## Meeting Minutes

Offices of the State of Wisconsin Department of Workforce Development

201 E. Washington Avenue, GEF 1, Madison, WI

July 20, 2023

### Held In-person and Via Teleconference

The meeting was preceded by public notice as required under Wis. Stat. § 19.84.

**Members:** Janell Knutson (Chair), Corey Gall, Shane Griesbach, Christopher Harris, Scott Manley, Sally Feistel, Kathy Thornton-Bias, and Mike Gotzler

**Department Staff:** Jim Chiolino (UI Division Administrator), Andy Rubsam, Jason Schunk, Linda Hendrickson, Jeff Laesch, Robert Usarek, Arielle Exner (Legislative Liaison), Mike Myszewski, and Joe Brockman

**Members of the Public:** Rep. Rick Gundrum, BJ Dernbach, Victor Forberger (Attorney, Wisconsin UI Clinic), and John Graber

#### 1. Call to Order and Introductions

Ms. Knutson called the Unemployment Insurance Advisory Council to order at 10:06 am under the Wisconsin Open Meetings Law. Attendance was taken by roll call, and Ms. Knutson acknowledged the department staff in attendance.

#### 2. Approval of Minutes of the May 18, 2023, Meeting

Motion by Ms. Feistel, second by Mr. Manley, to approve the minutes of the May 18, 2023, meeting without corrections. The vote was taken by voice vote and passed unanimously.

#### 3. Approval of Minutes of the June 15, 2023, Meeting

Motion by Mr. Gall, second by Mr. Gotzler, to approve the minutes of the May 18, 2023, meeting without corrections. The vote was taken by voice vote and passed unanimously.

#### 4. Proposed Bill Relating to Participants in Clinical Research Trials – Rep. Gundrum

State Representative Rick Gundrum addressed the Council regarding a proposed bill to clarify the employment status of participants in clinical research trials. Rep. Gundrum stated that participants in clinical research trials are volunteers and are not employees of the research organization. Participants receive a stipend for their participation. Rep. Gundrum stated that a

clinical trial lasts between three and six months, with the typical participant's length of stay at the research facility being three to four days. Rep. Gundrum stated that he has heard that DWD considers research trial participants to be employees. Rep. Gundrum stated that the research companies cannot enroll their own employees as participants.

Rep. Gundrum stated that the draft of LRB 1462 seeks to clarify the relationship between participants and research companies. Under the proposed bill, participants would not be considered employees for purposes of Unemployment Insurance, Workers Compensation, and minimum wage. Rep. Gundrum stated that research organizations in Wisconsin are at a competitive disadvantage with similar firms in other states. The new bill addresses federal conformity issues raised by the Department in last session's version of the bill.

Ms. Knutson stated that a copy of the LRB Draft is included in members' packets.

Mr. Manley asked if a participant who is laid off and collecting UI benefits would lose their benefits.

Representative Gundrum stated that he does not think that participants would lose their benefits but will check further and get back to the Council.

Ms. Knutson stated she would check with staff to determine if the stipends would be considered reportable wages.

## **5. Department Update**

Mr. Chiolino stated that approximately 95% of UI claims are filed online. Individuals with disabilities can face barriers to filing online due to accessibility limitations in the existing system. The Department engaged an accessibility engineering firm to conduct a comprehensive audit of the online environment and provide an action and correction plan to bring the web portal into compliance with accessibility guidelines. The Department received a report from the engineering firm and enacted changes that will go into effect soon.

Ms. Thornton-Bias asked if the Department has notified the public of the changes.

Mr. Chiolino stated that a message was placed in the claimant portal and emails were sent in advance of the changes. Mr. Chiolino stated that there is a communications plan for the changes.

## **6. Trust Fund Update**

Ms. Knutson stated that the June financial statement has not been completed and will be ready in early August.

Ms. Knutson stated that the Trust Fund balance is approximately \$1.5 billion, and UI tax rates will likely remain in Schedule D for 2024.

## **7. Program Integrity Assessment**

Ms. Knutson stated there is a letter in members' packets from Secretary-designee Amy Pechacek regarding financing UI anti-fraud and program integrity activities through a .01% assessment of payroll, which is offset by a corresponding reduction in the solvency tax. The law requires the Secretary to consult with the Council on this issue. The assessment will generate \$3.573 million, or 5.7% of the annual UI administrative grant. Ms. Knutson stated that Secretary-designee Pechacek is asking the Council to support the assessment for anti-fraud and program integrity activities.

There were no questions from the Council.

Ms. Feistel moved, seconded by Mr. Gall, that the Council support the Secretary-designee's proposal. The vote was taken by voice vote and passed unanimously.

## **8. Department Proposals to Amend the Unemployment Insurance Law**

Ms. Knutson stated that the Department proposals can be found in members' packets.

The proposals are:

- D23-01 – Amend Social Security Disability Insurance Disqualification
- D23-02 – Worker Misclassification Penalties
- D23-03 – Discharge for use of Marijuana
- D23-04 – Imposter Penalty
- D23-05 – Electronic Communication and Filing
- D23-06 – Unemployment Administration Fund – approval of LRB draft

## **9. Rulemaking Proposal**

- Proposed Scope Statement for UI Hearings – DWD 140

Ms. Knutson stated that the proposed rule is included in members' packets

## **10. Labor and Management Proposals to Amend the Unemployment Insurance Law**

Ms. Knutson stated that Council members will be working on proposals in caucus today.

## **11. Research Requests**

Ms. Knutson stated there were two research requests made by Council members at the last meeting.

The first research request was to determine the amount of the increase in UI tax revenue due to raising the wage base from \$14,500 to \$15,500.

The estimated impact will be \$36.0 million in additional tax revenue annually.

The second research request was the effect on the UI Trust Fund of increasing the weekly benefit rate.

The Department provided charts in member's packets that show the increases of UI benefit payments over the current weekly maximum benefit rate for the years 2024-2028. The increases are shown at current claim levels, 2014-2016 claim levels, and recession claim levels.

The chart also shows the cost to the UI Trust Fund over the current maximum benefit rate from 2024 to 2028. The costs are shown at the maximum weekly benefit rate, current claim levels, 2014-2016 levels, and recession levels.

Mr. Manley requested additional analysis using historical unemployment rates and how they would affect the tax rates.

Mr. Gotzler requested the average employer tax rate over a range of years.

Mr. Usarek stated that he can redo the tables at various tax schedules and snapshots in time when employers were paying at higher tax rates.

## **12. 2023-2024 UIAC Timeline**

Ms. Knutson stated that the updated 2023-2024 UIAC agreed bill timeline is included in members' packets.

## **13. Future Meeting Dates**

Ms. Knutson stated that after surveying the members, there is no quorum for an August meeting. Ms. Knutson asked the Council if the August meeting should be cancelled, and a meeting be added in September or October. Ms. Knutson asked the Council to discuss this in caucus.

## **13. Adjourn**

Motion by Mr. Griesbach, second by Mr. Manley, that the Council convene in closed caucus to deliberate Department proposals, Labor and Management proposals, and other items on the agenda, and adjourn from caucus. The vote was taken by voice and passed unanimously. Management and Labor went into closed caucus at 10:38 am and the public portion of the meeting was concluded.

**Subject:** 2021 Wisconsin Act 4 Quarterly Report – Second Quarter 2023

Pursuant to 2021 Wisconsin Act 4, under Wis. Stat. s. 108.14(27)(e), this report serves to update you on the progress the Department of Workforce Development (DWD) has made on its project to modernize the information technology (IT) systems used for processing and paying claims for unemployment insurance (UI) benefits from April 1 to June 30, 2023. We are pleased to share in this report that DWD has continued to make good progress on its UI modernization efforts.

## **Unemployment Insurance System Modernization**

The Unemployment Insurance (UI) Modernization project is the effort to modernize the UI IT systems from a COBOL-based mainframe system to a cloud-based flexible system able to nimbly adapt to changes in the demands on the agency and changes in the program requirements. The goal of this project is to create a more modern, maintainable, sustainable, adaptable system to meet current and changing UI needs. Over time, the project will entirely replace the existing, antiquated mainframe, which has limitations in the availability of the system and directly impacts staffing and recruiting resources.

The future UI system will provide end-to-end services to DWD customers (claimants and employers) in a timely manner. DWD staff will be able to administer programs inclusively and efficiently, with modern online tools.

As previously reported, DWD has been working with Wisconsin-based Flexion to develop many of the early components of a modernized system. The department is working with Flexion to:

- Establish a cloud-based infrastructure that is modern, secure, and flexible enough to meet the changing demands.
- Transfer claims processing from the legacy system to the modern solution in an agile and iterative approach. This approach allows for continuous improvement of the overall development process to ensure each phase of development meets the needs of UI programs, while allowing the current UI system to continue to operate.

As reported last quarter, DWD's previous work has laid the foundation for eliminating manual processes to increase efficiency and accuracy. Having that foundation in place has allowed DWD to make substantial progress, as described in this quarter's report, on the benefit calculation and liability engine, reporting capabilities, adjudication prototyping, IT infrastructure, a new adjudication scheduler, ID proofing techniques, the start of an ID fraud dashboard, a knowledge base tool, and accessibility assessments to improve the user experience.

## **Benefit Calculation and Liability Engine**

Since this project began, DWD prioritized replacing manual processes with automated processes. Some of the least efficient processes within the legacy system include determining whether a claimant meets the criteria for benefits, the amount of the benefits, and the charging associated with those benefits. These determinations are some of the most complicated components of the legacy system. DWD prioritized addressing these complex and inefficient processes first to remove some of the delays and improve the department's ability to make benefit and charging determinations as claims are received, without delay in processing.

This quarter's work focused on the following key areas: the calculations, user interface with modern calculations and outcomes, and validation of the calculations.

- **Calculations: Benefit Amount and Employer Liability**  
Over the last several quarters, DWD worked on the establishment of the foundational calculations that determine both the benefit amount and the applicable employer's share of that benefit amount. The vast majority of these core calculations are completed. DWD's next step is to work on one claim at a time from beginning to end, using the calculations that have been established. This work will now include the amount the respective employers are charged for a claim and will continue over the coming quarters.
- **User Interface of Modern Calculations and Outcomes**  
During the last quarter, DWD completed the first fully operational staff internal webpage in the modern system. Staff are now able to view the calculations on the modern system for validating the calculations of the legacy system. After participating in demonstrations of the staff internal webpage to calculate benefit outcomes, UI staff members were enthusiastic about the ease of which they could navigate the page, find information, and ultimately, make determinations. The webpage is already functional with the modern system's current calculations, and staff members are eager to use this interface once all the modern system's key components are included.

The new interface's benefits include:

- A clean, more intuitive interface that is user friendly; any computer user can navigate it without special training. (In the legacy system, staff undergo a considerable amount of training just to learn how to navigate the system using function keys).
- Critical data is summarized and displayed in a clean and concise format on a single staff internal webpage, including data that is not currently included in the legacy system.
- Navigating from that same staff internal webpage, users have the option to select and view pertinent detailed data from a link on the page. In the legacy system, information is displayed in a convoluted manner, often requiring DWD staff to manually visit multiple screens (without an internal link) to find the pertinent information.
- Acronyms and UI jargon are replaced by plain language.
- The new screen also introduces role-based access.

The screenshots below compare the legacy system display (on the left) to the modern system display (on the right).

The modern system interface displays a 'Monetary' page with the following data:

- Qualified for Benefits - Standard** (with a green checkmark)
- Weekly Benefit Rate (WBR):** \$3 (1.0)
- Max Benefit Amount (MBA):** \$9,620.00

<b>Base Period Wages Total</b>							\$35,000.00

Overall, the new interface will significantly reduce staff training time, increase accessibility for UI staff, increase efficiency, and reduce user error.

- **Validation**

As reported last quarter, DWD completed implementation of a fully functional mechanism to compare the modern calculation results to the legacy system. Part of the validation process included identifying and assessing mismatches between the modern and legacy systems to determine the accuracy of the changes to the calculations in the modern system. This is part of the agile development process.

Based on the assessment, DWD made several refinements to continue to improve upon the existing calculations. New items will be added to the validation process, which will continue throughout the duration of this project to ensure accuracy in the modern system.

### Reporting: Inventory and Planning

The modern system will allow DWD to efficiently generate federal reports automatically by structuring the system to seamlessly gather the relevant data.

To begin this transition, the department established a set of parameters to preserve data and maintain its accuracy during data migration from the legacy system to the modern system. This documentation will continue to be developed to include information pertaining to the identification, documentation, and replication of the data items required for reporting. Finally, this information will be used in the design of the data warehouse structure so that reports can be produced efficiently.

### Adjudication Prototype

In circumstances where there is a dispute about certain items on a claim, an adjudicator must review the claim and make a formal judgment based on the circumstances. The current adjudication process is manual and requires the adjudicator to complete extensive training and follow detailed and cumbersome job aids to ensure that all elements are collected, reviewed, and considered. Because of the complexity and subjectivity, adjudication cases can result in error and be subject to appeal. To address this, the modern system will provide adjudicators with guided workflows that automatically assist the adjudicator

based on the claim issues.

DWD has begun to define the requirements for and development of an initial prototype of guided workflows for commonly disputed issues that require a more formal judgment. Once fully developed, these guided workflows will walk the adjudicator through the steps, prompt the adjudicator to provide the appropriate supporting materials for that item, and provide assistance to the adjudicator throughout the entire process. The work on these items will continue in the coming quarters.

### **Infrastructure**

The department continues to work on the establishment of a secure and reliable cloud environment. A secure and reliable cloud environment is essential to ultimately transition from the legacy main frame application to the cloud-based system.

Work on the cloud infrastructure is focused on the following:

- Continuing to improve the overall security of the modern system's applications and planning for establishment of containers around different parts of the cloud environment to enhance the security and stability of the solution. DWD anticipates that this work will be completed in 2023.
- Developing implementation plans to enhance security that allows for the storage of sensitive data in the cloud. This work will follow the implementation of containers within the cloud environment.

### **Adjudication Scheduler**

The current adjudication case scheduling system is critical to meeting UI standards related to timeliness, productivity, and quality by getting case assignments to the appropriate resources. The current application requires a high-level of maintenance on a daily, weekly, and monthly basis in addition to several manual steps.

DWD is modifying the adjudication system to allow for an automatic case assignment and routing system that can auto-assign cases to an adjudicator based on the issue type, adjudicator skill level, and availability during any given week. In addition to making the assignments based on the criteria identified, it will also have enhanced reporting that allows for better monitoring and tracking of adjudicators' assignments while improving management oversight.

The first stage of development of the adjudication scheduler tools began this quarter, in addition to testing the automated case assignments.

### **ID Proofing**

Identity authentication focuses on establishing a combination of inputs to assist in the authentication of a user's identity during ongoing transactions. These inputs may include, but are not limited to, device identity, behavioral identity, digital identity, real world identity, and phone number/audio identity. DWD is looking to increase trust and build confidence in the effectiveness of its identity proofing solution by implementing identity proofing measures at the start of a claim.

Multi-Factor Authentication (MFA) has been implemented as an optional form of additional verification for claimants to log into the claimant portal. The use of MFA is about granting access based on information a person knows (a password) in addition to something that they have (some sort of device to provide access). This Multi-Factor Authentication then reduces the risk of compromised passwords. MFA will be fully implemented and required by the end of July 2023 for all claimants.

## **ID Fraud Dashboard**

DWD is creating an internal ID fraud dashboard that automates a series of reports that DWD has historically run and reviewed manually. As of this quarter, DWD has completed the first phase of this effort and is able to securely generate a number of these reports automatically. Additionally, the dashboard will compile these automated reports and summarize the results in a format that supports more sophisticated efforts to combat fraudulent activity.

Future phases will:

- Run additional reports automatically rather than manually,
- Enhance the data of these reports by reducing duplicates and creating efficiencies as a result,
- Improve upon the dashboard to include all information in a single snapshot,
- Improve integrations with other subsystems to take appropriate action on cases where potential fraud may exist, and
- Expand upon the systems that the fraud dashboard interfaces with to evaluate items more efficiently.

## **Knowledge Base Tool**

DWD stores a wealth of documents and other materials on SharePoint to offer staff a central repository of information. SharePoint currently lacks a functional structure or a system-wide search tool, and staff members find it difficult to locate specific documents. Staff must take extra time to search multiple folders to find the materials relevant to their jobs and this takes time away from processing claims, appeals, and other UI tasks.

To remedy this inefficiency and allow staff access to documents quickly, DWD has purchased a product that can search policy and process documents more quickly and efficiently. DWD is in the process of converting documents into the new tool.

## **Accessibility Assessments**

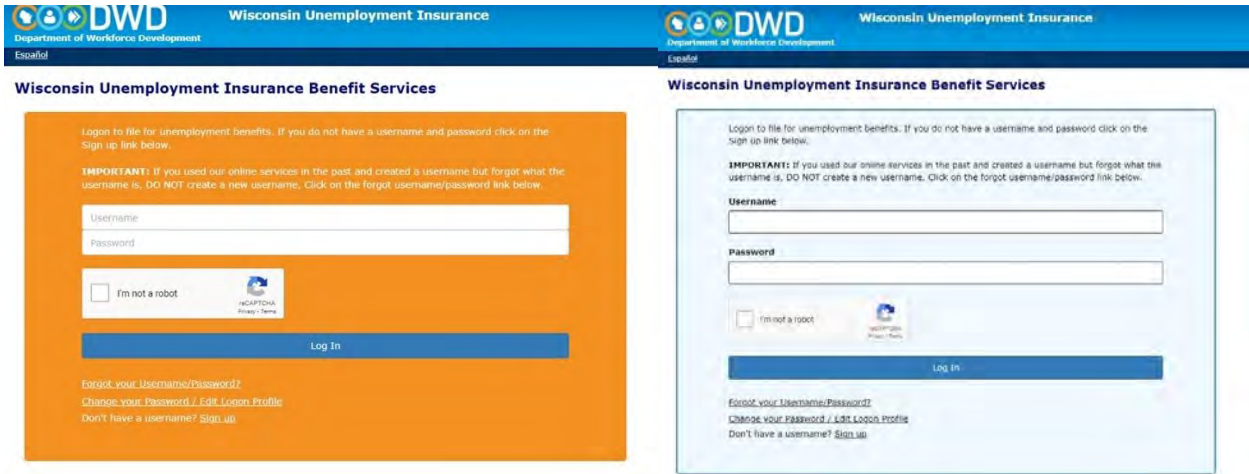

Currently, 95% of UI claims in Wisconsin are submitted online. However, an estimated 370,000 Wisconsinites, or 6.6% of the state's population, do not have home internet access or a smartphone needed to file their UI claims. This represents a significant barrier to access for claimants who lack reliable home internet or reliable devices. Additionally, an individual with a disability can face barriers to filing online due to the accessibility limitations of the existing system.

DWD contracted with an outside vendor to identify improvements to the design and delivery of the UI program to:

- Expand methods in which Wisconsinites can access UI when they have limited internet access,
- Address additional barriers to accessing UI, such as Limited English Proficiency or disability,
- Streamline the claimant experience,
- Expand communication touchpoints,
- Improve claimant communications by using plain language, and
- Refine fraud and program integrity messaging on the Claimant Portal webpages.

The revised UI claimant portal display is one example of addressing barriers to UI access. DWD adjusted the display's contrast to increase its accessibility for people experiencing color blindness or low vision. The screenshots below compare the legacy system display (on the left) to the modern system display (on the right).

DWD is gathering information on how claimants with limited access to the online resources interact with the department's existing systems, and how claimants understand the information that is presented, including fraud-related language. Initial recommendations were provided and will continue to inform how the department streamlines the claimant experience, with a particular focus on fraud and program integrity. Importantly, even though these claimants may not have access to online filing technology, their claim information will be seamlessly integrated into the modern system without delay once DWD obtains their information by phone or other means.

**Future Efforts**

In the coming quarters, DWD will focus on an end-to-end demonstration of the overall system on a sample claim. This end-to-end run-through of the entire process will allow DWD to process a sample claim through the modern system. Initial work will involve low-risk claims and will include identification of notification, verifying the weekly claims status, application of the appropriate calculations, and ultimately creating a history of the decision on the claim generated by the system.

DWD will also continue its work on federal reporting capabilities, adjudication prototyping, IT infrastructure, the adjudication scheduler, ID proofing, the ID fraud dashboard, the knowledge base tool, and accessibility assessments.

Through this ongoing development process, DWD will establish mechanisms to provide flexible, real-time services to DWD customers. The result will reduce manual processing, as well as staff training time, increase flexibility and adaptability, and provide increasingly more accurate processing within the new system.

We hope you find this information helpful. We will provide the next quarterly update on the UI modernization project in October 2023. In the meantime, please do not hesitate to contact us with questions.

## 2023 SENATE BILL 387

August 9, 2023 - Introduced by Senators STROEBEL, BALLWEG and KNODL, cosponsored by Representatives GUNDRUM, ARMSTRONG, DITTRICH, MURPHY, PENTERMAN, RETTINGER and STEFFEN. Referred to Committee on Labor, Regulatory Reform, Veterans and Military Affairs.

1     **AN ACT** *to amend* 102.07 (8) (a); and *to create* 102.07 (8) (bw), 104.01 (2) (b) 6.  
2             and 108.02 (15) (ko) of the statutes; **relating to:** participants in clinical  
3             research trials.

---

### *Analysis by the Legislative Reference Bureau*

This bill provides that for the purposes of the minimum wage law and worker's compensation law an individual who is a participant in a clinical research trial and receives remuneration, a stipend, or compensation for participating in the trial is not an employee of the entity that conducts the trial. The bill also provides that such participation is generally not considered covered employment under the unemployment insurance (UI) law. As a consequence, amounts paid by employers for such participation are not subject to UI contribution requirements and are not counted as base period wages for purposes of determining eligibility for UI benefits.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

---

### Amend Social Security Disability Insurance Disqualification

Date: April 20, 2023

Proposed by: DWD

Prepared by: Bureau of Legal Affairs

### ANALYSIS OF PROPOSED UI LAW CHANGE Amend Social Security Disability Insurance Disqualification

#### 1. Description of Proposed Change

Currently, recipients of federal Social Security Disability Insurance (“SSDI”) payments are ineligible for unemployment insurance benefits under s. 108.04(12)(f). Recipients of pension payments are eligible for unemployment insurance benefits, but the unemployment benefit is reduced by the pension payment (s. 108.05(7)).

The Governor’s Budget Bill (2023 AB 43 / 2023 SB 70) proposes to amend the prohibition on receipt of UI for SSDI recipients by reducing the amount of weekly UI benefits by the proportionate amount of the claimant’s SSDI payment.

Under this proposal, a claimant who receives \$1,000 monthly in SSDI and would otherwise be eligible for \$300 weekly in UI would receive a weekly UI payment of \$69.<sup>1</sup>

#### 2. Proposed Statutory Changes

##### **Section 108.04 (2) (h) of the statutes is amended to read:**

A claimant shall, when the claimant first files a claim for benefits under this chapter and during each subsequent week the claimant files for benefits under this chapter, inform the department whether he or she is receiving social security disability insurance payments, as defined in ~~sub. (12)(f)~~ s. 108.05 (7m) (b). If the claimant is receiving social security disability insurance payments, the claimant shall, in the manner prescribed by the department, report to the department the amount of the social security disability insurance payments.

**Section 108.04 (12) (f) 1m. and 2m. of the statutes are renumbered 108.05 (7m) (a) and (b) and amended to read:**

(a) The intent of the legislature in enacting this ~~paragraph~~ subsection is to prevent the payment of duplicative government benefits for the replacement of lost earnings or income, regardless of an individual's ability to work.

(b) In this ~~paragraph~~ subsection, "social security disability insurance payment" means a payment of social security disability insurance benefits under 42 USC ch. 7 subch. II.

**Section 108.04 (12) (f) 3. of the statutes is repealed.**

**Section 108.04 (12) (f) 4. of the statutes is renumbered 108.05 (7m) (e).**

**Section 108.05 (7m) (title), (c) and (d) of the statutes are created to read:**

(title) SOCIAL SECURITY DISABILITY INSURANCE PAYMENTS.

(c) If a monthly social security disability insurance payment is issued to a claimant, the department shall reduce benefits otherwise payable to the claimant for a given week in accordance with par.

(d). This subsection does not apply to a lump sum social security disability insurance payment in the nature of a retroactive payment or back pay.

(d) The department shall allocate a monthly social security disability insurance payment by allocating to each week the fraction of the payment attributable to that week.

**Section 108.05 (9) of the statutes is amended to read:**

(9) ROUNDING OF BENEFIT AMOUNTS. Notwithstanding sub. (1), benefits payable for a week of unemployment as a result of applying sub. (1m), (3) ~~or (7)~~, or (7m) or s. 108.04 (11) or (12), 108.06 (1), 108.13 (4) or (5) or 108.135 shall be rounded down to the next lowest dollar.

**Amend Social Security Disability Insurance Disqualification**

**Section 108.05 (10) (intro.) of the statutes is amended to read:**

(10) DEDUCTIONS FROM BENEFIT PAYMENTS. (intro.) After calculating the benefit payment due to be paid for a week under subs. (1) to ~~(7)~~ (7m), the department shall make deductions from that payment to the extent that the payment is sufficient to make the following payments in the following order:

**3. Effects of Proposed Change**

- a. **Policy:** Under this proposed change, recipients of SSDI may receive UI benefits, but the benefits would be reduced due to the receipt of SSDI benefits.
- b. **Administrative:** This proposal will require training of Department staff.
- c. **Fiscal:** A fiscal estimate is attached.

**4. State and Federal Issues**

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

**5. Proposed Effective/Applicability Date**

This proposal would take effect on the first Sunday of the 7<sup>th</sup> month beginning after publication.

**D23-01**  
**Amend Social Security Disability Insurance Disqualification**  
**FISCAL ANALYSIS OF PROPOSED LAW CHANGE**

**Summary of Proposal:**

The proposal repeals the prohibition that allows an otherwise eligible claimant to receive both federal social security disability benefits (SSDI) and Unemployment Insurance (UI) benefits for the same period, and instead requires DWD to reduce a claimant's UI benefit payments by the amount of SSDI payments. Under the proposal, DWD will reduce the amount of weekly UI benefits by the proportionate amount of the claimant's SSDI payment.

**UI Trust Fund Impact:**

There is not expected to be any measurable impact to the UI Trust Fund.

**IT and Administrative Impact:**

This proposal would have an estimated one-time IT impact of \$27,946 and a one-time administrative impact of \$8,384. There are no ongoing administrative impacts to the UI program.

**Trust Fund Methodology:**

SSDI recipients in general have strict limits on the amount of income they may earn and continue to receive SSDI. This maximum amount ranges from \$1,260 per month for disabled individuals to \$2,110 per month for blind individuals. Assuming the individuals meet the other qualifying requirements, this would lead to a weekly benefit rate of either \$151 or \$253 per week. The average SSDI payment in Wisconsin was \$1,443 per month in 2020. Treating SSDI payments as employer contributed pension payments, each weekly benefit payment would be reduced on average by \$166 per week. For most SSDI claimants, this likely would completely offset any UI benefit available. While certain individuals would be eligible for UI, most SSDI recipients would not qualify for any UI payments. There is not expected to be a measurable impact on UI benefits or the UI Trust Fund.

**Worker Misclassification Penalties**

Date: April 20, 2023  
Proposed by: DWD  
Prepared by: Bureau of Legal Affairs

**ANALYSIS OF PROPOSED UI LAW CHANGE**  
**Worker Misclassification Penalties**

**1. Description of Proposed Change**

Administrative and criminal penalties were created, as part of the 2015-2016 UIAC Agreed Bill, for employers who intentionally misclassify their workers as independent contractors. The current penalties only apply to construction employers and are:

1. \$500 administrative penalty for each employee who is misclassified, but not to exceed \$7,500 per incident.
2. \$1,000 criminal fine for each employee who is misclassified, subject to a maximum fine of \$25,000 for each violation, but only if the employer has previously been assessed a administrative penalty for misclassified workers.
3. \$1,000 administrative penalty for each individual coerced to adopt independent contractor status, up to \$10,000 per calendar year.

The administrative penalties are deposited into the Department's program integrity fund, which is used, in part, to fund the costs of staff who investigate employee classification.

The Joint Task Force on Payroll Fraud and Worker Misclassification recommended that the penalties for intentional worker misclassification be structured to deter repeat violations.<sup>1</sup> The Governor's Budget Bill (2023 AB 43 / 2023 SB 70) proposes to amend the administrative penalties statutes by having the penalties potentially apply to all employers. The Bill also eliminates the \$7,500 and \$10,000 caps on the administrative penalties and doubles the penalties for subsequent violations. The Bill amends the criminal penalties to potentially apply to any employer.

**Section 108.221 (2) (b) of the statutes is created to read:**

For each act occurring after the date of the first determination of a violation of this subsection, the employer shall be assessed a penalty in the amount of \$2,000 for each individual so coerced.

**108.24 (2m) of the statutes is amended to read:**

Any employer ~~described in s. 108.18 (2) (c) or engaged in the painting or drywall finishing of buildings or other structures~~ who, after having previously been assessed an administrative penalty by the department under s. 108.221 (1), knowingly and intentionally provides false information to the department for the purpose of misclassifying or attempting to misclassify an individual who is an employee of the employer as a nonemployee shall be fined \$1,000 for each employee who is misclassified, subject to a maximum fine of \$25,000 for each violation. The department may, regardless of whether an employer has been subject to any administrative assessment under s. 108.221 or any other penalty or assessment under this chapter, refer violations of this subsection for prosecution by the department of justice or the district attorney for the county in which the violation occurred.

**3. Effects of Proposed Change**

- a. **Policy:** The proposed change will permit the Department to assess administrative penalties against any employer that intentionally misclassifies workers as independent contractors and will increase the amount of the penalties for subsequent violations.
- b. **Administrative:** This proposal will require training of Department staff.
- c. **Fiscal:** A fiscal estimate is attached.

**4. State and Federal Issues**

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

**5. Proposed Effective/Applicability Date**

This proposal would be effective for employees misclassified after the law change is enacted.

**D23-02**  
**Worker Misclassification Penalties**

**FISCAL ANALYSIS OF PROPOSED LAW CHANGE**

**Summary of Proposal:**

Current law requires DWD to assess an administrative penalty against an employer engaged in construction projects or in the painting or drywall finishing of buildings or other structures who knowingly and intentionally provides false information to DWD for the purpose of misclassifying or attempting to misclassify an individual who is an employee of the employer as a nonemployee under the UI law. The penalty under current law is \$500 for each employee who is misclassified, not to exceed \$7,500 per incident. Current law additionally requires DWD to assess an administrative penalty against such an employer who, through coercion, requires an individual to adopt the status of a nonemployee in the amount of \$1,000 for each individual so coerced, but not to exceed \$10,000 per calendar year. Penalties are deposited in the unemployment program integrity fund.

The proposal removes the \$7,500 and \$10,000 limitations on these penalties and provides that the penalties double for each act occurring after the date of the first determination of a violation. The proposal also removes the limitations on the types of employers to which the penalties apply, allowing them to be assessed against any type of employer that violates the above prohibitions.

**UI Trust Fund Impact:**

This proposal is expected to have a positive but indeterminate impact on the Trust Fund because of the incentive for employers to correctly register as an employer and correctly list employees to avoid penalties.

**IT and Administrative Impact:**

Ongoing administrative impact to the UI program is indeterminate.

**Discharge for Use of Marijuana**

Date: April 20, 2023  
Proposed by: DWD  
Prepared by: Bureau of Legal Affairs

**ANALYSIS OF PROPOSED UI LAW CHANGE**  
**Discharge for Use of Marijuana**

**1. Description of Proposed Change**

Under current state law, the possession of marijuana is illegal. A worker who is discharged from employment may be found ineligible for unemployment insurance benefits on the grounds of misconduct if the worker violates an employer’s written controlled substances policy under s. 108.04(5)(a). The use of marijuana may also result in a discharge for substantial fault.

The Governor’s Budget Bill (2023 AB 43 / 2023 SB 70) proposes to legalize and regulate marijuana. The Bill also proposes that “misconduct” under s. 108.04(5) and substantial fault under s. 108.04(5g) do not include the employee’s use of marijuana off the employer’s premises during nonworking hours or a violation of the employer’s policy concerning such use, unless termination of the employee because that use is permitted under s. 111.35, as amended by the Budget Bill.

**2. Proposed Statutory Change**

**Section 108.04 (5m) of the statutes is created to read:**

DISCHARGE FOR USE OF MARIJUANA. (a) Notwithstanding sub. (5), “misconduct,” for purposes of sub. (5), does not include the employee’s use of marijuana off the employer’s premises during nonworking hours or a violation of the employer’s policy concerning such use, unless termination of the employee because of that use is permitted under s. 111.35.

(b) Notwithstanding sub. (5g), “substantial fault,” for purposes of sub. (5g), does not include the employee’s use of marijuana off the employer’s premises during nonworking hours or a violation of the employer’s policy concerning such use, unless termination of the employee because of that use is permitted under s. 111.35.

## **D23-03**

### **Discharge for Use of Marijuana**

#### **3. Effects of Proposed Change**

**a. Policy:** The proposal would ensure that a person would not be denied UI benefits for recreational use of marijuana during non-working hours unless termination for that use is permitted under the fair employment law.

**b. Administrative:** Staff would need to be trained on the implementation of this law.

**c. Fiscal:** A fiscal estimate is unavailable.

#### **4. State and Federal Issues**

There are no known federal conformity issues with this proposal. The Department recommends that any changes to the unemployment insurance law be sent to the U.S. Department of Labor for conformity review.

#### **5. Proposed Effective/Applicability Date**

This proposal would be effective on the effective date of the legalization of marijuana.

**Imposter Penalty**

Date: April 20, 2023  
Proposed by: DWD  
Prepared by: Bureau of Legal Affairs

**ANALYSIS OF PROPOSED UI LAW CHANGE**  
**Imposter Penalty**

**1. Description of Proposed Change**

When someone makes a false statement and claims and receives unemployment insurance benefits in the name of another person, the person who filed the claim must repay the benefits and pay an administrative assessment (penalty) in the amount of the overpayment.<sup>1</sup>

However, when someone makes a false statement to attempt to claim benefits in the name of another person but is unsuccessful because the Department discovers the fraud before benefits are paid, there is no penalty available to assess against the imposter.

The Department proposes to create a new \$5,000 penalty to assess against all imposters who make false statements for the purpose of attempting to receive benefits in the name of another person on an initial claim for their own benefit, but who fail to obtain benefits. This penalty would apply to both imposters who fraudulently receive benefits and those who do not receive benefits as a result of their fraudulent claim. The policy reason for this proposal is to deter people from attempting to file false claims using the credentials of another person for their own benefit.

Collection of the current administrative assessment is eliminated. The Department proposes to credit the new \$5,000 penalty to the interest and penalty appropriation.

**2. Proposed Statutory Changes**

**Section 108.04 (11) (cm) of the statutes is amended to read:**

If any person makes a false statement or representation in order to obtain benefits in the name of another person for their own benefit, the benefits received by that person constitute a benefit overpayment. Such person may, by a determination or decision issued under s. 108.095, be required to repay the amount of the benefits obtained and be assessed an administrative ~~assessment in an additional amount equal to the amount of benefits obtained. penalty of~~ \$5,000.00. A person who makes a false statement or representation on an initial claim to intentionally obtain benefits in the name of another person for their own benefit, but fails to obtain benefits, will be assessed an administrative penalty of \$5,000.00.

**Non-statutory provision:**

(1) The treatment of s. 108.04 (11) (cm) first applies to determinations issued on the effective date of this subsection.

**3. Effects of Proposed Change**

- a. **Policy:** The proposed change is designed to deter people from filing false unemployment claims in the name of another person.

**D23-04**  
**Imposter Penalty**

**FISCAL ANALYSIS OF PROPOSED LAW CHANGE**

**Summary of Proposal:**

The Department proposes to create a new \$5,000 penalty to assess against all imposters who make false statements for the purpose of attempting to receive benefits in the name of another person on an initial claim for their own benefit. This penalty would apply to imposters who fraudulently receive benefits as an additional penalty for those individuals.<sup>2</sup> The new penalty would also apply to those who do not receive unemployment benefits as a result of their fraudulent claim. Further, the Department proposes to eliminate the current administrative assessment in an amount equal to the benefits overpaid as a result of fraudulent claims.

The penalty revenue will be credited to the interest and penalty appropriation.

**UI Trust Fund Impact:**

Since the penalty revenue is credited to the interest and penalty appropriation, there is no measurable UI Trust Fund impact.

**IT and Administrative Impact:**

There is no IT cost for this proposal. There is an estimated \$560 administrative cost to implement.

**UI Trust Fund Methodology:**

There is no measurable impact on the UI Trust Fund. It is expected that the increased fine will discourage identity fraud, but the impact cannot be estimated.

**IT and Administrative Impact Methodology:**

It is estimated that there would be 10 hours of administrative work updating documents and materials to reflect the new penalty. This is estimated to cost \$560. The new penalty will be expected to use the current process for establishing identity fraud penalty so there is no expected IT cost.

The penalty is expected to be assessed on fewer than ten people annually.

---

<sup>2</sup> If any person makes a false statement or representation in order to obtain benefits in the name of another person, the benefits received by that person constitute a benefit overpayment. Under current law, such person may, by a determination or decision issued under s. 108.095, be required to repay the amount of the benefits obtained and be assessed an administrative assessment in an additional amount equal to the amount of benefits obtained.

**Electronic Communication and Filing**

Date: April 20, 2023  
Proposed by: DWD  
Prepared by: Bureau of Legal Affairs

**ANALYSIS OF PROPOSED UI LAW CHANGE**  
**Electronic Communication and Filing**

**1. Description of Proposed Change**

Employers must file quarterly tax and wage reports showing the names, Social Security numbers, and wages paid to their employees. Employers with at least 25 employees must file those reports electronically, but all employers may file electronically. Electronic filing is more efficient for employers, ensures that reports are not lost in the mail, and reduces administrative costs for the Department. Employers who make contribution payments of at least \$10,000 annually must make those payments by electronic funds transfer but any employer may do so. Currently, about 96% of employers file their tax and wage reports electronically and pay their contributions electronically. Current law also permits the Department to electronically communicate with those who opt for that form of communication—though not all Department communication can currently be sent electronically.

The Department proposes that the electronic filing, electronic payment, and electronic communication provisions be mandatory unless the person demonstrates good cause for being unable to use the electronic method.<sup>1</sup> “Good cause” would be defined to include employers with limited or no internet connection, the filer having digital literacy concerns, the filer having communication barriers (such as a vision disability or other disability that prevents the ease of electronic filing, or being an individual with limited English proficiency), or other circumstances that make electronic filing unusually difficult, as determined by the Department. The proposal

---

<sup>1</sup> The 2021 Budget Bill (AB 68 / SB 111) included a similar proposal that would have defined “good cause” by administrative rule. That proposal was not included in the final Budget Act.

**D23-05**  
**Electronic Communication and Filing**

also provides that the Department may use electronic records and electronic signatures. The provision related to electronic communication will be effective when the Department has the technological capability to fully implement it. The tax filing and payment provisions will be effective on January 1, 2025, so that employers have enough time to adjust to the new electronic filing and payment requirements.

The Department has begun the process of modernizing its unemployment insurance information technology systems with the expectation that a new system will result in administrative efficiencies for the Department and better customer service. This proposal will ensure the maximization of such efficiencies and service improvements while safeguarding the rights of those whose access to electronic means is severely limited or unavailable.

**2. Proposed Statutory Changes<sup>2</sup>**

**Section 108.14 (2e) of the statutes is amended to read:**

The department ~~may~~ shall provide a secure means of electronic interchange between itself and employing units, claimants, and other persons that, ~~upon request to and with prior approval by the department, may~~ shall be used for departmental transmission or receipt of any document specified by the department that is related to the administration of this chapter and related federal programs in lieu of any other means of submission or receipt specified in this chapter. The secure means of electronic interchange shall be used by employing units, claimants, and other persons unless a person demonstrates good cause for not being able to use the secure means of electronic interchange. For purposes of this subsection, good cause includes individuals with limited or no internet connection, the individual having digital literacy concerns, the individual having communication barriers (such as a vision disability or other disability that prevents the ease of

If a due date is established by statute for the receipt of any document that is submitted electronically to the department under this subsection, then that submission is timely only if the document is submitted by midnight of the statutory due date.

##### **Summary of Proposal:**

Under current law, employers must file quarterly tax and wage reports showing the names, Social Security numbers, and wages paid to their employees. Employers with at least 25 employees must file those reports electronically. Electronic filing ensures that reports are not lost in the mail and reduce administrative costs for the Department. Employers who make contribution payments of at least \$10,000 annually must make those payments by electronic funds transfer, although any employer may do so. Current law also permits the Department to electronically communicate with employers who opt for that form of communication—though not all communication with the Department can currently be electronic.

This proposal makes the electronic filing, electronic communication, and electronic payment provisions mandatory for employers unless the employer demonstrates good cause for being unable to use the electronic method. This proposal mandates electronic communication for claimants unless the claimant has good cause for being unable to use the electronic method. The proposal also provides that the Department may use electronic records and electronic signatures. The provision related to electronic communication will be effective when the Department has the technological capability to fully implement it.

The Department has begun the process of modernizing the unemployment insurance information technology systems with the expectation that a new system will result in administrative efficiencies for the Department and better service for employers and claimants. This proposal will ensure the maximization of such efficiencies and service improvements.

##### **UI Trust Fund Impact:**

This proposal is not expected to have a UI Trust Fund impact.

##### **IT and Administrative Impact:**

If this proposal is implemented as a part of a new system, then the IT costs and administrative impacts will be attributed to that modernization effort.

If this proposal is implemented before the modernization effort, then the estimated cost would be \$49,840 for IT and \$16,447 for administration for a total of \$66,287.

##### **UI Trust Fund Methodology:**

Any Trust Fund impacts resulting from modern technology and ease of reporting will be attributed to the technology modernization project.

##### **IT and Administrative Impact Methodology:**

Implementation is expected to be a part of a modernization effort. If implemented separately, the majority of the cost is changing hard-coded correspondence.

**ANALYSIS OF PROPOSED UI LAW CHANGE**  
**Creation of Administrative Fund**

**1. Description of Proposed Change**

The Department receives federal funds to operate the unemployment insurance program. It also collects interest and penalties from employers and penalties from claimants. The penalties and interest incentivize timely reporting and payments by employers and provide an additional source of revenue for the Department to cover shortfalls in the federal administrative grant. The amounts that the Department receives are appropriated under state law for administration of the unemployment program.

State law previously provided that amounts related to the administration of the unemployment insurance program were to be deposited into the “Unemployment Administration Fund.” That fund was eliminated in 1985 Wisconsin Act 29 (the 1985 Budget Act) and the appropriations were transferred to the general fund. Chapter 108 was amended to repeal references to the Unemployment Administration Fund and to refer to the “Administrative Account.”<sup>1</sup> A review of the legislative history reveals that the amendments were made for accounting purposes at that time. However, other funds are created in chapter 108, such as the Unemployment Program Integrity Fund. The 1985 changes have resulted in different terminology between chs. 20 and 108 to describe the same things, resulting in confusion and inaccurate references. The Department proposes to eliminate the “Administrative Account” and clarify the unemployment insurance appropriations references in Chapter 108 to be consistent with current State accounting practices.

**D23-06**  
**Creation of Administrative Fund**

It would be clearer to specify the appropriation for deposit of funds, as is the case with other statutes, instead of generally referencing the administrative account. This will ensure that funds are deposited correctly and that payments are made from the correct appropriation.

The Unemployment Program Integrity Fund comprises a variety of sources, including penalties assessed for claimant fraud as well as against employers for intentional worker misclassification.<sup>2</sup> The Unemployment Interest Payment Fund comprises funds collected from the special employer assessment to repay interest on federal loans if the trust fund balance is insufficient to pay benefits.<sup>3</sup> The amounts in these Funds are designated as “nonlapsible,” which means that these amounts may not be transferred to the General Fund to balance the budget.

The Department proposes to eliminate the Administrative Account and recreate a fund, the Unemployment Administration Fund, for receiving the employer interest and penalties collected under section 108.22(1) and any other amounts the Department collects that are not designated for another fund. This new fund would be, as the prior Unemployment Administration Fund was, designated as “nonlapsible.” The purpose of this proposal is to provide consistent treatment for the amounts collected by the Department and to better ensure that amounts paid by employers remain with the unemployment program.

The following chart shows the proposed changes from 2021 SB 899:

<b>Section</b>	<b>Change</b>	<b>Reason</b>
1 & 22	Create an appropriation for LIRC to receive transcript and copying fees.	Originally requested by LIRC in the 2015 State Budget process. Provides an appropriation for receiving fees currently collected by LIRC.
2	Clarifies location for deposit of assessment for program administration.	Department may assess employers an assessment to ensure funding for the UI program. This clarifies which appropriation would handle the funds.

**D23-06**  
**Creation of Administrative Fund**

3	Amendment to the appropriation that primarily receives employer interest and penalties to receive additional sources of funds.	Consolidates certain appropriations and clarifies language.
4	Repeals the appropriation in s. 20.445(1)(gg).	Repeals an appropriation that is no longer used, related to technology assessments.
5	Amends s. 20.445(1)(gh).	Repeals an obsolete reference to 1997 WI Act 39.
6	Repeals the appropriation in s. 20.445(1)(gm).	Repeals an appropriation related to the employer handbook because those funds are redirected to the (gd) appropriation (employer interest and penalties).
7-10	Amends the appropriations in s. 20.445(1)(n)-(ne).	Updates references to federal law.
11	Amends s. 20.445(1)(u).	Updates cross-reference for interest payment fund.
12	Amends s. 20.445(1)(v).	Updates cross-references for program integrity fund.
13-14	Amends sections in ch. 25.	Updates cross-references.
15	Amends s. 103.05(5)(d)	Updates cross-reference for UI appropriations.
16 & 68	Repeal “administrative account.”	The “administrative account” is repealed and replaced by the Unemployment Administration Fund. State moneys are supposed to be handled by appropriations and funds, not accounts. This removes the references to the account in favor of the new Fund.
17, 23, 24, 26, 27, 31, 32, 34, 47, 48, 53, 65, 66, 67, 69	Repeals references to the “administrative account” and replaces those references with the specific appropriation in s. 20.445(1).	This change ensures that the unemployment appropriations are drafted consistent with current State budget practices and removes ambiguity regarding the appropriate appropriation applicable to certain moneys. Some of these statutes are also amended to update references to federal law.
18-21	Amend s. 108.07(5)(am)-(6).	Updates cross-references. Also ensures that benefits that would be chargeable related to substantial fault would be treated the same as misconduct.
25, 28, 30	Repeals and amends references regarding costs of printing certain materials.	Consolidates language regarding printing forms and handbooks. Replaces references to the “administrative account” with a specific appropriation for consistency.
29	Amends and renumbers s. 108.14(18)	To move the requirement that the Department informs the Council about payments for IT projects with assessed funds.

**D23-06**  
**Creation of Administrative Fund**

52	Amends and renumbers s. 108.19(1)	To modernize and clarify language.
33, 49-51, 54-64	Amends s. 108.19	To clarify the treatment of funds under the interest payment fund and program integrity fund.
35-45	Amends s. 108.161	To modernize provisions related to federal Reed Act moneys.
46	Amends s. 108.17(2m)	To modernize language.
67	Amends and moves statute regarding use of contributions for administrative purposes.	If federal law is changed to permit this purpose, the Department prefers the proposed language in Section 30. This statutory language has apparently not been updated since 1943.
71	Transfers funds to the appropriation in s. 20.445(1)(gd).	It is necessary to transfer any remaining funds in these appropriations, which are being repealed.

**2. Proposed Statutory Changes**

The statutory language for this proposal is attached as it was presented to the Legislature during the 2021 session in 2021 SB 899.

**3. Effects of Proposed Change**

- a. **Policy:** The proposed change will better ensure that employer interest and penalties remain with the unemployment insurance program.
- b. **Administrative:** This proposal will require training of Department staff.
- c. **Fiscal:** A fiscal estimate is attached.

**4. State and Federal Issues**

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

This proposal would be effective with other changes made as part of the agreed bill cycle.

**FISCAL ANALYSIS OF PROPOSED LAW CHANGE**

Prepared by Technical Services Section

**Trust Fund Impact:**

This law change proposal is not expected to have any Trust Fund impact.

**IT and Administrative Impact:**

This law change proposal is not expected to have an IT or administrative impact.

**Summary of Proposal:**

This law change proposal would recreate an Administrative Fund for receiving the employer interest and penalties collected under section 108.22(1) and any other amounts the UI Division collects that are not designated for another fund. Like other Funds related to the unemployment program, the amounts in the newly recreated fund would be designated as “nonlapsible.” The purpose of this proposal is to provide consistent treatment for the amounts collected by the Department and to better ensure that amounts paid by employers remain with the unemployment program.

**Trust Fund Methodology**

This law change proposal is not expected to have any Trust Fund impact.

**IT and Administrative Impact Methodology**

This law change proposal is not expected to have an IT or administrative impact.

The most recent lapse expenditures of employer interest and penalties monies occurred in SFY16 and SFY17 of approximately \$2.67 million and \$2.23 million respectively. This proposal would result in an additional \$2 - \$3 million in funds remaining within the UI program during years where lapse is in effect.

***Analysis by the Legislative Reference Bureau***

This bill makes various changes in the unemployment insurance (UI) law, which is administered by the Department of Workforce Development. Significant changes include all of the following:

***Segregated fund***

The bill creates a segregated fund to receive various program revenue moneys received by DWD under the UI law that are not otherwise credited to other segregated funds, including various moneys collected by DWD as interest and penalties under the UI law and all other nonfederal moneys received for the administration of the UI law that are not otherwise appropriated. Current law provides for depositing these revenues in appropriations in the general fund.

***Other changes***

The bill makes various changes to a) reorganize, clarify, and update provisions relating to the financing of the UI law; and b) address numerous out-of-date or erroneous cross-references in the UI law, including all of the following:

1. Repealing and consolidating certain appropriations and making other changes to clarify the funding sources and receiving appropriations for various revenues and expenses under the UI law.

2. Creating a program revenue appropriation for the Labor and Industry Review Commission to collect moneys received for the copying and generation of documents and for other services provided in carrying out its functions.

3. Deleting obsolete references to state laws.

4. Correcting various cross-references that are otherwise incomplete or erroneous.

5. Replacing certain references to provisions in federal acts or to the Internal Revenue Code with references to the U.S. Code in order to facilitate accessibility to federal law.

6. Making other nonsubstantive changes to the UI law to improve organization, modernize language, and provide further clarity, specificity, and consistency in the law.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

***Analysis by the Legislative Reference Bureau***

This bill makes various changes in the unemployment insurance (UI) law, which is administered by the Department of Workforce Development. Significant changes include all of the following:

***Segregated fund***

The bill creates a segregated fund to receive various program revenue moneys received by DWD under the UI law that are not otherwise credited to other segregated funds, including various moneys collected by DWD as interest and penalties under the UI law and all other nonfederal moneys received for the administration of the UI law that are not otherwise appropriated. Current law provides for depositing these revenues in appropriations in the general fund.

***Other changes***

The bill makes various changes to a) reorganize, clarify, and update provisions relating to the financing of the UI law; and b) address numerous out-of-date or erroneous cross-references in the UI law, including all of the following:

1. Repealing and consolidating certain appropriations and making other changes to clarify the funding sources and receiving appropriations for various revenues and expenses under the UI law.
2. Creating a program revenue appropriation for the Labor and Industry Review Commission to collect moneys received for the copying and generation of documents and for other services provided in carrying out its functions.
3. Deleting obsolete references to state laws.
4. Correcting various cross-references that are otherwise incomplete or erroneous.
5. Replacing certain references to provisions in federal acts or to the Internal Revenue Code with references to the U.S. Code in order to facilitate accessibility to federal law.
6. Making other nonsubstantive changes to the UI law to improve organization, modernize language, and provide further clarity, specificity, and consistency in the law.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

25 **SECTION 71. Fiscal changes.**

Date: April 20, 2023  
Proposed by: DWD  
Prepared by: Bureau of Legal Affairs

**ANALYSIS OF PROPOSED UI RULE CHANGE  
Amend Administrative Rules Regarding UI Hearings**

**1. Description of Proposed Change**

Current law provides that unemployment insurance hearings may be held in-person, by telephone, or by videoconference. Under current DWD § 140.11, an appeal tribunal may conduct a telephone or videoconference hearing “when it is impractical for the appeal tribunal to conduct an in-person hearing, when necessary to ensure a prompt hearing or when one or more of the parties would be required to travel an unreasonable distance to the hearing location.” That section also provides that a party may appear in person at the appeal tribunal’s location if the hearing is scheduled by telephone or videoconference. However, the Department’s limited hearing office space and ALJ scheduling make it impractical for a party scheduled for a telephone or video conference hearing to appear in person without advance notice.

Since March 2020, Wisconsin unemployment insurance benefit appeal hearings have virtually all been held by telephone. The Department will continue to hold telephone hearings and will increase videoconferencing capabilities. In the months before the pandemic, about 99.6% of hearings were held by telephone. Even before the pandemic, other states held nearly all their unemployment hearings by telephone:

<b>State</b>	<b>Percent of UI hearings by phone (2019)</b>
Illinois	99.9%
Minnesota	99.9%
Michigan	94%
Iowa	98%
Indiana	96%
Nebraska	99% (2 in-person/year)

Ohio	98%
Kansas	99%

The Department proposes to amend chapter DWD 140 to provide that, while either party to a matter may continue to request in-person hearings, it is the hearing office's discretion, within standards set by the Department, whether to grant that request. The Department also proposes to clarify language in DWD chapter 140 regarding the following: inspection of hearing records under DWD § 140.09; Departmental assistance for people with disabilities at hearings under DWD § 140.19; and postponement requests when the hearing exhibits are not sent timely under DWD § 140.08. Further, the Department seeks to correct minor and technical language in DWD chapter 140.

## **2. Proposed Rule Changes**

If the attached draft scope statement is approved, the Department will draft amendments to DWD chapter 140 and will present that draft to the Council for review before the rule is finalized.

## **3. Effects of Proposed Change**

- a. **Policy:** The proposed change will amend Wisconsin's unemployment insurance administrative rules to ensure that parties have access to hearings, whether in person or by telephone or videoconferencing, while recognizing the limitations on physical space availability for hearings. It will also ensure parties receive records timely in advance of the hearing. Finally, it seeks to comport the language under DWD 140.09 to the confidentiality provisions under ch. DWD 149.
- b. **Administrative:** This proposal will require training of Department staff.
- c. **Fiscal:** This proposal is expected to reduce travel costs for parties and witnesses attending unemployment insurance hearings.

**4. State and Federal Issues**

There are no known federal conformity issues with this proposal. All changes to the unemployment insurance law should be sent to the U.S. Department of Labor for conformity review.

**5. Proposed Effective/Applicability Date**

This proposal would be effective when the Legislature approves the amended rule.

## **STATEMENT OF SCOPE**

### **Department of Workforce Development**

**Rule No:** DWD 140

**Relating to:** Unemployment insurance hearings.

**Rule Type:** Permanent

#### **Detailed description of the objective of the proposed rule.**

The proposed rule will amend sections of ch. DWD 140, Wis. Admin. Code, related to hearing notices; in-person, telephone, and videoconference unemployment insurance hearings procedures; hearing records; and accessibility for attending hearings. The rule will specify the procedure by which a party or witness may request to attend a hearing in-person. The rule will also permit postponement of a hearing if the Department does not send the proposed hearing exhibits in advance of a benefit hearing. The rule will also clarify what unemployment insurance records may be released to a person who is not a party or a party's representative.

#### **Description of existing policies relevant to the rule, new policies proposed to be included in the rule, and an analysis of policy alternatives.**

Currently, ch. DWD 140 (Unemployment Insurance Appeals) specifies the requirements for unemployment insurance hearing notices, the procedures for conducting telephone or videoconference hearings, the treatment of hearing records, and the requirements for the Department to provide assistance to people with disabilities at hearings. Chapter DWD 140 also provides for postponement of hearings in certain circumstances. Furthermore, ch. DWD 140 outlines when parties, parties' representatives, and other persons may access and inspect enumerated types of hearing records.

The Department proposes to amend ch. DWD 140 to require that the hearing notice provide the method of the hearing (in person, telephone, or videoconference). The rule will also identify the process by which a party can request an in-person hearing or a hearing by video-conference. Also, the Department proposes to amend ch. DWD 140 to provide that it is within the discretion of the hearing office whether to hold an in-person hearing or to require the parties to appear by telephone or videoconference and to provide the guidelines under which the hearing office shall make such determinations, such as technological constraints and the need to accommodate individuals with disabilities. Further, the rule will allow a party to request an in-person hearing, subject to the guidelines. Chapter DWD 140 will also be amended to ensure that the Department is timely and efficiently responding to requests for reasonable accommodations and to describe the process by which a party will make such a request.

The Department also proposes to amend ch. DWD 140 to permit a party to request a postponement of benefit hearings when the Department does not timely send the hearing exhibits to a party.

Finally, consistent with ch. DWD 149, the rule will update ch. DWD 140 to provide that certain hearing records are confidential unemployment information and not subject to release to individuals who are not parties or representatives of the parties.

The policy alternative is to do nothing. If the Department does not promulgate the proposed rule, the unemployment insurance appeals process may not be as clear and efficient as it could be.

**Detailed explanation of statutory authority for the rule, including the statutory citation and language.**

The Department has statutory authority for the proposed rule.

“The department may adopt and enforce all rules which it finds necessary or suitable to carry out this chapter.” Wis. Stat. § 108.14(2).

“Except as provided in s. 901.05, the manner in which claims shall be presented, the reports thereon required from the employee and from employers, and the conduct of hearings and appeals shall be governed by general department rules, whether or not they conform to common law or statutory rules of evidence and other technical rules of procedure, for determining the rights of the parties.” Wis. Stat. § 108.09(5)(a).

**Estimate of amount of time that state employees will spend developing the rule and other resources necessary to develop the rule.**

The estimated time is 80 hours.

**List with description of all entities that may be affected by the proposed rule.**

Currently, all employees and employers who appear at unemployment insurance appeal hearings appear by telephone. Before the pandemic, nearly all unemployment insurance appeal hearings were held by telephone. The proposed rule will affect employees and employers who attend unemployment insurance appeal hearings. Employees and employers who previously appeared at unemployment insurance appeal hearings in person will save travel time and costs by appearing by telephone or videoconference. The proposed rule will also standardize the process for requesting an accommodation for hearings for individuals with disabilities who are parties or witnesses for the hearing. The rule changes will better allow parties to prepare for hearing. Finally, the proposed rule will clarify which hearing records, subject to redaction, may be released to non-parties.

**Summary and preliminary comparison with any existing or proposed federal regulation that is intended to address the activities to be regulated by the proposed rule.**

Federal law requires that state law conform to and comply with federal regulations. *See* 20 C.F.R. § 601.5.

**Anticipated economic impact of implementing the rule (note if the rule is likely to have an economic impact on small businesses).**

The proposed rule is not expected to have an adverse economic impact on any business or small business.

DRAFT

# Unemployment Reform Ideas for 2023-2024 Session

## Program Integrity Measures

- **Work Search Verification** - Require the Department to verify work search information reported by at least 50% of claimants to ensure the work searches are legitimate.
- **Ghosting Portal for Employers** – Create an online portal that allows employers to report to the Department a job applicant’s refusal of work, a refusal of an offer to attend a job interview, a no-show for a scheduled job interview with an applicant, or a no-show for their first day of work.
- **Federal Unemployment Funds** – Require the Legislature and Governor to approve an increase in federally-funded unemployment benefits.
- **Identity Verification** – Require the Department to verify an applicant’s identity prior to awarding benefits. Require multi-factor identification to ensure validity of applicants. Match applicant data against death records, inmate records, employment records, and current UI recipients to prevent fraudulent benefits. In addition, require department staff to flag benefit applications with duplicate, out-of-state, or foreign I.P. addresses for further review, as well as applicants who use the same bank account or mailing address.

## Other Items

- **Union Referral Service Reporting Requirement** – Require union hiring halls/referral services to report to the Department within 24 hours each instance where a worker refuses an offer of work.
- **Definition of Employee vs. Independent Contractor** – Establish a clear, consistent and objective standard to define the difference between an employee and an independent contractor. The definition should apply universally across all chapters of the statutes (e.g. UI, Workers Compensation, Wage & Hour, Equal Rights, DOR tax administration, etc.), and should account for new “gig economy” economic opportunities. Specific language attached.
- **Quit Good Cause Revision** – Repeal the quit good cause exception under s. 108.04(7)(e).

Under current law if you quit a job within the first 30 days of hire and you could have refused the offer of work under the “suitable work” provisions you can collect benefits. This proposal would eliminate that quit exception.

- Link Benefit Eligibility Weeks to Unemployment Rate** – Under current law individuals that are eligible for unemployment are generally entitled to 26 weeks of benefits. The average benefit duration has historically been about 14 weeks. This proposal would reduce the weeks of unemployment eligibility as follows, based upon the unemployment rate.

State Unemployment Rate	Weeks of Benefit Eligibility
Less than or equal to 5.0%	16
5.0% to 6.0%	18
6.1% to 7.0%	20
7.1% to 8.0%	22
8.0% to 10%	24
Greater than 10%	26

Determine the applicable unemployment rate and corresponding benefit eligibility, by using the seasonally adjusted statewide unemployment rate published by the US Department of Labor for April and October. The benefit eligibility for January through June would be based on the prior October unemployment rate, while the benefit eligibility for July through December would be based on the April unemployment rate.

- Clarify Definitions/Grounds for Misconduct and Substantial Fault** – Based upon a number of appellate court decisions and case-specific experiences of employers, make changes to these definitions to more accurately capture the intent and spirit of the 2013-2014 session reforms. Draft language attached.

**Misconduct & Substantial Fault Clarification – Draft Language**

(5) DISCHARGE FOR MISCONDUCT. An employee whose work is terminated by an employing unit for misconduct by the employee connected with the employee's work is ineligible to receive benefits until 7 weeks have elapsed since the end of the week in which the discharge occurs and the employee earns wages after the week in which the discharge occurs equal to at least 14 times the employee's weekly benefit rate under s. 108.05 (1) in employment or other work covered by the unemployment insurance law of any state or the federal government. For purposes of requalification, the employee's weekly benefit rate shall be the rate that would have been paid had the discharge not occurred. The wages paid to an employee by an employer which terminates employment of the employee for misconduct connected with the employee's employment shall be excluded from the employee's base period wages under s. 108.06 (1) for purposes of benefit entitlement. This subsection does not preclude an employee who has employment with an employer other than the employer which terminated the employee for

misconduct from establishing a benefit year using the base period wages excluded under this subsection if the employee qualifies to establish a benefit year under s. 108.06 (2) (a). The department shall charge to the fund's balancing account any benefits otherwise chargeable to the account of an employer that is subject to the contribution requirements under ss. 108.17 and 108.18 from which base period wages are excluded under this subsection. For purposes of this subsection, "misconduct" means one or more actions or conduct evincing such willful or wanton disregard of an employer's interests as is found in deliberate violations or disregard of standards of behavior which an employer has a right to expect of his or her employees, or in carelessness or negligence of such degree or recurrence as to manifest culpability, wrongful intent, or evil design of equal severity to such disregard, or to show an intentional and substantial disregard of an employer's interests, or of an employee's duties and obligations to his or her employer. In addition, "misconduct" includes:

- (a) A violation by an employee of an employer's reasonable written policy concerning the use of alcohol beverages, or use of a controlled substance or a controlled substance analog, if the employee:
  1. Had knowledge of the alcohol beverage or controlled substance policy; and
  2. Admitted to the use of alcohol beverages or a controlled substance or controlled substance analog or refused to take a test or tested positive for the use of alcohol beverages or a controlled substance or controlled substance analog in a test used by the employer in accordance with a testing methodology approved by the department.
- (b) Theft or unauthorized possession of an employer's property or services with intent to deprive the employer of the property or services permanently, theft or unauthorized distribution of an employer's confidential or proprietary information, use of an employer's credit card or other financial instrument for an unauthorized or non-business purpose without prior approval from the employer, theft of currency of any value, felonious conduct connected with an employee's employment with his or her employer, or intentional or negligent conduct by an employee that causes the destruction of an employer's records or substantial damage to his or her employer's property.
- (c) Conviction of an employee of a crime or other offense subject to civil forfeiture, while on or off duty, if the conviction makes it impossible for the employee to perform the duties that the employee performs for his or her employer.
- (d) One or more threats or acts of harassment, assault, or other physical violence instigated by an employee at the workplace of his or her employer.
- (e) Absenteeism or tardiness by an employee that constitutes any of the following, unless the employee provides his or her employer with both advance notice and one or more valid reasons for each instance of absenteeism or tardiness:
  1. More than 2 occasions absences within the 120-180-day period before the date of the employee's termination; or
  2. One or more occasions absences if prohibited by unless otherwise specified by his or her employer in an employment manual of which the employee has acknowledged receipt with his or her signature; or
  3. More than 3 instances of excessive tardiness by an employee in violation of the employer's normal business hours or a policy of the employer that has been communicated to the employee; if the employee does not provide to his or her employer both notice and one or more valid reasons for the absenteeism or tardiness.
- (f) Unless directed by an employee's employer, falsifying business records of the employer.
- (g) Unless directed by the employer, a willful and deliberate violation of a written and uniformly applied standard or regulation of the federal government or a state or tribal government by an employee of an employer that is licensed or certified by a governmental agency, which standard or regulation has

been communicated by the employer to the employee and which violation would cause the employer to be sanctioned or to have its license or certification suspended by the agency.

- (h) A violation by an employee of an employer's written policy concerning the use of social media, if the employee had knowledge of the social media policy.

**(5g) DISCHARGE FOR SUBSTANTIAL FAULT.**

**(a)** An employee whose work is terminated by an employing unit for substantial fault by the employee connected with the employee's work is ineligible to receive benefits until 7 weeks have elapsed since the end of the week in which the termination occurs and the employee earns wages after the week in which the termination occurs equal to at least 14 times the employee's weekly benefit rate under s. 108.05 (1) in employment or other work covered by the unemployment insurance law of any state or the federal government. For purposes of requalification, the employee's benefit rate shall be the rate that would have been paid had the discharge not occurred. For purposes of this paragraph, "substantial fault" includes those acts or omissions of an employee over which the employee exercised reasonable control and which violate reasonable requirements of the employee's employer but does not include any of the following:

1. One or more minor infractions of rules unless an infraction is repeated after the employer warns the employee about the infraction.
2. One or more inadvertent errors made by the employee, unless the error violates a written policy of the employer, endangers the safety of the employee or another person, causes bodily harm to the employee or another person, or the error is repeated after the employer warns the employee about the error.
3. Any failure of the employee to perform work because of insufficient skill, ability, or equipment.

**(b)** The department shall charge to the fund's balancing account the cost of any benefits paid to an employee that are otherwise chargeable to the account of an employer that is subject to the contribution requirements under ss. 108.17 and 108.18 if the employee is discharged by the employer and paragraph (a) applies.

## **Worker Classification Proposed Language**

**s. 111.xx Worker Classification (1)** It is in the best interests of workers, business, and government to have clear, objective, and uniform standards for determining who is an employee and who is an independent contractor. Clarity in a worker's classification allows businesses to comply with applicable laws, provides workers with certainty as to their benefits, legal rights, and obligations, and minimizes unnecessary mistakes, litigation, risk, legal exposure, and noncompliance.

**(2)** Except as provided in sub. (3), a person shall be classified as an independent contractor for all purposes under the laws of this state, including but not limited to laws governing unemployment insurance, workers compensation, wage and hour, fair employment, and tax administration, if all of the following apply:

(a) The person signs a written contract with the employer, in substantial compliance with the terms of this subsection, that states the employer's intent to retain the services of the person as an independent contractor and contains acknowledgements that the person understands that he or she is:

1. Providing services for the employer as an independent contractor;
2. Not going to be treated as an employee of the employer;
3. Not going to be provided by the employer with either worker's compensation or unemployment compensation benefits;
4. Obligated to pay all applicable federal and state income taxes, if any, on any monies earned pursuant to the contractual relationship, and that the employer will not make any tax withholdings from any payments from the employer;
5. Responsible for the majority of supplies and other variable expenses that he or she incurs in connection with performing the contracted services unless the expenses are for travel that is not local; the expenses are reimbursed under an express provision of the contract; or the supplies and/or expenses reimbursed are commonly reimbursed under industry practice.

(b) Except as provided in par. (c), the person provides his or her services through a business entity, including but not limited to, a partnership, limited liability company or corporation, or through a sole proprietorship, registered as required under state law.

(c) The requirement in par. (b) does not apply if the person has either filed, intends to file, or is contractually required to file, in regard to the fees from the work, an income tax return with the Internal Revenue Service for a business or for earnings from self-employment.

(d) The person satisfies four or more of the following criteria:

1. With the exception of the exercise of control necessary to ensure compliance with statutory, regulatory, licensing, permitting, contractual or other similar obligations, or to protect persons and/or property, or to protect a franchise brand, the person has the right to control the manner and means by which the work is to be accomplished, even though he or she may not have control over the final result of the work. This provision is satisfied even though the employer may provide orientation, information, guidance, or suggestions about the employer's products, business, services, customers and operating systems, and training otherwise required by law.
2. Except for an agreement with the employer relating to final completion or final delivery time or schedule, range of work hours, or the time entertainment is to be presented if the work contracted for is entertainment, the person has control over the amount of time personally spent providing services.
3. Except for services that can only be performed at specific locations, the person has control over where the services are performed.
4. The person is not required to work exclusively for one employer unless:
  - i. A law, regulation or ordinance prohibits the person from providing services to more than one employer; or
  - ii. A license or permit that the person is required to maintain in order to perform the work limits the person to working for only one employer at a time or requires identification of the employer.
5. The person is free to exercise independent initiative in soliciting others to purchase his or her services.
6. The person is free to hire employees or to contract with assistants, helpers, and/or substitutes to perform all or some of the work.

7. The person cannot be required to perform additional services without a new or modified contract.
8. The person obtains a license or other permission from the employer to utilize any workspace of the employer in order to perform the work for which the person was engaged.
9. The employer has been subject to an employment audit by the Internal Revenue Service or the department and the IRS or the department has not reclassified the person to be an employee or has not reclassified the category of workers to be employees.
10. The person is responsible for maintaining and bearing the costs of any required business licenses, insurance, certifications or permits required to perform the services.

**(3)** All workers who do not satisfy the criteria set forth in sub. (2) shall be classified as employees. In addition, nothing in sub. (2) shall require an employer to classify a worker who meets the criteria contained therein as an independent contractor; the employer is free to hire the worker as an employee.

**(4)** The legislature finds that worker classification criteria used to determine independent contractor status that are uniform throughout the state is a matter of statewide concern and that the enactment of an ordinance by a city, village, town, or county regulating the worker classification criteria used to determine independent contractor status would be logically inconsistent with, would defeat the purpose of, and would go against the spirit of the worker classification criteria used to determine independent contractor status set forth in this section. Therefore, the worker classification criteria used to determine independent contractor status in this section shall be construed as an enactment of statewide concern for the purpose of providing worker classification criteria used to determine independent contractor status that are uniform throughout the state.

- (a) No city, village, town, or county may enact or enforce an ordinance regulating worker classification or the criteria used to determine independent contractor status.

## 2023 UIAC Proposal Exchange

- 1.) Increase the weekly benefit rate for UI Claimants
  - a.) Many states including Wisconsin base their UI maximum benefit rate off the average weekly wage for that state.
  - b.) A few examples of our bordering states are as follows: (estimates)
    - 1.) Minnesota is based off 66% of a weekly rate of \$1341.
    - 2.) Illinois is based off 54% of a weekly rate of \$1399.
    - 3.) Indiana is based off 37% of a weekly rate of \$1117.
    - 4.) Iowa is based off 59% of a weekly rate of \$1103.
    - 5.) Wisconsin is based off 33% of a weekly rate of \$1139.
  - c.) Minnesota sets their percentage to index annually while Wisconsin's rate is fixed.
  - d.) Propose to raise Wisconsin's maximum benefit rate percentage to 47% in 2023 and then in 2024 adjust the rate to 55%. (Example =  $\$1139 \times 47\% = \$535.00$ )
- 2.) Currently the one week waiting period is only applicable once per benefit year. Propose to limit the one-week waiting period to be used only once every three benefit years prospectively.
- 3.) Increase the UI Wage Base.
  - a.) The current wage base is set at \$14,000. Create a one-time increase of \$1,500 for Jan 1, 2025, which would bring base to \$15,500.

## RESEARCH REQUEST

Based upon the 2022 wage data and tax rates, the proposed increase in the taxable wage base from \$14,000 to \$15,500 would be expected to increase UI tax revenue by \$36 million annually.

The UIAC requested that the projections also consider data from previous years at other tax rate distributions. Comparing across the years of 2015 through 2019 as well as 2023 and comparing across the different tax schedules, increasing the taxable wage base results in the following tax revenue estimates:

Tax Schedule	UI Tax Increase (Millions)
A	\$80
B	\$64
C	\$54
D	\$43
