of benefits, a "departmental error" does not include an error made by an administrative law judge.

Excluded employment

This bill excludes from coverage under the UI law seasonal work performed by a full–time student at an organized camp, other than an organized camp operated by a governmental or nonprofit entity, that operates for not more than seven months per calendar year, consistent with federal law. Under the bill, "full–time student" includes a person who is currently enrolled in school full time or who was enrolled in school full time during the previous academic year if there is a reasonable assurance that the person will be so enrolled for the immediately succeeding academic year. An individual who performs such services is not eligible to claim UI benefits based on the performance of the services, and a person who employs an individual to perform such services is not subject to a state UI contribution requirement (a requirement to pay taxes) based on the performance of the services.

Work–share programs

Current law allows an employer to create a work–share program within a work unit of the employer. Under a work–share program, the working hours of all of the full–time employees in the program are reduced in an equitable manner in lieu of a layoff of some of the employees and a continuation of full–time employment by the other employees. A claimant for UI benefits who is included in a work–share program

may receive UI benefits during his or her continued employment with the work–share employer in an amount equal to the claimant's benefit for total unemployment reduced by the same percentage as the percentage reduction in the claimant's normal working hours that the claimant incurs under the program. Former law provided also for the temporary modification of certain requirements that apply to work–share programs with respect to work–share programs submitted on or after April 17, 2020, and before July 4, 2021.

This bill makes a number of the former–law modifications permanent. Among other things, it eliminates a requirement that work–share programs be limited to particular work units, reduces the minimum number of employees who must be covered under a work–share program from 20 to two, and eliminates a requirement that working hours be reduced equitably among employees. In addition, the bill allows a work–share program to remain in effect for 12 months in any five–year period instead of six months in any five–year period.

Collection of debt by Department of Revenue

Subject to certain exceptions, current law requires a state agency and the Department of Revenue to enter into a written agreement to have DOR collect certain amounts owed to the state agency. This bill provides that this requirement does not apply to amounts owed to DWD under the UI law or other federal unemployment programs administered by DWD.

Fiscal agent election of employer status

Generally, under current law, an individual who receives long–term support services in his or her home through certain government–funded care programs is considered to be an employer under the UI law of a person who provides those services to the individual. Such individuals may use fiscal agents, whose responsibilities include remitting any federal UI taxes or state UI contributions owed by the individual as a result of that employment.

The bill allows a private agency that serves as a fiscal agent or contracts with a fiscal intermediary to serve as a fiscal agent to such an individual receiving long–term support services to elect to instead be the employer of one or more employees providing those services, subject to certain requirements.

Segregated fund

This bill creates a segregated fund to receive various program revenue moneys received by DWD under the UI law that are not otherwise credited to other segregated funds, including various moneys collected by DWD as interest and penalties under the UI law and all other nonfederal moneys received for the administration of the UI law that are not otherwise appropriated. Current law provides for depositing these revenues in appropriations in the general fund.

Other changes

The bill makes various changes to a) reorganize, clarify, and update provisions relating to the financing of the UI law; and b) address numerous out–of–date or erroneous cross–references in the UI law, including all of the following:

1. Repealing and consolidating certain appropriations and making other changes to clarify the funding sources and receiving appropriations for various revenues and expenses under the UI law.

2. Creating a program revenue appropriation for the Labor and Industry Review Commission to collect moneys received for the copying and generation of documents and for other services provided in carrying out its functions.

3. Changing certain out–of–date cross–references to federal law to reflect current federal law and the current numbering under the U.S. Code.

4. Repealing certain provisions that reference federal laws that have been repealed and deleting other obsolete references to state laws.

5. Correcting various cross–references that are otherwise incomplete or erroneous.

6. Replacing certain references to provisions in federal acts or to the Internal Revenue Code with references to the U.S. Code in order to facilitate accessibility to federal law.

7. Making other nonsubstantive changes to the UI law to improve organization, modernize language, and provide further clarity, specificity, and consistency in the law.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

The liability of the agency as provided in this subsection survives dissolution, reorganization, bankruptcy, receivership, assignment for the benefit of creditors, judicially confirmed extension or composition, or any analogous situation of the person and shall be set forth in a determination or decision issued under s. 108.10. An appeal or review of a

In the event of an employer's dissolution, reorganization, bankruptcy, receivership, assignment for benefit of creditors, judicially confirmed extension proposal or composition, or any analogous situation including the administration of estates in circuit courts, the payments required of the employer under this chapter shall have preference over all claims of general creditors and shall be paid next after the payment of preferred claims for wages. If the employer is indebted to the federal government for taxes due under the federal unemployment tax act and a claim for the taxes has been duly filed, the amount of contributions which should be paid to allow the employer the maximum offset against the taxes shall have preference over preferred claims for wages and

shall be on a par with debts due the United States, if by establishing the preference the offset against the federal tax can be secured under ~~s.~~ 26 USC 3302 (a) (3) ~~of the federal unemployment tax act~~.

SECTION 147. 108.24 (3) (a) 3. a. of the statutes is amended to read:

Clarification of Employee Status Statute

Date: April 15, 2021
Proposed by: DWD
Prepared by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Clarification of Employee Status Statute

1. Description of Proposed Change

When an individual performs services for pay for an employing unit, it is presumed the individual is an employee for purposes of Wisconsin Unemployment Insurance law.[1] The employing unit must prove that the individual meets the conditions of a two-part test to overcome that presumption and be excluded from the definition of employee.[2]

In 1982, the Wisconsin Supreme Court decided *Star Line Trucking Corp. v. Dep't of Indus., Labor & Human Relations*, 109 Wis. 2d 266, 325 N.W.2d 872 (1982). *Star Line* held that the mere inclusion of required Public Service Commission Administrative Code language regarding the "exclusive possession, control, and use of the motor vehicle" in a trucking lease contract was insufficient to show that the carrier has direction and control over the driver. The Public Service Commission rule required motor vehicle leases to include the possession, control, and use language.

Under current law, in deciding whether an individual meets the conditions of the two-part test the Department and appeal tribunals are prohibited from considering "documents granting operating authority or licenses, or any state or federal laws or federal regulations granting such authority or licenses" when analyzing certain factors of the test.[3] This provision was included in

[1] Wis. Stat. § 108.02(12)(a).
[2] Wis. Stat. §§ 108.02(12)(bm) and (c).
[3] Wis. Stat. §§ 108.09(2)(bm) and 108.09(4s). *See also* Wis. Admin. Code DWD §§ 105.02 and 107.02 ("The department believes it is unreasonable to consider mandates of law as evidence because they have not been imposed on the relationship between the parties of their own volition.")

the unemployment law in 1995, when the Worker's Compensation employee status test was adopted.[4]

The Department proposes to amend sections 108.09(2)(bm) and 108.09(4s) to provide that all issues of unemployment insurance employee status may only be determined under Wisconsin unemployment statutes and rules. This proposal will provide consistency in determining individuals' eligibility for unemployment benefits and employers' unemployment insurance tax liability by limiting the employee status inquiry to the provisions of the unemployment insurance law.

Under this law change, for example, it would be clear that the Department would not rely on the fact that a salon requires its cosmetologists to have a cosmetology license when analyzing the cosmetologists' services under the employee status test because cosmetologists are required by law to have a license to perform those services in Wisconsin.

2. Proposed Statutory Changes

Section 108.09(2)(bm) of the statutes is renumbered 108.02 (12) (cm) and amended to read:

(cm) In determining whether an individual meets the conditions specified in ~~s. 108.02 (12) (bm) 2. b. or c. or (c) 1., the department shall not consider~~ paragraphs (a), (bm), and (c), only this chapter and the rules promulgated by the department under the authority granted to the department by this chapter shall apply. Any other state or federal law, rule, regulation, or guidance shall not apply. ~~documents~~ Documents granting operating authority or licenses shall not be considered ~~or any other state or federal laws or federal regulations granting such authority or licenses~~.

[4] 1995 WI Act 118.

D21-09
Clarification of Employee Status Statute

Section 108.09(4s) of the statutes is repealed:

~~Employee status. In determining whether an individual meets the conditions specified in s. 108.02 (12) (bm) 2. b. or c. or (c) 1., the appeal tribunal shall not take administrative notice of or admit into evidence documents granting operating authority or licenses, or any state or federal laws or federal regulations granting such authority or licenses.~~

3. Effects of Proposed Change

a. **Policy:** The proposed change will prevent confusion and provide consistency when determining whether an individual's services meet the conditions for the individual to be classified as an employee under unemployment insurance law.

b. **Administrative:** This proposal will require training of Department staff.

c. **Fiscal:** A fiscal estimate is attached, based on 2017 cases.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

5. Proposed Effective/Applicability Date

This proposal would be effective for services performed on and after January 1, 2022.

Clarification of Employee Status Statute

FISCAL ANALYSIS OF PROPOSED LAW CHANGE

Prepared by: Technical Services Section

Trust Fund Impact:

This law change proposal would have a positive but negligible impact on the Trust Fund.

IT Impact and Administrative Impact:

This law change proposal would have no IT impact and a negligible one-time administrative impact.

Summary of Proposal:

This proposal amends sections 108.09(2)(bm) and 108.09(4s) to provide that all issues of unemployment insurance employee status may only be determined under Wisconsin unemployment statutes and rules. This proposal will provide consistency in determining individuals' eligibility for unemployment benefits and employers' unemployment insurance tax liability by limiting the employee status inquiry to the provisions of the unemployment insurance law.

Trust Fund Methodology:

Cases from 2017 dealing with employee status that may be affected by this law change proposal that were appealed to the ALJ level were reviewed for this estimate. In these cases, the claimants were consistently ruled as employees on the adjudication level, but that classification may have been overturned at the ALJ level and the claimants ruled as independent contractors. This may be because employee status was not determined exclusively under Wisconsin unemployment statutes and rules. This law change proposal intends to bring consistency to the employee status ruling by limiting the employee status inquiry to the provisions of the unemployment insurance law. However, based on the quantity of cases appealed, it would not have a significant impact on the Trust Fund.

IT and Administrative Impact Methodology:

Per subject matter experts, this proposal is codifying current practice and would not have any IT or administrative impact on the adjudication level. This is expected to have a negligible one-time administrative impact on the ALJ level due to staff training.

SUTA Dumping Penalty

Date: April 15, 2021
Proposed by: DWD
Prepared by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
SUTA Dumping Penalty

1. Description of Proposed Change

A transferee of a business transfer is a mandatory successor to the unemployment insurance account of a transferor if: (1) the transferor and transferee are owned, managed, or controlled by the same interests; (2) the transferee continues the transferor's business or employs the same employees; and (3) the same unemployment financing provisions apply to the transferor and transferee.[1] Assessing mandatory successor status to a transferee dissuades employers from closing down a business with a high unemployment insurance tax rate and opening a "new" business to obtain a lower tax rate. This is known as "SUTA dumping."

If a substantial purpose of a business transfer is to obtain a reduced contribution rate, the transferee will not receive the lower contribution rate.[2]

The federal SUTA Dumping Prevention Act[3] requires states to enact "meaningful civil and criminal penalties" for knowingly violating or attempting to violate state laws regarding mandatory successor requirements. The Act also requires penalties for advising others to "dump" their unemployment insurance experience.

Current law penalizes for making false statements to the Department regarding a mandatory successor investigation and for advising others to do so.[4] If the person making the false

[2] Wis. Stat. §§ 108.16(8)(em) and (im).

[4] Wis. Stat. § 108.16(8)(m).

statement or the person who advised the person to make the false statement are not employers, the person forfeits up to $5,000.

The Department recommends a $10,000 civil penalty and a class A misdemeanor criminal penalty for knowingly violating or attempting to violate mandatory successor requirements in amounts that the Council chooses.

The Department also proposes to modify the $5,000 forfeiture for making false statements or advising someone to make false statements to be a penalty of $5,000 that will be deposited into the program integrity fund. This will make the treatment of the existing forfeiture provision consistent with the new proposed penalty.

2. Proposed Statutory Changes

Section 108.16 (8) (m) 2. of the statutes is amended to read:

2. If the person is not an employer, ~~the person may be required to forfeit not more than~~ the department shall assess the person a penalty of $5,000 in a determination under s. 108.10, which shall be deposited in the unemployment program integrity fund.

Section 108.16 (8) (mm) of the statutes is created to read:

1. Any person identified under pars. (em) or (im), or any person that knowingly advises another person to transfer a business asset or activity solely or primarily for the purpose of obtaining a lower contribution rate, including by willful evasion, nondisclosure, or misrepresentation, is subject to the following penalties:

a. If the person is an employer, the department shall assess the employer a penalty in the amount of $10,000.

b. If the person is not an employer, the department shall assess the person a penalty of $10,000 in a determination under s. 108.10.

c. The person is guilty of a class A misdemeanor.

2. Assessments under a. and b. shall be deposited in the unemployment program integrity fund.

3. For the purposes of this paragraph and par. (m), "knowingly" means having actual knowledge of or acting with deliberate ignorance of or reckless disregard for the statute violated.

Section 108.16 (8) (o) of the statutes is amended to read:

Paragraphs (e) 1., (em), (h), (im), ~~and~~ (m)<u>, and (mm)</u> shall be interpreted and applied~~,~~ ~~insofar as possible,~~ to meet the minimum requirements of any guidance issued by or regulations promulgated by the U.S. department of labor.

Section 108.18 (1) (a) of the statutes is amended to read:

Unless a penalty applies under s. 108.16 (8) (m), each employer shall pay contributions to the fund for each calendar year at whatever rate on the employer's payroll for that year ~~duly~~ applies to the employer ~~pursuant to~~ <u>under</u> this section.

Section 108.19 (1s) (a) 7. of the statutes is created to read:

<u>Assessments under ss. 108.16 (8) (m) 2. and (mm).</u>

3. Effects of Proposed Change

a. **Policy:** The proposed is expected to deter employers from attempting to "dump" their unemployment insurance experience rating and delinquent taxes.

b. **Administrative:** This proposal will require training of Department staff.

c. **Fiscal:** A fiscal estimate is attached based on 2017 data.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity

review. The SUTA Dumping Prevention Act requires states to enact "meaningful civil and criminal penalties" for knowingly violating or attempting to violate state laws regarding mandatory successor requirements. The Act also requires penalties for advising others to "dump" their unemployment insurance experience.

5. Proposed Effective/Applicability Date

This proposal would be effective for transfers of business occurring on or after the effective date of the law change.

D21-10
SUTA Dumping Penalty

FISCAL ANALYSIS OF PROPOSED LAW CHANGE

Prepared by: Technical Services Section

Trust Fund Impact:

This law change proposal would save the Trust Fund up to $7,000 annually in increased taxes, which is considered a positive but negligible impact on the Trust Fund.

IT and Administrative Impact:

The one-time IT impact would be approximately 250 hours or $22,000. The one-time administrative impact would be approximately 30% of the IT impact or $6,600. The total one-time impact is estimated at $28,600.

Any penalties would flow to the UI Program Integrity Fund.

Summary of Proposal:

This law change proposal would create meaningful civil and criminal penalties for knowingly violating or attempting to violate mandatory successor requirements. The penalty will be deposited into the UI Program Integrity Fund. Criminal penalties will be created. This law change proposal would also modify the forfeiture for making false statements or advising someone to make false statements to be a penalty of $5,000 that will be deposited into the UI Program Integrity Fund.

Trust Fund Methodology:

Based on 2017 data, the Trust Fund impact would be up to $7,000 annually in increased tax revenue, if SUTA dumping is eliminated based on incentivized compliance.

IT and Administrative Impact Methodology:

Based on subject matter expert assessment, the one-time IT impact would be approximately 250 hours or $22,000. This estimate is based on changes required to SUITES. The one-time administrative impact would be approximately 30% of the IT impact or $6,600. The total one-time impact is estimated at $28,600.

Any penalties would flow to the UI Program Integrity Fund. Based on 2017 data, approximately 7 employers during that timeframe could have been subject to the civil penalty, none of which included false statements that would be subject to the $5,000 penalty. This penalty is intended to enforce tax compliance.

Work Share Revisions

Date: April 15, 2021
Proposed by: DWD
Prepared by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Work Share Revisions

1. Description of Proposed Change

The work share program permits employers to reduce employees' hours under a plan that permits employees to receive a work share benefit. Under pre-pandemic law, employers could reduce employees' hours by 10-50% and employees would receive a work share benefit that is a pro-rated amount of unemployment insurance based on the reduction in hours. For example, an employee who usually works 40 hours per week could work 20 hours per week in a work share plan and receive a work share benefit of 50% of their maximum UI weekly benefit amount.

Work share plans also require employers to maintain existing health insurance and defined benefit or defined contribution retirement plans. Employees in work share plans are not required to complete four work search actions or register for work. Work share plans are designed to prevent layoffs but are not intended to become a permanent part of the employer's business model. During the pandemic, employees who participated in work share plans also received the $300 or $600 weekly Federal Pandemic Unemployment Compensation.

Federal legislation enacted during the pandemic encouraged increased employer participation in work share because the federal government currently pays the work share benefit costs. State legislation, 2019 Wis. Act 185 and 2021 Wis. Act 4, provided greater flexibility for work share plans as follows:

1. Reducing the minimum number of employees in work share from 20 to 2, which especially benefited small businesses.

2. Increasing the maximum reduction in employees' hours from 50% to 60%, which is the maximum allowed under federal law.
3. Permits work share plans to cover any employees, not just employees in a particular work unit.
4. Eliminates the requirement that hours be apportioned equitably among employees in the work share plan.
5. Provides that work share plans become effective on the later of the Sunday of or after approval of the work-share plan, instead of the second Sunday after approval of the plan, unless a later Sunday is specified.

State law allows the Department's Secretary to waive provisions of the work share statutes if doing so is necessary for state law to conform to federal requirements or if a waiver would result in increased federal funding of work share benefits. During the pandemic, the Secretary waived the requirement that a work share plan may only extend for a period of up to six months in a 5-year period, permitting plans to last up to 12 months in a 5-year period, as long as federal funding for work share benefits exists.

The Department proposes that the temporary changes to the work share statutes during the pandemic should be made permanent, as well as a permanent law change to permit plans to extend up to 12 months in a 5-year period. These changes will give employers greater flexibility when creating work share plans and may encourage more employers to use work share, which would reduce layoffs while preserving employee work benefits.

2. Proposed Statutory Changes

Section 108.062 (1) (c) is repealed.

~~(c) "Work unit" means an operational unit of employees designated by an employer for purposes of a work-share program, which may include more than one work site.~~

another federal law that enhances job skills without affecting availability for work, subject to department approval.

Section 108.062 (3) is amended to read:

(3)Approval of plans. The department shall approve a plan if the plan includes all of the elements specified in sub. (2) ~~or (20), whichever is applicable~~. The approval is effective for the effective period of the plan unless modified under sub. (3m).

~~1. Except as provided in subd. 2., a~~ A work-share program becomes effective on the later of the Sunday of ~~the 2nd week beginning~~ or after approval of a work-share plan under sub. (3) or any Sunday after that day specified in the plan.

~~2. With respect to a work-share plan approved during a period described under sub. (20), the work-share program becomes effective on the later of the Sunday of or after approval of a work-share plan under sub. (3) or any Sunday after that day specified in the plan.~~

(b) A work-share program ends on the earlier of the last Sunday that precedes the end of the ~~6-month~~ 12-month period beginning on the effective date of the program or any Sunday before that day specified in the plan unless the program terminates on an earlier date under sub. Section 108.062 (6) (b) is amended to read:

(b) No employee who is included in a ~~work unit~~ work-share program is eligible to receive any benefits for a week in which the plan is in effect in which the employee is engaged in work for the employer that sponsors the plan which, when combined with work performed by the employee for any other employer for the same week, exceed 90 percent of the employee's average hours of work per week for the employer that creates the plan, as identified in the plan.

Section 108.062 (15) is amended to read:

Section 108.062 (20) of the statutes is repealed.

3. Effects of Proposed Change

a. **Policy:** The proposed change may encourage more employers to set up work share plans, thereby potentially reducing layoffs and ensuring that employees' benefits are uninterrupted.

b. **Administrative:** This proposal will require training of Department staff.

c. **Fiscal:** A fiscal estimate is not yet available.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

5. Proposed Effective/Applicability Date

This proposal would be effective for work share plans submitted on or after the effective date of the law changes.

Work Share Revisions

Date: 05/13/21
Prepared by: Technical Services Section

FISCAL ANALYSIS OF PROPOSED LAW CHANGE

Summary of Proposal:
This proposal would amend Wisconsin law to make the temporary changes to the work share statutes, during the pandemic, permanent, as well as a permanent law change to permit plans to extend up to 12 months in a 5-year period. These changes will give employers greater flexibility when creating work share plans and may encourage more employers to use work share, which would reduce layoffs while preserving employee work benefits.

UI Trust Fund Impact:
This proposal is not expected to have a measurable impact on the UI Trust Fund

IT and Administrative Impact:
This proposal would require 180 hours of IT work at a cost of approximately $16,000. There is expected to be a one-time $5,287 administrative impact.

Trust Fund Methodology:
Prior to the Pandemic, work-share was a lightly used program. As the economy exits the pandemic, it is expected that work-share usage will return to pre-pandemic levels. As such, changes in work-share will not have a measurable impact on UI benefits or the UI Trust Fund.

Department Flexibility for Federal Funding

Date: April 15, 2021
Proposed by: DWD
Drafted by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Department Flexibility for Federal Funding

1. Description of Proposed Change

Current law sets forth three separate provisions that allow the department to suspend provisions of the UI law in specific circumstances: a general savings clause, provisions concerning the work share statutes and occupational drug testing.

The savings clause provides: "The department may, with the advice of the council on unemployment insurance, by general rule modify or suspend any provision of this chapter if and to the extent necessary to permit continued certification of this chapter for [federal administrative] grants…and for maximum credit allowances to employers under the federal unemployment tax act."[1] Likewise, the Department's Secretary may waive compliance with any part of the work share statute to ensure that the statute conforms to federal requirements and for Wisconsin to "qualify for full federal financial participation in the cost of administration of [the work share program] and financing of benefits to employees participating in work-share programs."[2] The Department's Secretary may also waive compliance with the occupational drug testing statutes to ensure federal conformity.[3]

The flexibility in current law ensures that the Department will maintain its primary source of funding for the unemployment program and can maximize the federal funding for work share benefits. Indeed, during the past year the Department has ensured that employers may maintain work share plans longer than six months in a 5-year period so that Wisconsin could

[1] Wis. Stat. § 108.14(13).
[2] Wis. Stat. § 108.062(19).
[3] Wis. Stat. § 108.133(5)(d).

receive an increased amount of federally-funded work share benefits by waiving the 6-month requirement.

On March 27, 2020, the federal CARES Act was enacted. It provided full federal funding for the first week of unemployment insurance benefits for states that did not have a waiting week. Wisconsin has a waiting week, but the Legislature temporarily suspended the waiting week under 2019 Wis. Act 185, retroactive to March 15, 2020. However, because Act 185 was not enacted until April 15, 2020, the US Department of Labor determined that no federal funding for the first week of unemployment was payable for the 3-week period of March 29, 2020-April 18, 2020. This resulted in a loss of an estimated **$43.5 million** in total federal reimbursement of benefits for the Trust Fund and reimbursable employers.[4]

The Department proposes a law change that would permit the Department's Secretary to issue an order (which is not a rule), published in the register, waiving or suspending any part of chapter 108 to facilitate full federal funding of unemployment benefits. This proposal would also permit the Department's Secretary to issue an emergency rule without the requirement of showing an emergency to waive, suspend, or amend any part of chapter 108 to facilitate full or partial federal funding of benefits or to receive additional program administration funding.

These changes would ensure that Wisconsin maximizes its receipt of federal funding.

2. Proposed Statutory Change

Section 108.14 (13) of the statutes is renumbered to section 108.14 (13) (a).

Section 108.14 (13) (b) and (c) of the statutes is created to read:

(b) The secretary may waive compliance with any requirement under this chapter if the secretary determines that doing so will permit full federal financing of benefits. A waiver under this

[4] This amount is subject to revision as the Department completes the benefit recharging under section 108.07(5)(bm).

paragraph is not a rule under s. 227.01(13) and shall be effective upon publication in the Wisconsin administrative register.

(c) The department may, with the advice of the council on unemployment insurance, by rule, modify or suspend any provision of this chapter if and to the extent necessary to receive additional federal program administration funding or financing of benefits to employees. Notwithstanding section 227.24 (1) (a), (2) (b), and (3) of the statutes, the department is not required to provide evidence that promulgating a rule under this paragraph as an emergency rule is necessary for the preservation of the public peace, health, safety, or welfare and is not required to provide a finding of emergency for a rule promulgated under this paragraph.

3. Effects of Proposed Change

a. **Policy:** This proposal will ensure that the Department has the flexibility to secure maximum federal funding of unemployment benefits and administrative costs.

b. **Administrative:** The Department will need to train staff on the changes in this proposal.

c. **Fiscal:** A fiscal estimate is not yet available.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. The Department recommends that any changes to the unemployment insurance law be sent to the U.S. Department of Labor for conformity review.

5. Proposed Effective/Applicability Date

This proposal would be effective with the other changes in the agreed bill.

Construction Employer Initial Contribution Rates

Date: April 15, 2021
Proposed by: DWD
Drafted by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Construction Employer Initial Contribution Rates

1. Description of Proposed Change

New businesses with employees must register as employers with the Department. The Department then assigns a tax rate to the employer. If the new employer is a non-construction employer, the employer's contribution rate is 2.5% for the first three years.[1] But, if the new employer is a construction employer, the employer's initial contribution rate is "the average rate for construction industry employers as determined by the department on each computation date, rounded up to the next highest rate" for the first three calendar years.[2] All employers are also assigned a solvency rate, which, when combined with the contribution rate, provides for a total tax rate.[3]

Construction employers are given an initial contribution rate that is the average of all construction employers because, historically, construction employers have had higher contribution rates due to seasonal layoffs. This has resulted in construction employers having initial contribution rates higher than 2.5%. The higher initial contribution rates resulted in employers building up their reserve fund balances.

In 2021, the total tax rates for new employers are as follows:

	Non-construction	**Construction**
Payroll<$500,000	3.05%	2.90%
Payroll>$500,000	3.25%	3.10%

[1] Wis. Stat. § 108.18(2)(a).
[2] Wis. Stat. § 108.18(2)(c).
[3] Wis. Stat. § 108.18(9).

So, for 2021, the initial rate for new construction employers is **lower** than non-construction employers. The Department proposes amending the initial tax rate for construction employers to be the greater of the initial rate for non-construction employers or the average rate for construction industry employers as determined by the department on each computation date, rounded up to the next highest rate.

2. Proposed Statutory Change

Section 108.18 (2)(c) of the statutes is amended to read:

An employer engaged in the construction of roads, bridges, highways, sewers, water mains, utilities, public buildings, factories, housing, or similar construction projects shall pay contributions for each of the first 3 calendar years at <u>either</u> the average rate for construction industry employers as determined by the department on each computation date, rounded up to the next highest rate<u>, or the rate specified in par. (a), whichever is greater</u>. This rate may in no case be more than the maximum rate specified in the schedule in effect for the year of the computation under sub. (4).

3. Effects of Proposed Change

a. **Policy:** This proposal will ensure that new construction employers do not have a lower initial contribution rate than other new employers.

b. **Administrative:** The Department will need to train staff on the changes in this proposal.

c. **Fiscal:** A fiscal estimate is not yet available.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. The Department recommends that any changes to the unemployment insurance law be sent to the U.S. Department of Labor for conformity review.

5. Proposed Effective/Applicability Date

This proposal would be effective January 1, 2022.

D21-13
Construction Employer Initial Contribution Rates

Date: 05/17/21
Prepared by: Technical Services Section

FISCAL ANALYSIS OF PROPOSED LAW CHANGE

Summary of Proposal:
This proposal would amend the Unemployment Insurance (UI) initial tax rate for construction employers to be the greater of the initial rate for non-construction employers or the average rate for construction industry employers as determined by the department on each computation date, rounded up to the next highest rate.

UI Trust Fund Impact:
This proposal is expected to have no measurable effect on the UI Trust Fund in most circumstances.

IT and Administrative Impact:
This proposal would have an approximate $6,408 one-time IT and $2,115 administrative impact. There would be no ongoing costs.

Trust Fund Methodology:
This is only expected to occur in unique circumstances, so it is not expected to have an annual impact on the UI Trust Fund. When applicable, it is expected to have a small but positive impact on the UI Trust Fund through higher UI tax revenue.

Amend Administrative Rules Regarding UI Hearings

Date: June 17, 2021
Proposed by: DWD
Prepared by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Amend Administrative Rules Regarding UI Hearings

1. Description of Proposed Change

Current law provides that unemployment insurance hearings may be held in-person, by telephone, or by videoconference. Under current DWD § 140.11, an appeal tribunal may conduct a telephone or videoconference hearing "when it is impractical for the appeal tribunal to conduct an in-person hearing, when necessary to ensure a prompt hearing or when one or more of the parties would be required to travel an unreasonable distance to the hearing location." That section also provides that a party may appear in person at the appeal tribunal's location if the hearing is scheduled by telephone or videoconference. However, the Department has limited hearing office space.

Between November 2019-March 2020, about 99.6% of Wisconsin unemployment insurance benefit appeal hearings were held by telephone. During the pandemic, nearly all UI benefit hearings were held by telephone with limited use of videoconference. Other states hold nearly all their unemployment hearings by telephone:

State	**Percent of UI hearings by phone (2019)**
Illinois	99.9%
Minnesota	99.9%
Michigan	94%
Iowa	98%
Indiana	96%
Nebraska	99% (2 in-person/year)
Ohio	98%
Kansas	99%

The Department proposes to amend chapter DWD 140 to provide that, while parties may continue to request in-person hearings, it is the hearing office's discretion whether to grant that request. The Department also proposes to clarify language in DWD chapter 140 regarding hearing records, Department assistance for people with disabilities at hearings, and to correct minor and technical language in DWD chapter 140.

2. Proposed Rule Changes

If the attached draft scope statement is approved, the Department will draft amendments to DWD chapter 140 to provide the guidelines under which parties may request in-person unemployment insurance hearings, as well as other changes to DWD chapter 140. The Department will present that draft to the Council for review before the rule is finalized.

3. Effects of Proposed Change

a. **Policy:** The proposed change will amend Wisconsin's unemployment insurance administrative rules to ensure that the hearing office has discretion to grant or deny a request for an in-person hearing.

b. **Administrative:** This proposal will require training of Department staff.

c. **Fiscal:** This proposal is expected to reduce travel costs for parties and witnesses attending unemployment insurance hearings.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

5. Proposed Effective/Applicability Date

This proposal would be effective when the Legislature approves the amended rule.

STATEMENT OF SCOPE
Department of Workforce Development

Rule No: DWD 140

Relating to: Unemployment insurance hearings.

Rule Type: Permanent

Detailed description of the objective of the proposed rule.

The proposed rule will amend sections of ch. DWD 140, Wis. Admin. Code, related to hearing notices; in-person, telephone, and videoconference unemployment insurance hearings procedures; hearing records; and accessibility for attending hearings. The rule will specify the conditions by which a party or witness may request to attend a hearing in-person. The rule will also permit postponement of a hearing if the Department does not send the proposed hearing exhibits in advance of a benefit hearing. The rule will also clarify what unemployment insurance records may be released to a person who is not a party or a party's representative.

Description of existing policies relevant to the rule, new policies proposed to be included in the rule, and an analysis of policy alternatives.

Currently, ch. DWD 140 (Unemployment Insurance Appeals) specifies the requirements for unemployment insurance hearing notices, the procedures for conducting telephone or videoconference hearings, the treatment of hearing records, and the requirements for the Department to provide assistance to people with disabilities at hearings. Chapter DWD 140 also provides for postponement of hearings in certain circumstances. Furthermore, ch. DWD 140 outlines when parties, parties' representatives, and other persons may access and inspect enumerated types of hearing records.

The Department proposes to amend ch. DWD 140 to require that the hearing notice provide the method of the hearing (in person, telephone, or videoconference). Also, the Department proposes to amend ch. DWD140 to provide that it is within the discretion of the hearing office whether to hold an in-person hearing or to require the parties to appear by telephone or videoconference and to provide the guidelines under which the hearing office shall make such determinations, such as technological constraints and the need to accommodate individuals with disabilities. Further, the rule will allow parties to request an in-person hearing, subject to the guidelines. Chapter DWD 140 will also be amended to ensure that individuals with disabilities are able to timely and efficiently request an accommodation and to describe the process by which the Department will respond to such requests.

The Department also proposes to amend ch. DWD 140 to permit for postponement of benefit hearings when the Department does not timely send the proposed exhibits to a party.

Finally, the rule will update ch. DWD 140 to provide that certain hearing records are confidential unemployment information and not subject to release to individuals who are not parties or

representatives of the parties. The rule will also provide those records that may be released to non-parties, subject to redaction, for which disclosure is in the interest of the unemployment insurance program to comply with federal law.

The policy alternative is to do nothing. If the Department does not promulgate the proposed rule, the unemployment insurance appeals process may not be as clear and efficient as it could be.

Detailed explanation of statutory authority for the rule, including the statutory citation and language.

The Department has statutory authority for the proposed rule.

"The department may adopt and enforce all rules which it finds necessary or suitable to carry out this chapter." Wis. Stat. § 108.14(2).

"Except as provided in s. 901.05, the manner in which claims shall be presented, the reports thereon required from the employee and from employers, and the conduct of hearings and appeals shall be governed by general department rules, whether or not they conform to common law or statutory rules of evidence and other technical rules of procedure, for determining the rights of the parties." Wis. Stat. § 108.09(5)(a).

Estimate of amount of time that state employees will spend developing the rule and other resources necessary to develop the rule.

The estimated time is 80 hours.

List with description of all entities that may be affected by the proposed rule.

Currently, all employees and employers who appear at unemployment insurance appeal hearings appear by telephone due to the COVID-19 pandemic. Before the pandemic, nearly all unemployment insurance appeal hearings were held by telephone. The proposed rule will affect employees and employers who attend unemployment insurance appeal hearings. Employees and employers who previously appeared at unemployment insurance appeal hearings in person will save travel time and costs by appearing by telephone or videoconference. The proposed rule will also standardize the process for requesting an accommodation for hearings for individuals with disabilities who are parties or witnesses for the hearing. The rule changes will better allow parties to prepare for hearing. Finally, the proposed rule will clarify which hearing records, subject to redaction, may be released to non-parties.

Summary and preliminary comparison with any existing or proposed federal regulation that is intended to address the activities to be regulated by the proposed rule.

Federal law requires that state law conform to and comply with federal regulations. *See* 20 C.F.R. § 601.5.

Anticipated economic impact of implementing the rule (note if the rule is likely to have an economic impact on small businesses).

The proposed rule is not expected to have an adverse economic impact on any business or small business.

Exclusion for Certain Camp Counselors

Date: April 15, 2021
Proposed by: DWD
Drafted by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Exclusion for Certain Camp Counselors

1. Description of Proposed Change

Federal unemployment law excludes the services of camp counselors from the definition of "employment" if the following criteria are met:

1. The worker is a full-time student. This means that the worker is currently enrolled in an educational institution **or** is between academic years/terms, was enrolled in the preceding year/term, and will be enrolled in the succeeding year/term.
2. The worker worked for the camp for less than 13 calendar weeks in a year.
3. The camp operates in less than seven months in a year **or** had average gross receipts for any 6 months in the preceding calendar year which were not more than 33⅓ percent of its average gross receipts for the other 6 months in the preceding calendar year.[1]

This proposal would add a similar exclusion for the services of camp counselors to Wisconsin's unemployment law. Employees whose services are excluded under this proposal would not qualify for unemployment benefits based on their wages from the camps but may qualify for benefits based on services performed for other employers. Employers would not be taxed on the wages paid to camp counselors whose services are excluded. The wages of camp employees whose services are **not excluded** under this proposal would continue to be taxable for state and federal unemployment tax purposes.

[1] 26 USC § 3306(c)(20).

2. Proposed Statutory Changes

Section 108.02 (15) (k) 21. of the statutes is created to read:

"Employment" as applied to work for a given employer other than a government unit or nonprofit organization, except as the employer elects otherwise with the department's approval, does not include service:

Performed by a full-time student, as defined in 26 USC 3306(q), for less than 13 calendar weeks in a calendar year in the employ of an organized camp, if either of the following apply:

a. The organized camp did not operate for more than 7 months in the calendar year and did not operate for more than 7 months in the preceding calendar year.

b. The organized camp had average gross receipts for any 6 months in the preceding calendar year which were not more than 33⅓ percent of its average gross receipts for the other 6 months in the preceding calendar year.

3. Effects of Proposed Change

a. **Policy:** The proposed change will align state law with federal law to exclude the services of certain camp counselors for unemployment tax and benefits purposes.

b. **Administrative:** This proposal will require training of Department staff.

c. **Fiscal:** A fiscal estimate is attached.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

5. Proposed Effective/Applicability Date

This proposal would be effective for services performed on and after January 1, 2022.

D21-15
Exclusion for Certain Camp Counselors

FISCAL ANALYSIS OF PROPOSED LAW CHANGE

Prepared by: Technical Services Section

Summary of Proposal:

This proposal would amend Wisconsin law to include an exclusion that would mirror the federal exclusion for seasonal full-time student camp counselors.

UI Trust Fund Impact:

This proposal would reduce the Trust Fund by approximately $76,000 or less annually due to decreased tax revenue. It would have a negligible impact on reducing UI benefit payments.

IT and Administrative Impact:

This proposal would have an approximate $6408 one-time IT and $2115 administrative impact.

Trust Fund Methodology:

Seasonal full-time student camp counselors could fall into several employer NAICS code categories, which also include employment types that would not qualify under this exclusion. For the purposes of a high-level fiscal, NAICS code 721214 or recreational and vacation camps (except campgrounds) was the employer category identified as most impacted by this exclusion. Reimbursable non-profit employers were removed from this impact analysis as their wages are not taxable and have no fiscal impact on the Trust Fund. For this exclusion to be applied the employee must work less than 13 calendar weeks in a year, and in general the camp must operate in less than 7 months of the year. Based on these criteria, employees that had wages with the employer outside third quarter (summer months) were removed. Estimated wages that met these criteria were then multiplied by those employer's tax rates. This resulted in approximately $76,000 in tax revenue in 2019 for 3034 employees (an additional 304 employees were employed by non-profit reimbursable employers). However, an additional requirement is that the employee must be a full-time student (currently enrolled or is between academic years). It is unknown how much of this tax revenue would be based on excluded wages due to being earned by full-time students only.

It is difficult to determine the reduction in UI benefit payments based on this exclusion. However, since a requirement of this exclusion is that the employee is a full-time student, these employees may already be ineligible for UI benefits based on their school enrollment status. In 2019, there were 82 claimants that met the wage criteria above that used those wages to qualify for an unemployment claim. Based on the number of potentially affected employees, school enrollment status, and the need for additional wages from other employers, it is estimated that this proposal would have a negligible impact on reducing benefit payments.

IT and Administrative Impact Methodology:

This proposal would have an approximate $6408 one-time IT and $2115 administrative impact.

Exclusion for Certain Camp Counselors

Relevant federal statutes:

26 USC § 3306(c)(20):

(c) **Employment** For purposes of this chapter, the term "employment" means any service performed prior to 1955, which was employment for purposes of subchapter C of chapter 9 of the Internal Revenue Code of 1939 under the law applicable to the period in which such service was performed, and (A) any service, of whatever nature, performed after 1954 by an employee for the person employing him, irrespective of the citizenship or residence of either, (i) within the United States, or (ii) on or in connection with an American vessel or American aircraft under a contract of service which is entered into within the United States or during the performance of which and while the employee is employed on the vessel or aircraft it touches at a port in the United States, if the employee is employed on and in connection with such vessel or aircraft when outside the United States, and (B) any service, of whatever nature, performed after 1971 outside the United States (except in a contiguous country with which the United States has an agreement relating to unemployment compensation) by a citizen of the United States as an employee of an American employer (as defined in subsection (j)(3)), except—

(20) service performed by a full time student (as defined in subsection (q)) in the employ of an organized camp—

(A) if such camp—

(i) did not operate for more than 7 months in the calendar year and did not operate for more than 7 months in the preceding calendar year, or

(ii) had average gross receipts for any 6 months in the preceding calendar year which were not more than 33⅓ percent of its average gross receipts for the other 6 months in the preceding calendar year; and

(B) if such full time student performed services in the employ of such camp for less than 13 calendar weeks in such calendar year; or

26 USC § 3306(q):

(q) **Full time student** For purposes of subsection (c)(20), an individual shall be treated as a full time student for any period—

(1) during which the individual is enrolled as a full time student at an educational institution, or

(2) which is between academic years or terms if—

(A) the individual was enrolled as a full time student at an educational institution for the immediately preceding academic year or term, and

(B) there is a reasonable assurance that the individual will be so enrolled for the immediately succeeding academic year or term after the period described in subparagraph (A).

1. Description of Proposed Change

Pre-Employment Drug Testing and Drug Treatment

The 2015 Budget, 2015 Wis. Act 55,[1] created Wis. Stat. §§ 108.04(8)(b) and 108.133, requiring the Department, by administrative rule, to create a voluntary program for employers to report the results of a failed or refused pre-employment drug test to DWD. If a reported person is receiving UI benefits, the person is presumed to have failed, without good cause, to accept suitable work and is ineligible for benefits.[2] If the person failed the drug test, they may maintain UI benefit eligibility if they enroll in and comply with a substance abuse treatment program, complete a job skills assessment and otherwise meet all program requirements. Under this law, DWD will pay the reasonable costs for drug treatment.

The emergency rule for the Pre-Employment Drug Testing Program became effective on May 6, 2016 and became effective as a permanent rule on May 1, 2017. As of March 31, 2021, DWD has received about 171 reports from employing units regarding individuals' failures of pre-employment drug tests or refusals to take pre-employment drug tests. No claimants have been determined to be ineligible for UI benefits under the pre-employment drug testing statutes and rules and denied benefits because of the employers' reports of a failed or refused drug test as a condition of an offer of employment. Because no claimants have been determined to be ineligible for UI benefits under the pre-employment drug testing statutes and rules, no claimants have maintained benefit eligibility by enrolling in and complying with a substance abuse treatment program and completing a job skills

[1] The provisions in the Budget Bill for pre-employment and occupational drug testing were not presented to the UIAC for approval and were not included in the agreed bill.

assessment.

2017 Wis. Act 157 (the UIAC agreed bill) amended the pre-employment drug testing law effective April 1, 2018 to limit employers' civil liability under state law for submission of pre-employment drug testing information to the Department. Even with the amendment, there has been very limited use of the Pre-Employment Drug Testing Program by employers.

Occupational Drug Testing and Drug Treatment

The Middle Class Tax Relief and Job Creation Act of 2012[3] permits states to test a UI applicant for unlawful use of controlled substances as an eligibility condition if the applicant is an individual for whom suitable work (as defined under state law) is only available in an occupation that regularly conducts drug testing (as determined under regulations issued by the Secretary of US-DOL). DWD is aware of only two other states, Texas and Mississippi, that have enacted statutes that permit drug testing of UI claimants. However, it appears that neither state has begun to test UI claimants for drugs as a condition for UI eligibility.

Under 2015 Wis. Act 55, the Department must, by administrative rule, create a program for drug testing certain UI applicants. The Department will determine whether an applicant's only suitable work is in an occupation that regularly conducts drug testing. If an applicant's only suitable work is in an occupation that regularly conducts drug testing, the Department will screen the applicant to determine whether there is a reasonable suspicion the applicant engaged in the unlawful use of controlled substances. An applicant with a positive screening result must submit to a drug test to remain eligible for UI benefits. An applicant who fails a drug test under Wis. Stat. § 108.133 without evidence of a valid prescription may remain eligible for UI benefits if the applicant enrolls in and complies with a drug treatment program, completes a job skills assessment, and otherwise meets all program requirements. The UIAC approved a scope statement for DWD to promulgate an

[3] Section 303(l)(l)(A)(ii), SSA.

administrative rule in early 2020, but DWD has not yet promulgated rules to implement occupational drug testing.

The Legislature appropriates $250,000 of GPR annually ($500,000 per biennium) to DWD to fund and administer UI drug testing and treatment programs for both pre-employment and occupational drug testing programs. No GPR funds have been expended for substance abuse treatment programs as a result of pre-employment drug testing reports filed by employers. Unused appropriated GPR funds are transferred to the Program Integrity Fund at the end of the biennium.[4]

The Governor's Budget Bill (AB 68 / SB 111) proposes to repeal the UI pre-employment and UI occupational drug testing statutes and to provide that the GPR funding for drug testing and treatment be used for DWD's administration of the UI program instead of drug testing and treatment.[5]

2. Proposed Statutory Change

Section 108.04(8)(b) of the statutes, as affected by 2017 Wisconsin Act 157, is repealed.

Section 108.133 of the statutes, as affected by 2017 Wisconsin Act 157, sections 26 to 37, is repealed.

Wis. Admin. Code Chapter DWD 131, "Pre-Employment Drug Testing, Substance Abuse Treatment Program and Job Skills Assessment," is repealed.

(Additional cross-references may also need to be amended.)

3. Effects of Proposed Change

a. Policy: This proposal would reduce the likelihood that a person would be denied UI benefits for failing a pre-employment drug test.

b. Administrative: This proposal would provide state funds for administration of the UI program.

[5] The Budget Bill also proposes to legalize recreational marijuana.

c. Fiscal: A fiscal estimate is not yet available.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. The Department recommends that any changes to the unemployment insurance law be sent to the U.S. Department of Labor for conformity review.

5. Proposed Effective/Applicability Date

This proposal would be effective with other changes made as part of the agreed bill cycle.

Drug Testing Program and Pre-Employment Drug Testing

Date: 05/05/21
Prepared by: Technical Services Section

FISCAL ANALYSIS OF PROPOSED LAW CHANGE

Summary of Proposal:
Current state law requires DWD to establish a program to test certain claimants who apply for unemployment insurance (UI) benefits for the presence of controlled substances that is consistent with federal law. A claimant who tests positive for a controlled substance for which the claimant does not have a prescription is ineligible for UI benefits until certain requalification criteria are satisfied or unless he or she enrolls in a substance abuse treatment program and undergoes a job skills assessment, and a claimant who declines to submit to a test is simply ineligible for benefits until he or she requalifies. The proposal repeals the requirement to establish the drug testing program.

Also under current law, an employer may voluntarily submit to DWD the results of a preemployment test for the presence of controlled substances that was conducted on an individual as a condition of an offer of employment or notify DWD that an individual declined to submit to such a test. If DWD then verifies that submission, the employee may be ineligible for benefits until he or she requalifies. However, a claimant who tested positive may maintain eligibility by enrolling in a substance abuse treatment program and undergoing a job skills assessment. The proposal repeals these preemployment drug testing provisions.

UI Trust Fund Impact:
UI drug testing of claimants has not been implemented. Therefore, this portion of the proposal will have no Trust Fund impact.

UI has received information from employers on individuals who have positive pre-employment drug tests results and refused pre-employment drug tests; however, no claimant has been denied benefits due to failing a test, nor has any claimant enrolled in a substance abuse treatment program. There is no expected impact to benefit payments as a result of this proposal

IT and Administrative Impact:
IT impact to the Unemployment Insurance program is estimated at $7,120.
One-time administrative impact to the UI program is estimated at $2,136.
There is no ongoing administrative impact to the UI program.

Repeal Substantial Fault

Date: April 15, 2021
Proposed by: DWD
Prepared by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Repeal Substantial Fault

1. Description of Proposed Change

Currently, an employee who is discharged is ineligible for unemployment insurance benefits if the discharge is for misconduct by the employee connected with their employment or if the discharge is for substantial fault by the employee connected with the employee's work. In either case, the employee is ineligible for unemployment benefits until seven weeks have elapsed since the end of the week in which the discharge occurs, and the employee earns wages after the week in which the discharge occurs equal to at least 14 times the employee's weekly benefit rate.

For misconduct discharges (but not for substantial fault), the wages paid to an employee by an employer which terminates employment of the employee for misconduct connected with the employee's employment shall be excluded from the employee's base period wages for purposes of benefit entitlement. This is known as cancellation of wage credits.

Previously, section 108.04(5g) was created as a provision of the 2005 agreed bill by the Unemployment Insurance Advisory Council. That statute provided a disqualification for certain violations of an attendance policy if certain requirements were met. The employee would be disqualified for unemployment insurance benefits until six weeks have elapsed since the end of the week in which the discharge occurs, and the employee earned wages after the week in which the discharge occurs equal to at least 6 times the employee's weekly benefit rate.

The 2013 Budget, 2013 Wis. Act 20, repealed section 108.04(5g) and replaced it with the disqualification for substantial fault. Wisconsin appears to be the only state that has a

disqualification for substantial fault. Act 20 also created several enumerated types of misconduct under section 108.04(5)(a)-(g).

The Governor's Budget Bill (AB 68 / SB 111) proposes to repeal the substantial fault disqualification. The substantial fault statute has been the subject of litigation to the courts, including the Supreme Court. Repealing that provision would result in more predictability for claimants and employers.

2. Proposed Statutory Changes[1]

Section 108.04(5g) of the statutes is repealed.

3. Effects of Proposed Change

a. **Policy:** The proposed change would result in increased payment of unemployment insurance benefits to claimants who would currently be denied on substantial fault grounds. The proposed change would result in more predictability for claimants and employers and could result in less litigation on discharge issues.

b. **Administrative:** This proposal will require training of Department staff.

c. **Fiscal:** A fiscal estimate is attached.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

5. Proposed Effective/Applicability Date

This proposal would apply to initial determinations issued on or after the effective date.

Repeal Substantial Fault
FISCAL ANALYSIS OF PROPOSED LAW CHANGE

Prepared by: Technical Services Section

Summary of Proposal:

Under current law, a claimant for UI benefits whose work is terminated by his or her employer for substantial fault by the claimant connected with the claimant's work is ineligible to receive UI benefits until the claimant qualifies through subsequent employment. With certain exceptions, current law defines "substantial fault" to include those acts or omissions of a claimant over which the claimant exercised reasonable control and that violate reasonable requirements of the claimant's employer. The bill repeals this provision on substantial fault.

UI Trust Fund Impact:

This proposal is estimated to cost the UI Trust Fund approximately $5.0 million annually based on increased benefit payments.

IT and Administrative Impact:

This proposal is expected to have a negligible one-time IT impact, and negligible one-time and ongoing administrative impact to the UI program.

Trust Fund Methodology:

Substantial fault is the last step when considering a denial when someone is discharged:
(1) check for statutory misconduct (under a-g); if no denial then
(2) check for general misconduct; if no denial then
(3) check for substantial fault.

Under this change, if the case doesn't meet the first two denial reasons, the determination would be an allow. So, any determination that is currently substantial fault would be an allow under this change.

There were 1,953 substantial fault decisions that denied benefits in 2019. With the elimination of substantial fault decisions, these would now be situations where benefits were allowed. Using the Quarter 4 2019 average weekly benefit amount of $328 per week and the Quarter 4 2019 duration of 12.1 weeks of UI this would be an additional $7.7 million in UI benefits. Taking into consideration an increase in UI taxes of $2.5 million annually, and a decrease of $200,000 in benefits charges to reimbursable employers the total impact would be an annual reduction of the UI Trust Fund of $5.0 million.

**Caveat: In 2019 there were record low benefit claims. In a year with higher claim numbers, we would expect to see a greater UI Trust Fund impact.

IT and Administrative Impact Methodology:

Minor system and policy changes would need to be put in place.

Quit Exception for Relocating Spouse

Date: April 15, 2021
Proposed by: DWD
Prepared by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Quit Exception for Relocating Spouse

1. Description of Proposed Change

Employees who quit a job are generally ineligible for unemployment insurance benefits unless an exception applies.

As a condition of Wisconsin receiving federal grant money (American Recovery and Reinvestment Act of 2009 Funds), 2009 Wis. Act 11 created a quit exception. The exception permitted claimants to be eligible for unemployment insurance benefits (assuming they were otherwise qualified) if they quit their job to move with a spouse who changed their place of employment, and it would have been impractical for the claimant to commute from the new location.

The 2013 Budget Act, 2013 Wis. Act 20, amended and repealed several quit exceptions, including amending the "quit to relocate" exception in Wis. Stat. § 108.04(7)(t). The amended quit exception, effective January 2014, was narrowed to cover only a claimant whose spouse is on active duty with the U.S. Armed Forces, is required to relocate by the U.S. Armed Forces and it is impractical for the claimant to commute to work.

The Governor's Budget Bill (AB 68 / SB 111) modifies the changes to this quit exception made by 2013 Wis. Act 20 and provides that the quit exception covers all spouses who move with a relocating spouse, not just those serving in the U.S. Armed Forces. This proposal broadens this quit exception to apply to claimants whose spouses are required by any employer to relocate, not just the U.S. Armed Forces.

2. Proposed Statutory Changes[1]

Section 108.04 (7) (t) 1. of the statutes is repealed.

Section 108.04 (7) (t) 2. of the statutes is amended to read:

The employee's spouse was required by ~~the U.S. armed forces~~ his or her employing unit to relocate to a place to which it is impractical for the employee to commute.

3. Effects of Proposed Change

a. **Policy:** The proposed change may encourage workers to relocate to take better jobs. This proposal would ensure that spouses of workers who relocate to take better jobs are able to receive unemployment insurance benefits after relocating if it is impractical for the spouse to commute.

b. **Administrative:** This proposal will require training of Department staff.

c. **Fiscal:** A fiscal estimate is not yet available.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

5. Proposed Effective/Applicability Date

D21-18
Quit Exception for Relocating Spouse

Date: 05/13/2021
Prepared by: Technical Services Section

FISCAL ANALYSIS OF PROPOSED LAW CHANGE

Summary of Proposal:
Under current law, if an employee's spouse is a member of the U.S. Armed Forces on active duty and is relocated, and the employee quits his or her job in order to relocate with his or her spouse, the employee remains eligible to collect UI benefits. The proposal expands this exception so that it applies to an employee who quits employment in order to relocate with a spouse who is required by any employer, not just the U.S. Armed Forces, to relocate.

UI Trust Fund Impact:
This proposal is estimated to cost the UI Trust Fund approximately $462,000 annually based on increased benefit payments.

IT and Administrative Impact:
IT impact to the Unemployment Insurance program is a one-time impact estimated at $890.
One-time administrative impact to the UI program is estimated at $267.
There is no ongoing administrative impact.

Trust Fund Methodology:
Under prior law, there was a similar, but broader relocation exception. In 2011, there were 417 instances where benefits were allowed due to this quit exception. Averaging initial claims from the years between 2016 and 2019 and comparing that value to the initial claims in 2011, we expect there to now be 187 cases where benefits would be allowed under this exception. Initial claims for 2020 were not included because we do not expect 2020 to be representative of initial claims going forward. Using an average weekly benefit amount of $300 and an average duration over the period of 2016 to 2019 of 12.8 weeks this would increase benefits by an expected $718,000 annually. After deducting reimbursable benefits of $29,000 and accounting for an expected increased UI taxes of $227,000, the UI Trust Fund is expected to decrease by $462,000 annually

Repeal Waiting Week

Date: April 15, 2021
Proposed by: DWD
Prepared by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Repeal Waiting Week

1. Description of Proposed Change

The first Wisconsin unemployment benefit claimant had a three-week waiting period before receiving the first unemployment check in 1936. In 1941, the waiting period was reduced to two weeks. In 1951, the waiting period was further reduced to one week. In 1969, the waiting period was still one week, but a claimant could receive benefits for that week if they obtained employment within 10 weeks of the start of their benefit year. The waiting week was repealed in 1977.

The 2011 Budget, 2011 Wis. Act 32, recreated a waiting week for unemployment insurance benefits, effective January 2012. For every new benefit year, no benefits are payable for the first week a claimant would otherwise be eligible for benefits. The waiting week may be a week in which full or partial benefits are payable. The waiting week does not reduce a claimant's maximum benefit amount. About 42 states have a waiting week during non-pandemic times.

The one-week delay in benefit payments does not reduce a claimant's total amount of benefits that they are eligible for.

During the 2020-2021 COVID-19 pandemic, Wisconsin suspended the waiting week for the period of March 15, 2020-March 13, 2021 because the federal government funded benefits for the first week of unemployment for states that did not have a waiting week.

The Governor's Budget Bill (AB 68 / SB 111) would permanently repeal the waiting week.

2. Proposed Statutory Changes[1]

Section 108.02 (26m) of the statutes is repealed.

Section 108.04 (3) of the statutes is repealed.

108.04 (11) (bm) of the statutes is amended to read:

The department shall apply any ineligibility under par. (be) against benefits and weeks of eligibility for which the claimant would otherwise be eligible after the week of concealment and within 6 years after the date of an initial determination issued under s. 108.09 finding that a concealment occurred. ~~The claimant shall not receive waiting period credit under s. 108.04 (3) for the period of ineligibility applied under par. (be).~~ If no benefit rate applies to the week for which the claim is made, the department shall use the claimant's benefit rate for the claimant's next benefit year beginning after the week of concealment to determine the amount of the benefit reduction.

3. Effects of Proposed Change

a. **Policy:** The proposed change would result in increased payment of unemployment insurance benefits to claimants who do not exhaust their benefit duration limit.

b. **Administrative:** This proposal will require training of Department staff.

c. **Fiscal:** A fiscal estimate is not yet available.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

5. Proposed Effective/Applicability Date

This proposal would be effective with the other provisions of the agreed bill.

D21-19
Repeal Waiting Week

Date: 05/17/2021
Prepared by: Technical Services Section

FISCAL ANALYSIS OF PROPOSED LAW CHANGE

Summary of Proposal:
Currently, a claimant must wait one week after becoming eligible to receive UI benefits before the claimant may receive benefits for a week of unemployment, except for periods during which the waiting period is suspended. The waiting period does not affect the maximum number of weeks of a claimant's benefit eligibility. The proposal deletes the one-week waiting period, thus permitting a claimant to receive UI benefits beginning with his or her first week of eligibility.

UI Trust Fund Impact:
This proposal is estimated to cost the UI Trust Fund approximately $26.1 million annually based on increased benefit payments.

IT and Administrative Impact:
IT impact to the Unemployment Insurance program is expected to be nominal unless the change is made retroactive. A retroactive change would require $1,157 of IT cost and a one-time administrative impact of $381 for a total one-time cost of $1,538. There should be no ongoing administrative impact to the UI program.

Trust Fund Methodology:
Eliminating the waiting week will increase UI benefits by 5% annually. Using benefits charged to taxable employers for the period of 2009 to 2019, the average increase in UI benefits would be $39 million annually. This would lead to an increase of UI taxes of $12.9 million for a net expected average change of $26.1 million annually.

Under federal law, states that do not have a waiting week are fully responsible for the first week of extended benefits instead of the typical fifty percent of cost under the Extended Benefits program. However, during the past two recessions this charge was waived.

Repeal Work Search and Work Registration Waivers from Statute

Date: April 15, 2021
Proposed by: DWD
Prepared by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Repeal Work Search and Work Registration Waivers from Statute

1. Description of Proposed Change

Unemployment benefit claimants must conduct at least four work searches each week and register for work, unless a waiver relieves them of these requirements. Federal law also requires claimants to be actively seeking work and to register for work. Before 2017 Wis. Act 370 (enacted during the 2018 extraordinary session), the unemployment work search waivers were set forth in Wis. Admin. Code DWD § 127.02. The unemployment work registration waivers were in Wis. Admin. Code DWD § 126.03.

Act 370 codified in statute the work search and work registration waivers that existed in Administrative Code chapters DWD 126 and 127. Act 370 also created statutory language to permit the Department to promulgate administrative rules that modify the statutory work search and work registration waivers or create additional work search or work registration waivers "to comply with a requirement under federal law or is specifically allowed under federal law." The Department has not yet repealed the prior Administrative Code waivers. The Department promulgated an emergency rule during the COVID-19 pandemic to waive work search during the pandemic, consistent with federal law.

The Governor's Budget Bill (AB 68 / SB 111) would repeal the work search waiver provisions in statute as created by Act 370, restore the applicable statutes to their pre-Act 370 language, and direct the Department to establish work search waivers by administrative rule.

2. Proposed Statutory Changes[1]

Section 108.04 (2) (a) (intro.) of the statutes is amended to read:

Except as provided in ~~pars.~~ par. (b) ~~to (bd)~~, sub. (16) (am) and (b), and s. 108.062 (10) and (10m) and as otherwise expressly provided, a claimant is eligible for benefits as to any given week only if all of the following apply:

Section 108.04 (2) (a) 3. of the statutes is repealed and recreated to read:

The claimant conducts a reasonable search for suitable work during that week and provides verification of that search to the department. The search for suitable work must include at least 4 actions per week that constitute a reasonable search as prescribed by rule of the department. In addition, the department may, by rule, require a claimant to take more than 4 reasonable work search actions in any week. The department shall require a uniform number of reasonable work search actions for similar types of claimants. This subdivision does not apply to a claimant if the department determines that the claimant is currently laid off from employment with an employer but there is a reasonable expectation of reemployment of the individual by that employer. In determining whether the claimant has a reasonable expectation of reemployment by an employer, the department shall request the employer to verify the claimant's employment status and shall consider all of the following:

a. The history of layoffs and reemployments by the employer.

b. Any information that the employer furnished to the claimant or the department concerning the claimant's anticipated reemployment date.

c. Whether the claimant has recall rights with the employer under the terms of any applicable collective bargaining agreement.

Repeal Work Search and Work Registration Waivers from Statute

Section 108.04 (2) (b) of the statutes is repealed and recreated to read:

The department may, by rule, establish waivers from the registration for work requirement under par. (a) 2. and the work search requirement under par. (a) 3.

Section 108.04 (2) (bb) of the statutes is repealed.

Section 108.04 (2) (bd) of the statutes is repealed.

Section 108.04 (2) (bm) of the statutes is amended to read:

A claimant is ineligible to receive benefits for any week for which there is a determination that the claimant failed to comply with the registration for work and work search requirements under par. (a) 2. or 3. or failed to provide verification to the department that the claimant complied with those requirements, unless the department has waived those requirements under par. (b)~~, (bb), or (bd)~~ or s. 108.062 (10m). If the department has paid benefits to a claimant for any such week, the department may recover the overpayment under s. 108.22.

3. Effects of Proposed Change

a. **Policy:** The proposed change would restore the law on work search and work registration waivers to the status quo before Act 370.

b. **Administrative:** This proposal will require training of Department staff.

c. **Fiscal:** A fiscal estimate is attached.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

Work Search Waiver Provisions by Rule in Lieu of Statute

Issue: This proposal deletes work search waiver provisions in current law and instead allow DWD to establish such waivers by rule.

Annual and Biennial Impacts:

Effective date is dependent on the promulgation of rules

The proposal, as written, would not have any impact on benefit payments or UI tax revenue. It would not impact reimbursable employers, nor the UI Trust Fund. Any impacts would be determined based on DWD administrative rule.

Summary of Proposal:
This proposal removes the waiver requirements from statute and instead allows DWD to establish waivers for the registration for work and work search requirements by rule. The proposal also specifies that the work search requirement does not apply to a claimant who has been laid off but DWD determines that the claimant has a reasonable expectation to be recalled to work.

UI Trust Fund Impact:
This proposal is estimated to have no impact on the UI Trust.

IT and Administrative Impact:
There is no IT or administrative impact to the Unemployment Insurance program.

Trust Fund Methodology:
This proposal would revert statute to rule and policy matching the current statute, so there would be no impact.

Wage threshold for receipt of benefits

Date: April 15, 2021
Proposed by: DWD
Prepared by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Wage threshold for receipt of benefits

1. Description of Proposed Change

The 2011 Unemployment Insurance Advisory Council agreed bill, 2011 Wis. Act 198, capped the amount of wages that a claimant may earn and still receive partial benefits at $500. Before Act 198, there was no wage cap in the statute, but a claimant would not receive unemployment benefits if they earned enough wages to receive nothing under the partial UI benefit formula. Section 108.05(3)(dm) currently provides that a claimant is ineligible for benefits if they receive from one or more employers:

- Wages earned for work performed in that week of more than $500, or
- Holiday, vacation, termination or sick pay which, alone or combined with wages earned for work performed in that week, equals more than $500.

Claimants are also ineligible for partial benefits if they work 32 hours or more in a week.

The Governor's Budget Bill (AB 68 / SB 111) would repeal the $500 weekly maximum earned income disqualification but would not amend the partial benefit formula. Under this proposal and the current partial UI benefit formula, a claimant with a $370 weekly UI benefit rate could receive a partial UI benefit of $5 if they earn $574 per week or less in wages.[1] Claimants who earn $575 per week or more in wages would continue to be ineligible for benefits based on the partial benefit formula and current maximum weekly benefit rate of $370 weekly.

[1] This is a preliminary estimated calculation, subject to revision.

2. Proposed Statutory Changes[2]

Section 108.05 (3) (dm) of the statutes is repealed.

~~Except when otherwise authorized in an approved work-share program under s. 108.062, a claimant is ineligible to receive any benefits for a week if the claimant receives or will receive from one or more employers wages earned for work performed in that week, amounts treated as wages under s. 108.04 (1) (bm) for that week, sick pay, holiday pay, vacation pay, termination pay, bonus pay, back pay, or payments treated as wages under s. 108.04 (12) (e), or any combination thereof, totalling more than $500.~~

3. Effects of Proposed Change

a. **Policy:** The proposed change would result in claimants receiving a small partial UI benefit if they earn $500 to $574 in wages, sick, holiday, vacation, termination, bonus, or back pay in a week.

b. **Administrative:** This proposal will require training of Department staff.

c. **Fiscal:** A fiscal estimate is not yet available.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

5. Proposed Effective/Applicability Date

This proposal would be effective for weeks of unemployment beginning in 2022.

Wage Threshold for Receipt of Benefits

Date: 05/17/2021
Prepared by: Technical Services Section

FISCAL ANALYSIS OF PROPOSED LAW CHANGE

Summary of Proposal:
Under current law, a claimant for UI benefits is generally ineligible to receive any benefits for a week if the claimant receives or is considered to have received wages or other amounts from employment totaling more than $500. The proposal repeals this ineligibility provision. However, the proposal does not affect the partial benefits formula, which reduces a claimant's weekly UI benefit payment by a certain percentage of wages earned in a week by the claimant.

UI Trust Fund Impact:
This is expected to have a nominal impact of the UI Trust Fund.

IT and Administrative Impact:
This proposal would have an approximate $13,350 IT and $4,450 administrative impact for a total one-time cost of $17,800. There are no ongoing administrative impacts to the UI program.

Trust Fund Methodology:
Removing the $500 limit still leaves two binding constraints on what a claimant may earn and still be allowed UI benefits in a week. The definition of full-time work of 32 hours or more eliminates most claimants who earn over $500 per week. The partial benefit formula will also constrain the amount a person may earn in a week. At the current maximum weekly benefit amount of $370, there would still be an additional earnings limit of $573 per week. Given the two constraints the increase in UI benefits is expected to be minimal.

Increase Maximum Weekly Benefit Rate

Date: April 15, 2021
Proposed by: DWD
Prepared by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Increase Maximum Weekly Benefit Rate

1. Description of Proposed Change

2013 Wis. Act 36 increased the maximum weekly benefit rate for unemployment insurance benefits from $363 to $370 starting January 2014, which was the last time Wisconsin increased the maximum weekly benefit rate. Charts showing historical data and data from other states are attached.

The Governor's Budget Bill (AB 68 / SB 111) would increase the maximum weekly benefit rate from $370 to $409 per week to reflect increases in the average weekly wage since 2014. This change would be effective for payments made for weeks of unemployment beginning January 2, 2022. For weeks of unemployment beginning January 1, 2023, the maximum would be 50% of Wisconsin's average weekly wage. For weeks of unemployment beginning on December 31, 2023, the maximum would be the greater of the maximum for the prior year or 75% of Wisconsin's average weekly wage.

In 2019, the state's average weekly wage was $951. Under this proposal **but using 2019 data for reference**, the maximum UI benefit rate for 2023 would be $475.50 weekly; for 2024, it would be $713.25 weekly.

2. Proposed Statutory Changes[1]

Section 108.05 (1) (am) of the statutes is created to read:

108.05 (1) (am) On or before June 30 of each year, the department shall calculate, from quarterly wage reports under s. 108.205 for the prior calendar year, the state's annual average weekly wage in employment covered under this chapter.

Section 108.05 (1) (cm) of the statutes is created to read:

108.05 (1) (cm) The department shall set the maximum weekly benefit amount as follows:

1. For benefits paid for a week of total unemployment that commences on or after January 5, 2014, but before January 2, 2022, $370.
2. For benefits paid for a week of total unemployment that commences on or after January 2, 2022, but before January 1, 2023, $409.
3. For benefits paid for a week of total unemployment that commences on or after January 1, 2023, but before January 7, 2024, $409 or 50 percent of the state's annual average weekly wage, rounded up to the nearest dollar, whichever is greater.
4. For benefits paid for a week of total unemployment that commences on or after January 7, 2024, the department shall set an annual maximum weekly benefit amount that takes effect on the 1st Sunday in January of each calendar year and that is equal to the greater of the following:
    a. Seventy-five percent of the state's annual average weekly wage, rounded up to the nearest dollar.
    b. The maximum benefit amount in effect in the previous calendar year.

D21-22
Increase Maximum Weekly Benefit Rate

Section 108.05 (1) (r) of the statutes is renumbered 108.05 (1) (r) (intro.) and amended to read:

108.05 (1) (r) (intro.) Except as provided in s. 108.062 (6) (a), each eligible employee shall be paid benefits for each week of total unemployment ~~that commences on or after January 5, 2014,~~ at ~~the~~ a weekly benefit rate ~~specified in this paragraph. Unless sub. (1m) applies, the weekly benefit rate shall~~ equal to 4 percent of the employee's base period wages that were paid during that quarter of the employee's base period in which the employee was paid the highest total wages, rounded down to the nearest whole dollar, except ~~that, if that amount~~ as provided under sub. (1m), and unless one of the following applies:

1. If the employee's weekly benefit rate calculated under this paragraph is less than $54, no benefits are payable to the employee ~~and, if that amount~~.
2. If the employee's weekly benefit rate is more than ~~$370~~ the maximum weekly benefit amount under par. (cm), the employee's weekly benefit rate shall be $370 and ~~except that, if~~ the maximum weekly benefit amount under par. (cm).
3. If the employee's benefits are exhausted during any week under s. 108.06 (1), the employee shall be paid the remaining amount of benefits payable to the employee under s. 108.06 (1).

(s) The department shall publish on its Internet site a weekly benefit rate schedule of quarterly wages and the corresponding weekly benefit rates as calculated in accordance with this ~~paragraph~~ subsection.

3. Effects of Proposed Change

a. **Policy:** The proposed change would increase the maximum weekly benefit rate to reflect increases in the average weekly wage.

b. **Administrative:** This proposal will require training of Department staff.

c. **Fiscal:** A fiscal estimate is not yet available.

4. State and Federal Issues

Increase Maximum Weekly Benefit Rate

Date: 05/19/2021
Prepared by: Technical Services Section

FISCAL ANALYSIS OF PROPOSED LAW CHANGE

Summary of Proposal:
Under current law, a person who qualifies for UI receives a weekly benefit equal to a percentage of that person's past earnings, but the weekly benefit is capped at $370. The proposal changes the maximum weekly benefit in the following ways:

1. For benefits paid for weeks of unemployment beginning on or after January 2, 2022, but before January 1, 2023, the maximum weekly benefit is capped at $409.
2. For benefits paid for weeks of unemployment beginning on or after January 1, 2023, but before December 31, 2023, the maximum weekly benefit is capped at 50 percent of the state's annual average weekly wages.
3. For benefits paid for weeks of unemployment beginning on or after December 31, 2023, the maximum weekly benefit is capped at 75 percent of the state's annual average weekly wages, or the maximum weekly benefit amount from the previous year, whichever is greater.

Under the proposal, DWD is required to calculate the state's annual average weekly wage for each year based on quarterly wage reports that are submitted to DWD. The state's annual average weekly wage is calculated by June 30 of each year and is used to calculate the following year's maximum weekly benefit amount.

UI Trust Fund Impact:
This proposal is expected to cost the UI Trust fund $23.9 million in 2022, $94.5 million in 2023, and $167.5 million in 2024. Every year after 2024, it is expected to cost an additional $4.4 million annually.

IT and Administrative Impact:
The annual IT impact to the program is estimated at $22,250 and an annual administrative impact program is estimated at $7,417, for a total annual cost of $29,667.

Trust Fund Methodology:
In order to account for differing economic situations, claimants with benefit years in the period of 2016 to 2019 were examined. To account for wage growth, each individuals' wages were adjusted by the IHS projected annual wage growth of 3.4%. Using these wages, new benefit years were calculated at the higher weekly benefit rates. The benefit years were then verified to still qualify for UI benefits. The total changes were then summed and multiplied by the average duration over the period of 12.8 weeks. The amounts were then averaged across benefit years to arrive at the new benefit amounts.

For the $409 weekly benefit rate, the expected increase in UI benefits is $38.0 million. Reimbursable employers are expected to be charged with $2.3 million in benefits. This is also expected to lead to an increase in UI taxes of $11.8 million annually leading to a net UI Trust Fund decrease of $23.9 million.

When the weekly benefit rate changes to 50% of the annual wage in 2023, the weekly benefit rate is estimated to be $552 based on IHS Markit estimates (IHS Markit is a leading economic forecaster.) This is expected to increase UI benefits paid by $150 million compared to a $370 weekly benefit rate. Reimbursable employers are expected to be charged $9 million in benefits. An expected increase of UI taxes by $46.5 million results in a net change in the UI Trust Fund of $94.5 million.

Starting in January 2024, 75% of the average weekly wage is expected to raise the weekly benefit rate to $854 per week. This is expected to increase UI benefits paid by $266 million compared to the current $370 weekly

benefit rate. Reimbursable employers are expected to be charged $16 million in benefits. An expected increase of UI taxes by $82.5 million results in a net change in the UI Trust Fund of $167.5 million.

To address the index moving forward, the estimated change for 2025 was calculated. Indexing the weekly benefit rate going forward is expected to increase UI benefits by $7 million annually. $0.4 million of benefits is expected to be charged to reimbursable employers and an expected $2.2 million increase in UI taxes. This expected to decrease the UI Trust Fund by $4.4 million annually.

The estimated cost to the Trust Fund in 2025 is the sum of $167.5 million and $4.4 million for a total cost of $171.9 million, with an expected additional $4.4 million each year following.

Flexibility for Finding Suitable Work

Date: April 15, 2021
Proposed by: DWD
Prepared by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Flexibility for Finding Suitable Work

1. Description of Proposed Change

The definition of "suitable work" in the Unemployment Insurance law provides a standard for determining whether an unemployment benefit claimant has good cause for refusing work when offered. The Unemployment Insurance administrative rules currently define "suitable work" as "work that is reasonable considering the claimant's training, experience, and duration of unemployment as well as the availability of jobs in the labor market."[1]

Before 2015, when a claimant refused an offer of work within the first six weeks of becoming unemployed, the Department compared the skill level and rate of pay of the job refused to one or more of the claimant's recent jobs. Benefits were allowed if the skill level of the work being refused was lower than that of one or more recently-held jobs or if the rate of pay offered was less than 80% of the pay of one or more recent jobs. The 80% threshold was set by Department policy.

As part of the 2015 Unemployment Insurance Advisory Council agreed bill, 2015 Wis. Act 334, the Council agreed to the current statutory definition of suitable work found in sections 108.04(8)(d) and (dm). The suitable work provisions of 2015 Wis. Act 334 effectively codified Department policy but reduced the pay threshold from 80% to 75%.

Under the 2015 Wis. Act 334 suitable work changes, a two-tiered approach is used to determine whether work refused is suitable based on when the job is refused. For claimants who refuse a job within the first six weeks of unemployment (known as the "canvassing period"), the

[1] Wis. Admin. Code DWD § 100.02(61).

Department will compare the skill level and rate of pay to the claimant's most recent jobs and determine whether the hourly wage is at least 75% of what the claimant earned in their highest paying most recent job.[2]

For jobs refused after the sixth week of becoming unemployed, suitable work is defined as "any work that the employee is capable of performing, regardless of whether the employee has any relevant experience or training, that pays wages that are above the lowest quartile of wages for similar work in the labor market area in which the work is located, as determined by the department."[3] The work must still meet labor standards.

The Governor's Budget Bill (AB 68 / SB 111) amends the suitable work statutes so that claimants are not required to accept less favorable work until the 11th week of unemployment.

Under current Wis. Stat. § 108.04(7)(e), an employee is eligible for UI if they quit a job within the first 30 days based on "the same grounds for voluntarily terminating work [within the first 30 days] if the employee could have failed to accept the work under [the statutory suitable work definition] when it was offered, regardless of the reason articulated by the employee for the termination."

The Governor's Budget Bill (AB 68 / SB 111) amends the quit exception so that claimants may quit a job within 10 weeks of starting it if they could have refused the job as unsuitable. This change to the quit exception may make unemployment claimants more likely to try jobs that they might otherwise refuse; it may also encourage them to try the jobs for more time before quitting.

[3] Wis. Stat. § 108.04(8)(dm).

2. Proposed Statutory Changes[4]

108.04 (7) (e) of the statutes is amended to read:

Paragraph (a) does not apply if the department determines that the employee accepted work that the employee could have failed to accept under sub. (8) and terminated the work on the same grounds and within the first ~~30 calendar days~~ 10 weeks after starting the work, or that the employee accepted work that the employee could have refused under sub. (9) and terminated the work within the first ~~30 calendar days~~ 10 weeks after starting the work. For purposes of this paragraph, an employee has the same grounds for voluntarily terminating work if the employee could have failed to accept the work under sub. (8) (d) to (em) when it was offered, regardless of the reason articulated by the employee for the termination.

Section 108.04 (8) (d) (intro.) of the statutes is amended to read:

With respect to the first ~~6~~ 10 weeks after the employee became unemployed, "suitable work," for purposes of par. (a), means work to which all of the following apply:

Section 108.04 (8) (dm) of the statutes is amended to read:

With respect to the ~~7th~~ 11th week after the employee became unemployed and any week thereafter, "suitable work," for purposes of par. (a), means any work that the employee is capable of performing, regardless of whether the employee has any relevant experience or training, that pays wages that are above the lowest quartile of wages for similar work in the labor market area in which the work is located, as determined by the department.

[4] Subject to revision to ensure cross-references are corrected.

3. Effects of Proposed Change

a. **Policy:** The proposed change will give claimants more time to find suitable work after becoming unemployed. This proposal may incentivize claimants to take less favorable jobs, which may result in fewer benefits paid to claimants.

b. **Administrative:** This proposal will require training of Department staff.

c. **Fiscal:** A fiscal estimate is not yet available.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

5. Proposed Effective/Applicability Date

This proposal would apply to determinations issued after the effective date of the bill.

D21-23
Flexibility for Finding Suitable Work

Date: 05/17/21
Prepared by: Technical Services Section

FISCAL ANALYSIS OF PROPOSED LAW CHANGE

Summary of Proposal:

This proposal changes how UI adjudicates suitable work issues in two ways. The first is to extend the period of time a claimant may refuse less than suitable work. The second is to extend the amount of time a claimant may quit a job that would have been deemed unsuitable work when the claimant accepted employment.

Under current law, if a claimant for UI benefits fails, without good cause, to accept suitable work when offered, the claimant is ineligible to receive benefits until he or she earns wages after the week in which the failure occurs equal to at least six times the claimant's weekly UI benefit rate in covered employment. Current law specifies what is considered “suitable work” for purposes of these provisions, with different standards applying depending on whether six weeks have elapsed since the claimant became unemployed. Once six weeks have elapsed since the claimant became unemployed, the claimant is required to accept work that pays lower and involves a lower grade of skill.

The proposal modifies these provisions, described above, so that the claimant is not required to accept less favorable work until 10 weeks have elapsed since the claimant became unemployed.

This proposal also would amend the quit exception so that claimants may quit a job within 10 weeks of starting the job if they could have refused the job as unsuitable. This change to the quit exception may make unemployment claimants more likely to try jobs that they might otherwise refuse; it may also encourage them to try the jobs for more time before quitting.

UI Trust Fund Impact:
This proposal is estimated to cost the UI Trust Fund approximately $2.78 million annually based on increased benefit payments.

IT and Administrative Impact:
There are no expected measurable ongoing IT or administrative costs.

Trust Fund Methodology:
Using past data analysis under prior law, when Wisconsin allowed quits for up to 10 weeks, it is estimated that approximately 31% of allowed decisions were past the 30-day threshold. Applying that increase to benefits allowed for this reason in 2019, there is an estimated 948 additional individuals who would have received benefits in 2019. This would lead to an increase in UI benefits of approximately $3.8 million. After accounting for reimbursable employers and an increase of UI taxes of approximately $1.2 million, the net decrease to the UI Trust Fund would be $2.6 million annually.

Using data from 2019, 40 cases that had UI benefits denied due to refusal of suitable work were reviewed. Looking at the case data, it was investigated if making a change from 6 weeks to 10 weeks would have impacted the decision. It was only definite for one decision to be reversed but an additional 6 decisions may have been affected. The implies up to 17.5% of the 398 cases denied for suitable work in 2019 may have been allowed under this proposal. Using the 2019 average weekly benefit amount of $320 and the average duration for the period 2016 to 2019 the expected amount of additional benefits is up to $285,000 annually. Accounting for an estimated $17,000 of reimbursable benefits and $88,000 in additional tax revenue leads to a reduction in the UI Trust Fund by $180,000 annually.

The total expected decrease in the UI Trust Fund is $2.78 million annually.

Amend Social Security Disability Insurance Disqualification

Date: April 15, 2021
Proposed by: DWD
Prepared by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Amend Social Security Disability Insurance Disqualification

1. Description of Proposed Change

Currently, recipients of federal Social Security Disability Insurance ("SSDI") payments are ineligible for unemployment insurance benefits. Recipients of pension payments are eligible for unemployment insurance benefits, but the unemployment benefit is reduced by the pension payment.

The Governor's Budget Bill (AB 68 / SB 111) proposes to amend the prohibition on receipt of UI for SSDI recipients by reducing the amount of weekly UI benefits by the proportionate amount of the claimant's SSDI payment.

Under this proposal, a claimant who receives $1,000 monthly in SSDI and would otherwise be eligible for $300 weekly in UI would receive a weekly UI payment of $69.[1]

2. Proposed Statutory Changes[2]

Section 108.04 (2) (h) of the statutes is amended to read:

A claimant shall, when the claimant first files a claim for benefits under this chapter and during each subsequent week the claimant files for benefits under this chapter, inform the department whether he or she is receiving social security disability insurance payments, as defined in ~~sub. (12) (f) 2m~~ s. 108.05 (7m) (b). If the claimant is receiving social security disability insurance payments, the claimant shall, in the manner prescribed by the department, report to the department the amount of the social security disability insurance payments.

[1] This calculation is preliminary and subject to revision.
[2] Subject to revision to ensure cross-references are corrected.

D21-24
Amend Social Security Disability Insurance Disqualification

Section 108.04 (12) (f) 1m. and 2m. of the statutes are renumbered 108.05 (7m) (a) and (b) and amended to read:

(a) The intent of the legislature in enacting this ~~paragraph~~ subsection is to prevent the payment of duplicative government benefits for the replacement of lost earnings or income, regardless of an individual's ability to work.

(b) In this ~~paragraph~~ subsection, “social security disability insurance payment" means a payment of social security disability insurance benefits under 42 USC ch. 7 subch. II.

Section 108.04 (12) (f) 3. of the statutes is repealed.

Section 1754. 108.04 (12) (f) 4. of the statutes is renumbered 108.05 (7m) (e).

Section 108.05 (7m) (title), (c) and (d) of the statutes are created to read:

SOCIAL SECURITY DISABILITY INSURANCE PAYMENTS. (c) If a monthly social security disability insurance payment is issued to a claimant, the department shall reduce benefits otherwise payable to the claimant for a given week in accordance with par. (d). This subsection does not apply to a lump sum social security disability insurance payment in the nature of a retroactive payment or back pay.

(d) The department shall allocate a monthly social security disability insurance payment by allocating to each week the fraction of the payment attributable to that week.

3. Effects of Proposed Change

a. **Policy:** Under this proposed change, recipients of SSDI may receive UI benefits.

b. **Administrative:** This proposal will require training of Department staff.

c. **Fiscal:** A fiscal estimate is not yet available.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

5. Proposed Effective/Applicability Date

This proposal would be effective for weeks of unemployment after the proposal is enacted.

D21-24
Social Security Disability Insurance Payments

Date: 05/17/21
Prepared by: Technical Services Section

FISCAL ANALYSIS OF PROPOSED LAW CHANGE

Summary of Proposal:
The proposal repeals the prohibition that allows an otherwise eligible claimant to receive both federal social security disability benefits (SSDI) and Unemployment Insurance (UI) benefits for the same period, and instead requires DWD to reduce a claimant's UI benefit payments by the amount of SSDI payments. Under the proposal, DWD will reduce the amount of weekly UI benefits by the proportionate amount of the claimant's SSDI payment.

UI Trust Fund Impact:
There is not expected to be any measurable impact to the UI Trust Fund.

IT and Administrative Impact:
This proposal would have an estimated one-time IT impact of $27,946 and a one-time administrative impact of $8,384. There are no ongoing administrative impacts to the UI program.

Trust Fund Methodology:

SSDI recipients in general have strict limits on the amount of income they may earn and continue to receive SSDI. This maximum amount ranges from $1,260 per month for disabled individuals to $2,110 per month for blind individuals. Assuming the individuals meet the other qualifying requirements, this would lead to a weekly benefit rate of either $151 or $253 per week. The average SSDI payment in Wisconsin was $1,443 per month in 2020. Treating SSDI payments as employer contributed pension payments, each weekly benefit payment would be reduced on average by $166 per week. For most SSDI claimants, this likely would completely offset any UI benefit available. While certain individuals would be eligible for UI, most SSDI recipients would not qualify for any UI payments. There is not expected to be a measurable impact on UI benefits or the UI Trust Fund.

D21-25
Electronic Communication and Filing

Date: April 15, 2021
Proposed by: DWD
Prepared by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Electronic Communication and Filing

1. Description of Proposed Change

Employers must file quarterly tax and wage reports showing the names, Social Security numbers, and wages paid to their employees. Employers with at least 25 employees must file those reports electronically. Electronic filing ensures that reports are not lost in the mail and reduce administrative costs for the Department. Employers who make contribution payments of at least $10,000 annually must make those payments by electronic funds transfer; any employer may do so. Current law also permits the Department to electronically communicate with employers and claimants who opt for that form of communication—though not all communication with the Department can currently be electronic.

The Governor's Budget Bill (AB 68 / SB 111) proposes that the electronic filing, electronic communication, and electronic payment provisions be mandatory for employers and claimants unless the employer or claimant demonstrates good cause for being unable to use the electronic method. The Department would determine good cause by rule. The Bill also provides that the Department may use electronic records and electronic signatures. The provision related to electronic communication will be effective when the Department has the technological capability to fully implement it.

The Department has begun the process of modernizing its unemployment insurance information technology systems with the expectation that a new system will result in administrative efficiencies for the Department and better service for employers and claimants. This proposal will ensure the maximization of such efficiencies and service improvements while

safeguarding the rights of those whose access to electronic means is severely limited or unavailable.

2. Proposed Statutory Changes[1]

Section 108.14 (2e) of the statutes is amended to read: 108.14 (2e)

The department ~~may~~ shall provide a secure means of electronic interchange between itself and employing units, claimants, and other persons that~~, upon request to and with prior approval by the department, may~~ shall be used for departmental transmission or receipt of any document specified by the department that is related to the administration of this chapter in lieu of any other means of submission or receipt specified in this chapter. The secure means of electronic interchange shall be used by employing units, claimants, and other persons unless a person demonstrates good cause for not being able to use the secure means of electronic interchange. The department shall determine by rule what constitutes good cause, for purposes of this subsection. Subject to s. 137.25 (2) and any rules promulgated thereunder, the department may permit the use of the use of electronic records and electronic signatures for any document specified by the department that is related to the administration of this chapter. If a due date is established by statute for the receipt of any document that is submitted electronically to the department under this subsection, then that submission is timely only if the document is submitted by midnight of the statutory due date.

Section 108.17 (2) (b) of the statutes is amended to read:

The department ~~may~~ shall electronically provide a means whereby an employer that files its employment and wage reports electronically may determine the amount of contributions due for payment by the employer under s. 108.18 for each quarter. If an employer that is subject to a contribution requirement files its employment and wage reports under s. 108.205 (1) electronically,

[1] Subject to revision to ensure cross-references are corrected.

in the manner prescribed by the department for purposes of this paragraph, the department may require the employer to determine electronically the amount of contributions due for payment by the employer under s. 108.18 for each quarter. In such case, the employer is excused from filing contribution reports under par. (a). The employer shall pay the amount due for each quarter by the due date specified in par. (a).

Section 108.17 (2b) of the statutes is amended to read:

The department shall prescribe a form and methodology for filing contribution reports under sub. (2) electronically. Each employer ~~of 25 or more employees, as determined under s. 108.22 (1) (ae),~~ that does not use an employer agent to file its contribution reports under this section shall file its contribution reports electronically in the manner and form prescribed by the department, unless the employer demonstrates good cause for not being able to file contribution reports electronically. The department shall determine by rule what constitutes good cause, for purposes of this subsection. Each employer that becomes subject to an electronic reporting requirement under this subsection shall file its initial report under this subsection for the quarter during which the employer becomes subject to the reporting requirement. Once an employer becomes subject to a reporting requirement under this subsection, it shall continue to file its reports under this subsection unless that requirement is waived by the department.

Section 108.17 (7) (a) of the statutes is amended to read:

Each employer ~~whose net total contributions paid or payable under this section for any 12-month period ending on June 30 are at least $10,000~~ shall pay all contributions under this section by means of electronic funds transfer beginning with the next calendar year, unless the employer demonstrates good cause for not being able to pay contributions by electronic funds transfer. The department shall determine by rule what constitutes good cause, for purposes of this subsection.

Once an employer becomes subject to an electronic payment requirement under this paragraph, the employer shall continue to make payment of all contributions by means of electronic funds transfer unless that requirement is waived by the department.

108.205 (2) of the statutes is amended to read:

Each employer ~~of 25 or more employees, as determined under s. 108.22 (1) (ae),~~ that does not use an employer agent to file its reports under this section shall file the quarterly report under sub. (1) electronically in the manner and form prescribed by the department, unless the employer demonstrates good cause for not being able to file reports electronically. The department shall determine by rule what constitutes good cause, for purposes of this subsection. An employer that becomes subject to an electronic reporting requirement under this subsection shall file its initial report under this subsection for the quarter during which the employer becomes subject to the reporting requirement. Once an employer becomes subject to the reporting requirement under this subsection, the employer shall continue to file its quarterly reports under this subsection unless that requirement is waived by the department.

Non-statutory provision:

(1) UNEMPLOYMENT INSURANCE; ELECTRONIC INTERCHANGE. The department of workforce development shall submit a notice to the legislative reference bureau for publication in the Wisconsin Administrative Register indicating the date upon which the department is able to implement the treatment of s. 108.14 (2e).

3. Effects of Proposed Change

a. **Policy:** The proposed change will result in increased efficiencies and improved experiences for claimants and employers.

b. **Administrative:** This proposal will require training of Department staff.

c. **Fiscal:** A fiscal estimate is not yet available.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

5. Proposed Effective/Applicability Date

This proposal would be effective with the other provisions of the agreed bill. The treatment of section 108.14 (2e) will take effect on the date specified in the notice published in the register. The provisions related to good cause would be effective after the Department promulgates a rule defining "good cause."

Electronic Communication and Filing

Date: 05/12/2021
Prepared by: Technical Services Section

FISCAL ANALYSIS OF PROPOSED LAW CHANGE

Summary of Proposal:
Employers must file quarterly tax and wage reports showing the names, Social Security numbers, and wages paid to their employees. Employers with at least 25 employees must file those reports electronically. Electronic filing ensures that reports are not lost in the mail and reduce administrative costs for the Department. Employers who make contribution payments of at least $10,000 annually must make those payments by electronic funds transfer, although any employer may do so. Current law also permits the Department to electronically communicate with employers and claimants who opt for that form of communication—though not all communication with the Department can currently be electronic.

This proposal makes the electronic filing, electronic communication, and electronic payment provisions be mandatory for employers and claimants unless the employer or claimant demonstrates good cause for being unable to use the electronic method. The Department would determine good cause by rule. The proposal also provides that the Department may use electronic records and electronic signatures. The provision related to electronic communication will be effective when the Department has the technological capability to fully implement it.

The Department has begun the process of modernizing its unemployment insurance information technology systems with the expectation that a new system will result in administrative efficiencies for the Department and better service for employers and claimants. This proposal will ensure the maximization of such efficiencies and service improvements.

The implementation of this proposal is delayed until the Department promulgates rules when the Department has the technological capability to fully implement.

UI Trust Fund Impact:
This proposal is not expected to have a Trust Fund impact.

IT and Administrative Impact:
If this proposal is implemented as a part of a new system then the IT costs and administrative impacts will be attributed to that modernization effort.

If this proposal is implemented before the modernization effort then the cost would be $49,840 for IT and $16,447 for administration for a total of $66,287.

Trust Fund Methodology:
Any Trust Fund impacts resulting from modern technology and ease of reporting will be attributed to the technology proposal.

IT and Administrative Impact Methodology:
Implementation is expected to be a part of a modernization effort. If implemented separately, the majority of the cost is changing hard-coded correspondence.

Worker Misclassification Penalties

Date: April 15, 2021
Proposed by: DWD
Prepared by: Bureau of Legal Affairs

ANALYSIS OF PROPOSED UI LAW CHANGE
Worker Misclassification Penalties

1. Description of Proposed Change

Civil and criminal penalties were created, as part of the 2015-2016 UIAC Agreed Bill, for employers who intentionally misclassify their workers as independent contractors. The current penalties only apply to construction employers and are:

1. $500 civil penalty for each employee who is misclassified, but not to exceed $7,500 per incident.
2. $1,000 criminal fine for each employee who is misclassified, subject to a maximum fine of $25,000 for each violation, but only if the employer has previously been assessed a civil penalty for misclassified workers.
3. $1,000 civil penalty for each individual coerced to adopt independent contractor status, up to $10,000 per calendar year.

The civil penalties are deposited into the Department's program integrity fund, which is used, in part, to fund the costs of staff who investigate employee classification.

The Joint Task Force on Payroll Fraud and Worker Misclassification recommended that the penalties for intentional worker misclassification be structured to deter repeat violations.[1] The Governor's Budget Bill (AB 68 / SB 111) proposes to amend the civil penalties statutes by having the penalties potentially apply to all employers. The Bill also eliminates the $7,500 and $10,000 caps on the civil penalties and doubles the penalties for subsequent violations. The Bill makes no changes to the criminal penalties.

2. Proposed Statutory Changes[2]

108.221 (1) (a) of the statutes is renumbered 108.221 (1) (a) (intro.) and amended to read:

Any employer ~~described in s. 108.18 (2) (c) or engaged in the painting or drywall finishing of buildings or other structures~~ who knowingly and intentionally provides false information to the department for the purpose of misclassifying or attempting to misclassify an individual who is an employee of the employer as a nonemployee shall, for each incident, be assessed a penalty by the department as follows:

1. For each act occurring before the date of the first determination of a violation of this subsection, the employer shall be assessed a penalty in the amount of $500 for each employee who is misclassified~~, but not to exceed $7,500 per incident~~.

Section 108.221 (1) (a) 2. of the statutes is created to read:

For each act occurring after the date of the first determination of a violation of this subsection, the employer shall be assessed a penalty in the amount of $1,000 for each employee who is misclassified.

108.221 (2) of the statutes is renumbered 108.221 (2) (intro.) and amended to read:

Any employer ~~described in s. 108.18 (2) (c) or engaged in the painting or drywall finishing of buildings or other structures~~ who, through coercion, requires an individual to adopt the status of a nonemployee shall be assessed a penalty by the department as follows:

(a) For each act occurring before the date of the first determination of a violation of this subsection, the employer shall be assessed a penalty in the amount of $1,000 for each individual so coerced~~, but not to exceed $10,000 per calendar year~~.

[2] Subject to revision to ensure cross-references are corrected.

Section 108.221 (2) (b) of the statutes is created to read:

For each act occurring after the date of the first determination of a violation of this subsection, the employer shall be assessed a penalty in the amount of $2,000 for each individual so coerced.

3. Effects of Proposed Change

a. **Policy:** The proposed change will permit the Department to assess civil penalties against any employer that intentionally misclassifies workers as independent contractors and will increase the amount of the penalties for subsequent violations.

b. **Administrative:** This proposal will require training of Department staff.

c. **Fiscal:** A fiscal estimate is not yet available.

4. State and Federal Issues

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

5. Proposed Effective/Applicability Date

This proposal would be effective for employees misclassified after the law change is enacted.

Worker Misclassification Penalties

Date: 05/052021
Prepared by: Technical Services Section

FISCAL ANALYSIS OF PROPOSED LAW CHANGE

Summary of Proposal:
Current law requires DWD to assess an administrative penalty against an employer engaged in construction projects or in the painting or drywall finishing of buildings or other structures who knowingly and intentionally provides false information to DWD for the purpose of misclassifying or attempting to misclassify an individual who is an employee of the employer as a nonemployee under the UI law. The penalty under current law is $500 for each employee who is misclassified, not to exceed $7,500 per incident. Current law additionally requires DWD to assess an administrative penalty against such an employer who, through coercion, requires an individual to adopt the status of a nonemployee in the amount of $1,000 for each individual so coerced, but not to exceed $10,000 per calendar year. Penalties are deposited in the unemployment program integrity fund.

The proposal removes the $7,500 and $10,000 limitations on these penalties and provides that the penalties double for each act occurring after the date of the first determination of a violation. The proposal also removes the limitations on the types of employers to which the penalties apply, allowing them to be assessed against any type of employer that violates the above prohibitions.

UI Trust Fund Impact:
This proposal is expected to have a positive but indeterminate impact on the Trust Fund because of the incentive for employers to correctly register as an employer and correctly list employees to avoid penalties.

IT and Administrative Impact:
Ongoing administrative impact to the UI program is indeterminate.

UIAC Agreed Upon Bill
Labor Caucus Proposals

July 6, 2021

In drafting our proposals for the 2021 Agreed Upon Bill, the Labor Caucus took a thoughtful approach, in an attempt to address issues within Wisconsin's Unemployment Insurance System which have simply been ignored for too long. Over the past decade, UI in Wisconsin has undergone numerous changes that has reduced the amount of UI Benefits paid out, but outside of the recent Federal Pandemic Response, little has been done to address the desperate needs of unemployed claimants in WI or to address the adequacy of Wisconsin's UI Trust Fund.

Our proposals achieve what we believe is a balanced approach to addressing the needs of both employers and UI claimants in Wisconsin.

1. **Gradually Transition UI Trust Fund Tax Schedules from being based on UI-TF Balance in Dollars ($) to being based on Average High Cost Multiple (AHCM)**

   Average High Cost Multiple (AHCM) is the measure used by US-DOL to determine the adequacy of a state's UI Trust Fund. Maintaining the minimum recommended AHCM of 1.0, estimates that a state's UI Trust Fund will have reserves to pay UI Benefits for 1 year (12 months) at it's historic high payout rate (based on that state's experience over the previous 20 years or a period covering 3 recessions, whichever is longer).

   This proposed gradual transition assures that there will be no sharp increases in the UI Tax Rate for Wisconsin's employers, at the same time transitioning Wisconsin's UI Trust Fund to a sustainable model for the long term.

   Not withstanding any legislative action, the provisions of this proposal are as follows:

   a. Restructure UI Tax Schedules to AHCM as follows:

      Schedule A = When UI Trust Fund is below .5 AHCM
      Schedule B = When UI Trust Fund is between .5 – 1.0 AHCM
      Schedule C = When UI Trust Fund is between 1.0 – 1.25 AHCM
      Schedule D = When UI Trust Fund is above 1.25 AHCM

   b. Remain in UI Tax Schedule D for benefit years 2022 and 2023
   c. Restrict potential tax schedule increases for benefit years 2024 and 2025 to be no more than one (1) "Schedule" higher than the previous year.

2. **Gradually Increase the Maximum Weekly UI Benefit Rate to $450/week**

   An increase in the maximum weekly benefit rate is long overdue for UI Claimants in Wisconsin. The $370.00 Maximum Weekly Benefit Rate in Wisconsin ranks at the bottom for midwestern states and is nearly $76.00/week below the national average.

   In balancing the UI Trust Funds need to recover post-pandemic, this proposal provides modest increases yearly throughout a 4-year period. The proposed maximum weekly benefit increase schedule is as follows:

Current weekly maximum UI Benefit in WI		$370/week
2023 Benefit Year	$20 increase	$390/week
2024 Benefit Year	$20 increase	$410/week
2025 Benefit Year	$20 increase	$430/week
2026 Benefit Year	$20 increase	$450/week

3. **Eliminate 1-Week Waiting Period**

   When a person loses their job, their entire life is upended. They are at a crisis point. Questions of how to feed my family, make my house/car payment, and pay for adequate health insurance need to be addressed immediately, let alone managing personal feelings of self worth and other mental health concerns.

   Not providing UI Benefits the first week a person is unemployed is cruel and only exasperates their already desperate situation. This proposal is to eliminate the 1-week waiting period to receive UI Benefits.

4. **Expand Worker Miss-Classification to all Industries and Amend Penalties to be equivalent to those of Claimant fraud**

   Worker Misclassification is estimated to cost Wisconsin $200 Million each year in unpaid taxes. Worker Mis-Classification is an criminal act, that undercuts and negatively impacts all honest & legitimate employers in Wisconsin. Intentional Worker Misclassification is Tax Fraud and Insurance Fraud, which needs to be eliminated in WI.

   This proposal recommends the adoption of Department Proposal D21-26 and implement future recommendations that are made by the Joint Taskforce on Payroll Fraud and Worker Misclassification.

5. **Request DWD-UI Division to complete a thorough funding review of Wisconsin's UI Trust Fund to ensure equity across all tax schedules, while at the same time ensuring UI Trust Fund sustainability**

UIAC 2021 Management Proposals

- **UI Computer Upgrade**– As part of the planned IT upgrade for the state UI system, require the new computer system/software to include a functionality that notifies employers of a benefit applicant who claims the applicant searched for work with that employer, and that allows the employer to provide online verification of the accuracy of that work search information. In addition, include a functionality that allows employers to simply and easily report online to the Department a job applicant's refusal of work, a refusal of an offer to attend a job interview, or a no-show for a scheduled job interview with an applicant.

- **Union Referral Service Work Search Criteria –** Require union hiring halls/referral services to conduct at least four work searches per week for each employee exempt from work search requirements per s. 108.04(2)(b)3., and require the union referral service to submit work search documentation to DWD for each exempt employee for each week of benefits claimed. Require DWD staff to conduct the same level of work search verification for employees utilizing the union referral exemption under s. 108.04(2)(b)3. as the department does for claimants who conduct work searches on their own.

- **Definition of Employee vs. Independent Contractor** – Establish a clear, consistent and objective standard to define the difference between an employee and an independent contractor. The definition should apply universally across all chapters of the statutes (e.g. UI, Workers Compensation, Wage & Hour, Equal Rights, DOR tax administration, etc.), and should account for new "gig economy" economic opportunities. Specific language attached.

- **Quit Good Cause Revision –** Repeal the quit good cause exception under s. 108.04(7)(e).

  Under current law if you quit a job within the first 30 days of hire and you could have refused the offer of work under the "suitable work" provisions you can collect benefits. This proposal would eliminate that quit exception.

- **Link Benefit Eligibility Weeks to Unemployment Rate –** Reduce weeks of unemployment eligibility as follows.

  Under current law individuals that are eligible for unemployment are generally entitled to 26 weeks of benefits. Reduce the maximum benefit duration to 14 weeks when the unemployment rate drops below 5%. Increase the number of weeks of benefit eligibility by 1 week for every 0.5% increase in the unemployment rate, up to a maximum of 20 weeks of eligibility up to 10% unemployment. Benefit eligibility would be 22 weeks of unemployment when the unemployment rate is greater than 10%

State Unemployment Rate	Weeks of Benefit Eligibility
Less than or equal to 5.4%	14
5.5% to 5.9%	15
6.0% to 6.4%	16
6.5% to 6.9%	17
7.0% to 7.4%	18
7.5% to 7.9%	19
8.0% to 10%	20
Greater than 10%	22

  Determine the applicable unemployment rate and corresponding benefit eligibility, by using the seasonally adjusted statewide unemployment rate published by the US Department of Labor for April and October. The benefit eligibility for January through June would be based on the prior October unemployment rate, while the benefit eligibility for July through December would be based on the April unemployment rate.

- **Clarify Definitions/Grounds for Misconduct and Substantial Fault** – Based upon a number of appellate court decisions and case-specific experiences of employers, make changes to these definitions to more accurately capture the intent and spirit of the 2013-2014 session reforms. Draft language attached.

Misconduct & Substantial Fault Clarification – Draft Language

(5) DISCHARGE FOR MISCONDUCT. An employee whose work is terminated by an employing unit for misconduct by the employee connected with the employee's work is ineligible to receive benefits until 7 weeks have elapsed since the end of the week in which the discharge occurs and the employee earns wages after the week in which the discharge occurs equal to at least 14 times the employee's weekly benefit rate under s. 108.05 (1) in employment or other work covered by the unemployment insurance law of any state or the federal government. For purposes of requalification, the employee's weekly benefit rate shall be the rate that would have been paid had the discharge not occurred. The wages paid to an employee by an employer which terminates employment of the employee for misconduct connected with the employee's employment shall be excluded from the employee's base period wages under s. 108.06 (1) for purposes of benefit entitlement. This subsection does not preclude an employee who has employment with an employer other than the employer which terminated the employee for misconduct from establishing a benefit year using the base period wages excluded under this subsection if the employee qualifies to establish a benefit year under s. 108.06 (2) (a). The department shall charge to the fund's balancing account any benefits otherwise chargeable to the account of an employer that is subject to the contribution requirements under ss. 108.17 and 108.18 from which base period wages are excluded under this subsection. For purposes of this subsection, “misconduct" means one or more actions or conduct evincing such willful or wanton disregard of an employer's interests as is found in deliberate violations or disregard of standards of behavior which an employer has a right to expect of his or her employees, or in carelessness or negligence of such degree or recurrence as to manifest culpability, wrongful intent, or evil design of equal severity to such disregard, or to show an intentional and substantial disregard of an employer's interests, or of an employee's duties and obligations to his or her employer. In addition, “misconduct" includes:

(a) A violation by an employee of an employer's reasonable written policy concerning the use of alcohol beverages, or use of a controlled substance or a controlled substance analog, if the employee:
    1. Had knowledge of the alcohol beverage or controlled substance policy; and
    2. Admitted to the use of alcohol beverages or a controlled substance or controlled substance analog or refused to take a test or tested positive for the use of alcohol beverages or a controlled substance or controlled substance analog in a test used by the employer in accordance with a testing methodology approved by the department.

(b) Theft or unauthorized possession of an employer's property or services ~~with intent to deprive the employer of the property or services permanently~~, theft or unauthorized distribution of an employer’s confidential or proprietary information, use of an employer’s credit card or other financial instrument for an unauthorized or non-business purpose without prior approval from the employer, theft of currency of any value, felonious conduct connected with an employee's employment with his or her employer, or intentional or negligent conduct by an employee that causes the destruction of an employer’s records or substantial damage to his or her employer's property.

(c) Conviction of an employee of a crime or other offense subject to civil forfeiture, while on or off duty, if the conviction makes it impossible for the employee to perform the duties that the employee performs for his or her employer.

(d) One or more threats or acts of harassment, assault, or other physical violence instigated by an employee at the workplace of his or her employer.

(e) Absenteeism or tardiness by an employee that constitutes any of the following, unless the employee provides his or her employer with both advance notice and one or more valid reasons for each instance of absenteeism or tardiness:

1. More than 2 ~~occasions~~ absences within the ~~120~~ 180-day period before the date of the employee's termination; or
2. One or more ~~occasions~~ absences if prohibited by ~~unless otherwise specified by~~ his or her employer in an employment manual of which the employee has acknowledged receipt with his or her signature~~;~~ or
3. More than 3 instances of ~~excessive~~ tardiness by an employee in violation of the employer's normal business hours or a policy of the employer that has been communicated to the employee~~, if the employee does not provide to his or her employer both notice and one or more valid reasons for the absenteeism or tardiness.~~

(f) Unless directed by an employee's employer, falsifying business records of the employer.

(g) Unless directed by the employer, a willful and deliberate violation of a written and uniformly applied standard or regulation of the federal government or a state or tribal government by an employee of an employer that is licensed or certified by a governmental agency, which standard or regulation has been communicated by the employer to the employee and which violation would cause the employer to be sanctioned or to have its license or certification suspended by the agency.

(h) A violation by an employee of an employer's written policy concerning the use of social media, if the employee had knowledge of the social media policy.

(5g) DISCHARGE FOR SUBSTANTIAL FAULT.

(a) An employee whose work is terminated by an employing unit for substantial fault by the employee connected with the employee's work is ineligible to receive benefits until 7 weeks have elapsed since the end of the week in which the termination occurs and the employee earns wages after the week in which the termination occurs equal to at least 14 times the employee's weekly benefit rate under s. 108.05 (1) in employment or other work covered by the unemployment insurance law of any state or the federal government. For purposes of requalification, the employee's benefit rate shall be the rate that would have been paid had the discharge not occurred. For purposes of this paragraph, "substantial fault" includes those acts or omissions of an employee over which the employee exercised reasonable control and which violate reasonable requirements of the employee's employer but does not include any of the following:

1. One or more minor infractions of rules unless an infraction is repeated after the employer warns the employee about the infraction.

2. One or more inadvertent errors made by the employee, unless the error violates a written policy of the employer, endangers the safety of the employee or another person, causes bodily harm to the employee or another person, or the error is repeated after the employer warns the employee about the error.

3. Any failure of the employee to perform work because of insufficient skill, ability, or equipment.

(b) The department shall charge to the fund's balancing account the cost of any benefits paid to an employee that are otherwise chargeable to the account of an employer that is subject to the contribution requirements under ss. 108.17 and 108.18 if the employee is discharged by the employer and paragraph (a) applies.

Worker Classification Proposed Language

s. 111.xx Worker Classification (1) It is in the best interests of workers, business, and government to have clear, objective, and uniform standards for determining who is an employee and who is an independent contractor. Clarity in a worker's classification allows businesses to comply with applicable laws, provides workers with certainty as to their benefits, legal rights, and obligations, and minimizes unnecessary mistakes, litigation, risk, legal exposure, and noncompliance.

(2) Except as provided in sub. (3), a person shall be classified as an independent contractor for all purposes under the laws of this state, including but not limited to laws governing unemployment insurance, workers compensation, wage and hour, fair employment, and tax administration, if all of the following apply:

(a) The person signs a written contract with the employer, in substantial compliance with the terms of this subsection, that states the employer's intent to retain the services of the person as an independent contractor and contains acknowledgements that the person understands that he or she is:

1. Providing services for the employer as an independent contractor;

2. Not going to be treated as an employee of the employer;

3. Not going to be provided by the employer with either worker's compensation or unemployment compensation benefits;

4. Obligated to pay all applicable federal and state income taxes, if any, on any monies earned pursuant to the contractual relationship, and that the employer will not make any tax withholdings from any payments from the employer;

5. Responsible for the majority of supplies and other variable expenses that he or she incurs in connection with performing the contracted services unless the expenses are for travel that is not local; the expenses are reimbursed under an express provision of the contract; or the supplies and/or expenses reimbursed are commonly reimbursed under industry practice.

(b) Except as provided in par. (c), the person provides his or her services through a business entity, including but not limited to, a partnership, limited liability company or corporation, or through a sole proprietorship, registered as required under state law.

(c) The requirement in par. (b) does not apply if the person has either filed, intends to file, or is contractually required to file, in regard to the fees from the work, an income tax return with the Internal Revenue Service for a business or for earnings from self-employment.

(d) The person satisfies four or more of the following criteria:

1. With the exception of the exercise of control necessary to ensure compliance with statutory, regulatory, licensing, permitting, contractual or other similar obligations, or to protect persons and/or property, or to protect a franchise brand, the person has the right to control the manner and means by which the work is to be accomplished, even though he or she may not have control over the final result of the work. This provision is satisfied even though the employer may provide orientation, information, guidance, or suggestions about the employer's products, business, services, customers and operating systems, and training otherwise required by law.

2. Except for an agreement with the employer relating to final completion or final delivery time or schedule, range of work hours, or the time entertainment is to be presented if the work contracted for is entertainment, the person has control over the amount of time personally spent providing services.

3. Except for services that can only be performed at specific locations, the person has control over where the services are performed.

4. The person is not required to work exclusively for one employer unless:

    i. A law, regulation or ordinance prohibits the person from providing services to more than one employer; or

    ii. A license or permit that the person is required to maintain in order to perform the work limits the person to working for only one employer at a time or requires identification of the employer.

5. The person is free to exercise independent initiative in soliciting others to purchase his or her services.

6. The person is free to hire employees or to contract with assistants, helpers, and/or substitutes to perform all or some of the work.

7. The person cannot be required to perform additional services without a new or modified contract.

8. The person obtains a license or other permission from the employer to utilize any workspace of the employer in order to perform the work for which the person was engaged.

9. The employer has been subject to an employment audit by the Internal Revenue Service or the department and the IRS or the department has not reclassified the person to be an employee or has not reclassified the category of workers to be employees.

10. The person is responsible for maintaining and bearing the costs of any required business licenses, insurance, certifications or permits required to perform the services.

(3) All workers who do not satisfy the criteria set forth in sub. (2) shall be classified as employees. In addition, nothing in sub. (2) shall require an employer to classify a worker who meets the criteria contained therein as an independent contractor; the employer is free to hire the worker as an employee.

(4) The legislature finds that worker classification criteria used to determine independent contractor status that are uniform throughout the state is a matter of statewide concern and that the enactment of an ordinance by a city, village, town, or county regulating the worker classification criteria used to determine independent contractor status would be logically inconsistent with, would defeat the purpose of, and would go against the spirit of the worker classification criteria used to determine independent contractor status set forth in this section. Therefore, the worker classification criteria used to determine independent contractor status in this section shall be construed as an enactment of statewide concern for the purpose of providing worker classification criteria used to determine independent contractor status that are uniform throughout the state.

(a) No city, village, town, or county may enact or enforce an ordinance regulating worker classification or the criteria used to determine independent contractor status.

Current weekly maximum UI Benefit in WI	$370/week
2023 Benefit Year $20 increase	$390/week
2024 Benefit Year $20 increase	$410/week
2025 Benefit Year $20 increase	$430/week
2026 Benefit Year $20 increase	$450/week

The increase in benefits were estimated by looking at benefit years established in 2016, 2017, 2018 and 2019. Wages used to create the benefit years were projected forward to account for wage growth.

The table below compares the proposed increase for each year to the current $370 weekly benefit rate.

The years after 2026 would look similar.

These estimates use three different levels of UI benefit duration. The Low estimate uses 10 weeks and 124,000 claimants; the Medium estimate uses 12.8 weeks and 134,000 claimants; the High estimate uses 15weeks and 176,000 claimants; and the Recession estimate uses 15 weeks and 396,000 claimants. The Medium estimate is what we would expect for the immediate future.
